**Collected Fiction: The Mysteries of Pittsburgh, Wonder Boys, and Werewolves in Their Youth** Michael Chabon

**Three extraordinary works by the *New York Times*—bestselling, Pulitzer Prize—winning author of *The Amazing Adventures of Kavalier & Clay* and *Moonglow*.**

A trio of acclaimed masterworks of contemporary fiction by multiple award-winning author Michael Chabon, hailed by the *Washington Post Book World* as “a young American Nabokov.”

*The Mysteries of Pittsburgh*: Michael Chabon’s “astonishing” debut (*The New York Times*) follows Art Bechstein, a man still too young to know what he wants. He only knows what he doesn’t want: the life of his money-laundering father. During the summer after graduation he’s finding his own way with brilliant and seductive new friends—erudite Arthur Lecomte, the confounding and mercurial Phlox, and a poetry-reciting biker who pulls Art inevitably back into his father’s mobbed-up world.

*Wonder Boys*: Grady Tripp’s first novel made him a literary star. Seven years later, he’s a writing professor in Pittsburgh, plummeting through middle age, stuck with an unfinishable manuscript, an estranged wife, a pregnant girlfriend, and a talented but alienated student named James Leer. During one lost weekend at a writing festival with Leer and debauched editor Terry Crabtree, Tripp finally confronts the wreckage of his past in a “wise, wildly funny” (*Chicago Tribune*) reckoning with the self-destructive decisions of his life.

*Werewolves in Their Youth*: An indelible cast of characters finds themselves at crossroads in this astonishing collection of short fiction. A young misfit fails to protect his best friend from the scorn of their classmates; a kleptomaniac real estate agent leads an unhappy couple on a disastrous house tour; and a heartbroken grifter finds his ex-girlfriend’s grandmother is both an easy mark and a source of redemption. “When you read these stories, it may strike you how seldom you come across really beautiful writing” (*USA Today*).
