1st Semester

Lucian Bane

1st Semester Lucian Bane

Classes are officially kicked off for White Knight Dom Academy, 1st Semester. Now that Lucian and Tara have won the Dom Wars, they are teaming up with Steve, their limo driver from the Dom Wars competition and his sex-crazed wife Susan, to help do what it takes to get the millions still owed them.

The requirement: Teach the art of dominance and submission to 5 couples in 5 years and sell X amount of Adult Toy products to the virgin-minded town.

The Plan: Lucian and Tara find couples that need money and then bribe them to classes, while Steve and Susan sell the company's products. Couples in the town are fairly easy to come by and sweet oils with romantic candles are going to be a cinch to move. But the nightmare sex toys that seem straight out of the bowels of a demon's sweatshop are the problem.

The only thing to do is rename and repackage these abominations and pass them off as useful daily products one simply can't live without. All while hiding their connection with Dom Wars--or Porn Wars as the locals would call it--to avoid getting kicked out of Gramma's home-town--with Gramma included.

Three, two, one... Action!

Candy says

Holy crap! NOW I get it! I want to know where in the heck Mr. Bane learned the reality of relationships! I loved this book! Wait, I think I say that about all of his books. So much of it makes sense. It's like a smack between the forehead that clears the fog away and all these answers come pouring out of no where. Truly brilliant to give a wake up call through such awesome entertainment! People need to get these books and read them and spread the word to others to get the books and read them.

I'm all about giving is better than receiving around Xmas time but never considered applying that to a relationship. To do so in a relationship would make people a lot happier. I spent quite a bit of time laughing and a little moment almost crying because of something that opened my own eyes along with Tara's. Then there is the wonderful Steve and Susan team. I will probably be sad if the cat and mouse game between the two of them ever stops. His own dramatic way of acting like his wife is out to kill him with sex...ha! My heart goes out to her <3 and her insane sex drive.

The author does an amazing job at really showing off each individual personality without pointing out the obvious. There are those characters that I wouldn't mind using duct tape on to shut up and others I want to pat on the back or give a hug to. Also, using a Mel's Diner character for description was freaking funny and baffling at the same time. So much educational information available for relationships in this story. Not saying it's a know it all book. Not saying that relationships can be fixed by reading such a book. But! I am saying that it could definitely lead somebody in the right direction. It also makes me that much happier that I don't share my remote with anyone.

Wendy Wignall says

I was so looking forward to the release of this book and Lucian Bane did not disappoint, there was humour, love and HOT HOT sex, just what we need for a good read, Lucian and Tara are the perfect couple to each other, each supplying what the other needs and wants, Steve and Susan are really funny and i found myself laughing out loud, there is also a serious message to married couples to worship each other and no one else, the story carries on from The Dom War series and Lucian and Tara have tasks to complete to get their hands on the million dollars, preacher even makes a short appearance (I love Preacher)can't wait until the next book, well done Lucian this was well written and kept me interested but then i knew it would Thank you.

Mary Strunk says

A Must Read

Wow! I wish I could give this review more than 5 stars as it truly deserves it. The author hooks you with his writing and you won't want to stop reading. This book will have you feeling all kinds of emotions. So much truth and knowledge that makes you really think. You will feel as you are in this story. Oh hotness with the sex scenes, they will leave you wet.

Lucian & Tara have to start the sex classes as part of the deal they made winning the Top Dom award. They are back in Tara's hometown where it will be the hardest place to hold that class. Things happen and classes

begin. I am in my seat, are you in yours?

For me this book just really touched my heart. You will learn information that will stick with you and make you want to continue the journey. Great job to the author on an amazing story.

Teresa says

Class is in Session (Full Fantasy Included)

This is not a stand alone story. You should read all the Dom Wars and the other White Knight Academy book first (they are all fun/steamy/good reads).

Top 5 Reasons I couldn't put my kindle down once I started reading...

1. Hot. Up against the wall. Worship your husband/wife. Christmas Sex!
2. A Miracle.
3. Steve and Susan and the crazy sex toys from Satan's a-hole laugh riot. (Seriously, I silent-can't-breathe-I'm-laughing-too-hard laughed)
4. The Bible... and sex... in the same book
5. Class is in session. Complete with the full on school girl/ naughty teacher fantasy!!

I LOVE Tara. The character is such a great mix of awesome and scared and scarred. She is such a great heroine, and I really like all her insecurities and the way Lucian helps her through each of them as they come up.

I can't wait to see what comes next!

Hilary says

Class Is In Session:

I had the honor of beta-reading this remarkable book. I have to tell you that, in complete Lucian Bane fashion, I was pulled in and by the time this book was finished with me I had experienced a myriad of emotions: Elation, Wonder, Awe, Mirth. I laughed until I cried. I even read large portions of it to my spouse. The author stays true to himself. Not only his Dom side, but his use of scripture to tie in his teachings blew me away. Lucian talks to all of us and shows us how to work on ourselves and our marriages all while entertaining us with his relatable characters, witty charm and steaming hot scenes.

This book(series) isn't just about the "adult" themes. It's about nurturing relationships in and out of the bedroom (err Classroom?). You will need some time alone with your significant other after reading this.

donna says

I totally love this series, the continuing story of Lucian & Tara.

In this book, Mr. Bane shares some enlightening, profound & common sense advice that we all have

forgotten when in a relationship. What he shares in this installment will make you stop & think about it. Some of it may shock you, make total sense or maybe you stop to ponder. I have found myself thinking about of it & realizing just how true it is.

I look forward to the rest of this series, that is a favorite, re-read & loved.

Kristen Insinga says

Wow, where do I begin?! This installment is absolutely AMAZING!!! The love between Lucian and Tara is so powerful and beautiful, they are the perfect example of what a marriage should be like. This book is funny, romantic & serious when need be. My favorite parts are the Biblical references to marriage; they are wonderful and fit so well into this story. I remember hearing a lot of those words spoken in my own wedding ceremony and it brought back great memories. We used "and the two shall become one" on our wedding program, napkins, & favors. And it's absolutely true! Thank you so much for including it and repeating it. I can not wait for the next book, I'm totally hooked and wish I could take this class. Bravo Lucian! Love is patient, love is kind. <3

R&R Express says

I want to take this class!!!

When I give a 5 star review, I'm really blown away. Something about giving 5 stars makes me feel badly because I've saved those for George Orwell, etc..... but I give those to books that combine elements that I really enjoy, for books that take me away, and for books that make me forget to even look at grammar (which is such a dear thing to me).

This one did all that for me. It has enjoyable humor, a sweet romance, erotica, lessons to learn, and theological interpretation to be debated (or appreciated, in my case). The interpretation of the Bible's words on marriage was really sharp as well as amusing. I have deep faith but not necessarily a popular concept as I have never been one for linear thought processes that organized religion relies upon, so I really do appreciate these portions of the book, even if I didn't expect them within mere pages of a really hot sex moment.

I've actually been considering making my stepson read this book. He's a young adult in his 20's that is recovering from a failed marriage that he wanted to save but she didn't. I think there are so many principles here that he might pick up for his future "endeavors."

All this being said, I HATE having to wait to continue to the sequel and the rest of the class. I hope you wrap up this story with a syllabus!

Amanda says

Absolutely loved this book!!! It was hysterical! It was sexy, sweet, and soooooo funny. The sex scenes were hot like all of Lucian Bane's sex scenes. These books are teaching me so much about relationship and

marriage, my wants and needs, and the way I view life. I'm not a really religious person but Lucian always had a way of making me view life a little different, from a spiritual angle that makes you think. This series as well as Dom Wars is not only entertaining but inspiring and texhes life lessons! Definetly a five star read, but most of Lucian's books are.

? Syrina ? RWBR says

Wonderfully romantic, superbly humorous, really no doubt this couple will go down in the romance hall of fame. The Author keeps pace in his need to spread his messages on healthy committed relationships that join one another emotionally, physically, spiritually and mentally. Book 2 in this series does not disappoint and he takes the time with religious biblical references to remind us where we all came from and the steps we need to take to stay forever bound together within our marriage vows.

Although this series seems to be centered more on married couples, I have found peace in implementing the Author's words of wisdom, with the essence of true love and the ways to heal one another with communication and the process of conquering one's inner demons to complete a well developed, healthy, and spontaneous amorous relationship. All in all Book 2 is full of wonderful life quotes!!

I shall leave you with your own quote, "Life bends us, shapes us, molds us, makes us, and breaks us"
~Lucian Bane~

Maria says

This book was good, but not great like some of Lucian's other books.

This book was less sexy and had more of a self help feel to it. I felt like i was taking the class, and i don't know if i liked that feeling.

Tara and Lucian's love will forever be one of my favorite.

Just felt like this book was missing the sex appeal that drew me into Lucian's books.

Liesl Purser says

Wow! So many valuable lessons in this one Lucian... The marriage stuff is off the charts brilliant and will make sense for so many. Your sense of humour kills me every time lol... Don't change a thing!

Danielle Fulton says

Lucian Bane brings the heat, heart and spirituality in this book. Not only is the story great as usual, and it is hot, hot, hot. In his captivating and imaginative way he has not only told a great story but has imparted his own brand of relationship wisdom. Told with fun and sensitivity as only Lucian can!

Nikcole Jenkins says

Sign me up please!

I really enjoyed this book. It reflects all the skill, humor and hotness we come to expect from Lucian Bane. I'm impressed. Not that I wasn't before. I follow him online and there is always a spiritual element present. I love that. It's not fake or contrived to reach a certain audience. No. A lot of what we see written are the beliefs of Mr. Bane himself. So, I loved his biblical references. His explanation and comparisons resonated with me. Thanks Lucian! It made me wish classes like this were available to married couples. I look forward to seeing how the class evolves.

Ruby says

Love is patient and kind....unless waiting for this next book

" Lucian was no longer just a Dom. He was the man that dominated every-fucking-thing—especially himself— for the woman he loved, his wife. His child. His family. He'd become what he'd always dreamed of. A righteous warrior, an alpha hero."

With every book these two grow more and more. But now? They are helping people who they wouldn't even have thought to help. Although pushed into something both of them seemed wary of, it has taught them much about themselves and each other. It has opened their eyes to something they never thought they could

do. But with each other and some trusty friends...all can be accomplished.

****SORTA SPOILER****

" Those things in his life that had first seemed like a pain in the ass were actually something pretty fucking amazing. He knew there would still be bumps and hills and maybe treacherous mountains to navigate but fuck he was ready. The White Knight Dom was rearing and ready. And his beautiful princess and baby were with him. His queen, his bride, and their very own creation and blood."

I want more of Lucian and Tara!!!

Indie Editor Nancy says

I really enjoyed reading the further adventures of Tara and Lucian in the 1st Semester. I really enjoy the way this author writes, his humour, the love and devotion he feels for his wife Tara and the way his characters grow and mature before our eyes.

Lucian, the teacher in this story, does his homework and is able to share with his students how to have a d/s relationship based on love, respect, and fulfilling your spouses needs before your own. His quoting from the New Testament was original and made perfect sense.

"That's what the first semester is going to be about. We're going to find out who we are. What we really want. And how to give that. Notice I didn't say get?...That's because a real marriage, a good marriage, a great marriage even, is a hot romance. Hot romances have a hero," he pointed to each man, "And a heroine," he pointed to each woman, ending on Tara."

My favorite part of the book was when Lucian had been nervous about the first class but a sudden realization put him at ease. "His dominance was still there, but it was reinforced with...purpose...yes. Tethered with reason and that reason was life. Her life. His life, Their child's life. and the immense weight of that impossible gift...was f---ing terrifying...It was the weight of that risk that rattled his psyche and being."

Another fabulous book by Author Lucian Bane.

Luvtoread45 says

Such a huge fan Lucian! I absolutely loved the Dom Wars Series, so I was so excited about WKDA coming out! Loved all of the marriage advise, and of course the hot steamy sex scenes between Lucian and Tara! This one also had me laughing out loud ,Steve and Susan are a riot! Can't wait for the next book!

Tammy Burch says

Let the schooling begin! Can I just say I freaking love Lucian! He's got a heart of gold and loves Tara with all his heart. Tara is a strong woman who shells out just as much love!

Lucian begins teaching his room full of stuffy students. It makes me wish this was real and I could sign up

for his class! There is quite a mix of personalities that he's teaching so it should be interesting when we dive into all of them in the next books to come. Can't wait to see what the 2nd semester holds for this group!

Ria - Reading Is Our Satisfaction says

Lucian and Tara are now happily married.

They, along with Steve and his wife Susan, are combining their resources to set up the School that will teach couples all about the :-/s relationship.

Once again Lucian Bane has written a wonder easy to read book.

Lucian and Tara are MAGNIFICENT in this novel - especially in the School girl in the classroom scene.

The sex throughout this book is HOT!!!!

Well done Mr Bane another book that made me laugh at the antics of this couple and their friends.

Looking forward to Book 3..

Well deserving of a 5***** rating. I would give it more if I could.

Jenny says

Another great book by Lucian Bane! I couldn't put it down! Loved the Bible scriptures and the way they tied in the story! Great suggestions on ways to make a marriage better, which is what I love about this author!

Love all the characters in this book, Lucian and Tara always steam things up! Steve and Susan always provide lots of laughter! Very amazing story!
