# **From Reader Review Beyond The Darkness for online ebook**

## **Joanne Myers says**

Sarra Cannon is back again with more of the Shadow Demon saga. We may have waited a while for this book but it was definitely worth the wait.

This book includes a fantastic storyline for my favourites - Lea and Aerden - and even shows us more of certain other characters from within the same universe. One particular storyline within fascinated me, but I'm not telling you what because spoilers... I will say that you need to read it to find out!

Bring on the next one!

(Arc received in exchange for an honest review)

I received this Arc in exchange for an honest review!

Oh wow! Just finished this and can't believe it ended like that. What a twist! What a cliffhanger.

Sarra you have excelled yourself, I didn't want this book to end and REALLY cannot wait for the next one. Not a dull page in this book, full of action, drama, magic and chaos! I loved it! Your mind is a wonderful place. Keep doing what you do.

### **Such joy and betrayal**

While I'm glad that Harper is home safe and it looks like one more set of gates are going to be closed, I was mortified that my hope that the ruby priestess was released and is going back on her word to help them. Now that my heart is beating at high speed I can hardly wait for the next book to see what happens!

Sarra Cannon is back with what she's best at: writing gripping stories of magic and love and shadow demons! It has been a while since I read the previous book (leave alone started the whole series) but it was quite easy to get back into the story. Harper, the heroine, is so adorable, never gives up and stands her ground. I actually enjoyed Lea's and Aerden's bit too.

The end felt a bit rushed and too easy but the epilogue leaves me longing for the next book, hopefully coming out in the not too distant future.

I really like this.

From the beginning the Peachville Demon series was a big surprise to me and has never stopped to be.

Beyond the darkness has a fast pace in all the voices. But at the same time very complementary.

The ending was a bit rushed and like not surprising at all. But the epilogue was what redeemed it completely.

Even though I didn't remember some of the details of the stories of anyone that wasn't Harper, it wasn't difficult to follow the flow, and remember, all the story.

Now I just can't wait till the next book is out and I'm sure I'm gonna buy it as soon as it out.

Sarra Cannon definitely outdid herself.

Wow!!

In my humble opinion Beyond The Darkness is the best of the series, and that says a lot as I love this entire series.

Cannon has poured her heart out in this book and the reader can clearly see that.

**\*\*Minor Spoilers after this\*\***

I was so emerged in this book. Remembering how alive these characters are and how much I enjoy their journeys. Last time we left them Harper was trapped in the past struggling to find way home. Jackson was broken and angry that he couldn't protect her. Lea and Aerden prisoners in the King's City with no escape in sight.

Cannon started us right where they left off and took us on a roller coaster of emotions. I found myself smiling, a lot, as one of my favorite "side characters, Rend" found a big part in this story and I cried. Yes I cried. I cried three times...I cried for Aerden and his unrequited love. I cried over a death of a beloved character and when Lea got to talk to her father. Real tears spilled.

I highly recommend this book and if you are scrolling through and just discovered this review and haven't started this series...what are you waiting for?

### **Selaya Morton says**

Well, I finally finished this: it only took me 12 days. What with work and the Calgary Stampede (which lasts

ten days) and includes a lot of fun stuff, reading took kind of a back seat! Back to normal tomorrow; Monday, July 16th. No more western gear and cowboy boots for this year. So.....

This series really does keep getting better. The twists and turns told from the main characters' points of view really changes things up. Also, the problems faced by said characters seem to just increase the readability of these books. This one is no exception and I'm actually quite pleased that it took me a bit of extra time to get through it - just brings me closer to the release date for Book #10. I almost can't wait! I'll be checking Sarra's website and her newsletters for relevant updates. I hope it's soon!

### **Action packed and full of suspense!**

I was so excited when this book was released. As a huge fan of this series, I waited on pins and needles, then life happened and I had to wait until I had time to read. Let me just say, it was worth every penny I spent and only built my anticipation.

I was not disappointed!

Sarra brings her characters to life in such a way, you feel as if you're fighting alongside them. A magnificent talent, and not an easy feat.

Harper's stuck in the past, fighting to find her way back home.

Jackson is fighting to get Harper back to the present, regardless of the risk.

Lea, she's not only fighting for her life, but her family and friends as well.

What will it take to bring them all together? Sacrifices will be made. Each and every one of them will be tested. Freedom, is it a choice?

I won't leave spoilers, but if you haven't started on the Shadow Demons Saga, I highly recommend beginning with book one. This is a must-read series! Five stars, hands down!

Well worth the wait!!

Beyond the Darkness was absolutely fantastic! I was so caught up in the story to where I couldn't put it down! It is highly satisfying and captivating as well as entertaining. The story was not only great, but I believe it is also one of the best ones Sarra Cannon has written so far.

Just the feels and emotions she has portrayed in this novel will leave you addicted and wanting for more. Some questions have been answered and even more questions have come up, leaving you on the edge of your seat.

I highly suggest picking this one up and reading it, it is such a fantastic and satisfying novel and you won't be disappointed. I can't wait until the next one!

I received an ARC in exchange for an honest review.

### **Captivating**

Reading this book was so much more than anticipated. I could not stop reading and as always when reading Sara Cannon books I felt as if I were a part of the story and could close my eyes and see the world's there. I am so drawn to her style of writing that makes me gasp, cry, laugh and sing with the characters. All of them just dance off the page and come to life. An amazingly talented writer I will continue to follow with each book!

### **Just gets better n better**

I absolutely give the whole beautiful demons series a 10 outta 10 and beyond darkness alone gets a 12! I love everything about this series. There r so many twists and turns, plot thickening nail biters, and the ? love OMG the love! I would recommend this book, heck the whole series, 2 any1 of any age 13 and up. It's just so good 2 find a book let alone a full series that keeps u glued 2 the pages like Sarra Cannon does!

### **Fantastic as usual!!**

I love Sarra's books, especially the peachville demons. I don't care how long she needs to continue the series as well as her others, I will wait. Sarra has an absolute gift for creative three-dimensional characters with faults and weaknesses, allowing the readers to identify with and feel empathy. I think she is masterful in weaving so many threads together across many books and I can't wait to see what comes next!

## **Yassemin says**

I absolutely love this series of books by Sarra.

These were the books that totally converted me into this genre of books (previously, I can't say I was particularly interested in this genre) and now I can't get enough of all things witch, demon, occult related!

These books just get better and more and more gripping as each book comes along.

Absolutely can't wait until the next one!

LOVE, LOVE, LOVE!

HOLY CLIFF HANGER!

I won't lie, i didn't read the previous book again when i started this, so i forgot a lot of the little details. However, this book was written well enough that as i kept reading i remembered the details. I did get confused at times with it switch POV so often but overall it was well written. The story line kept me hooked from the beginning and always had me on the edge of my seat.

So many questions, i can't wait for the next book to see what happens!!!

### **Awesome edition to the Saga!!**

Another well written edition to the Shadow Demons Saga! I loved every minute not wanting to put it down and left annoyed when I forgot my kindle! The story grips you from each of the characters portrayed always wanting to find out what happens next with them. I loved the way Sarra interlinked other characters from her Sacrifice me series in this book. I look forward to what is coming next for all of these characters that I have come to love. I would recommend this Saga to anyone and I have! ;0)
