The purpose of the expose' of the Twentieth Century is to prove the assassination of President John F. Kennedy, ordered by the Jesuit General and executed by Pope Paul VI, was carried out by "the American Pope", Francis Cardinal Spellman. Spellman, being the Archbishop of New York, was "the American Military Vicar" and therefore used his most obedient soldiers - certain Knights of Malta, Shriner Freemasons, Knights of Columbus and Mafia Dons - in carrying out his orders from Rome.

The single reason for the President's assassination was his interference with the purpose of the Jesuits' Fourteenth Amendment American Empire created in 1868. That purpose was to restore and maintain the worldwide Temporal (political) Power of that Jesuit Creation of 1870 - the "infallible" Pope. In resisting the Pope's Temporal Power, he threatened the monopoly of the Jesuits' Federal Reserve Bank by enacting Executive Order 11110 (4 June 1963) thereby injecting into the economy nearly five billion dollars (4.7) in interest-free "United States Notes", only to be recalled the day after his burial.

The President also attempted to break the foremost international intelligence arm of the Vatican's Jesuits - the evil Central Intelligence Agency - "into a thousand pieces." In 1963 the CIA was manned by many of Hitler's old warriors - the Jesuit-controlled Nazi SS - turned "cold warriors". According to the great Frenchman, Edmond Paris, in his The Secret History of the Jesuits, it was the Jesuit Bernhardt Staempfle who wrote Hitler's Mein Kampf. This fact is further confirmed by one of the founders of the Nazi Party, Roman Catholic Otto Strasser, in his revealing book, Hitler and I. It was Roman Catholic Hitler who said of the Roman Catholic Himmler having modeled the SS after the Jesuit Order,

## **Joshua Foote says**

700+ page book so I did not read the whole thing I cherrypicked different chapters but it was very informative. I read about the vatican connections to the titanic sinking, the civil war, the Bavarian illuminati, the future of this country, the 14th amendment letting washington take over the whole country, the vaticans connection to the federal reserve and more topics very good book lots of name dropping but not a lot of substantive evidence to what they are saying. I have no doubt the connections are there but as for proof and references not as many as I would have liked.

This is interesting. Filled with many illuminating quotes and eye opening pictures. Phelps is a much better speaker than writer. He is filled with passion. Understandably so. I find his insights into the JFK murder worth reading and considering. We know the how, the who the murderers were but we are never quite sure who did the ordering. Mr. Phelps has no doubt. Read and find out! Phelps is/was a diamond merchant and clearly a "righteous gentile" whose easy going, dis-informing style I must say I rather enjoy.

As per usual with conspiracy books, excellent research terrible presentation of a cogent argument. Otherwise, more comprehensible than most conspiracy literature.

A tour de force, Phelps though repeating himself several times and probably a bit too pious in his text, provides unique insights into the subject. I cannot exaggerate how impressive and massive his sources are. A formidable adversary for his subject matter.
