Gabriel T says

so so good

Desiree says

Better than the first two, I liked the ending.

Minniedayton says

The demon of the underworld has woken and is on a mission to destroy Elliot and all of the human race, he is also battling the creatures of the underworld. Elliot uses his courage to fight the battle.

Heather says

love this fun series!!

Shannon says

It was a really good, short series. I could see more books in the future.

No Favorite Passage

Kami says

- Poor Difflé
- All the great elements were there again.
- The princess of the pixies' way of speaking got annoying
- This was a great end to the trilogy.
- I highly recommend these books to young boys. They'll get a kick out of them.

Shaun says

In the third and final book of the Underworld Chronicles, Elves, Dwarves, Brownies, Gnomes, Pixies, Fairies, Trolls, Satyrs and Centaurs all join forces along with Elliot Penster as they attempt to save the Underworld from the Demon Kovol.

Once again, Jennifer Nielsen's fun characters, sense of humor, and wit make for a fun read that most 9-12 year-old children, and some adults, are bound to enjoy.

In *Elliot and the Last Underworld War*, Elliot learns an important lesson when he defeats the demon and comes to realize that *even someone ordinary can do something extraordinary*.

And for the next day and the next and every day after, Elliot played and learned and laughed as any ordinary kid would. Every once in a while, though, he would stop when he smelled the very strong odor of pickles. And sometimes a pointy brown hat would peek out from behind a bush. And he would know that even though he was no longer the king, a part of him would always belong to the brownies.

Seth says

Kovel escaped! Kovel made sink holes. Elliot went to the underworld! The shadowmen attacked Burrowsville! Elliot put Kovel to sleep!

Tirzah says

In the final adventure, Elliot must battle the evil Kovol once and for all to save the Underworld and the world as we know it! He is aided by the faithful brownies, Harold the Shapeshifter, and yes...even the "so totally" awesome fairies and pixies! I like how his siblings, Tubs, and Cami also join in on the effort. Everything ends well and touching. I was a little sad at the ending, but I would not want it any other way. An overall fun series I am happy to add to my collection.

Kat'e Larson says

There were still some parts of this I found funny but for the most part the novelty has worn off. It seemed to me each book was grosser and less funny than the one before it. I do, however, love how nice the characters

are. Elliot is amazing and definitely someone you want kids to emulate.

Sonja says

I really liked how Elliot's friendships develop in this book.

Sharon says

The Elliot series are, hands-down, my children's favorite books to be read aloud. I get undivided attention from all four of them, aged 4-9. The laughs are loud and long, and the hardest part is moving on to another non-Elliot book when it's all over. As far as my kids are concerned, Elliot is hard to beat.

Alissa says

This third and final book in this series was a page turner! Every spare moment we had my son was begging me to read it to him. It was a fun story that even taught some great lessons along the way.

Cecilia Rodriguez says

The final book in the series has Elliot facing Kovol the Demon, who has recently escaped. Tubs and Cami offer their brand of assistance while the brownies and pixies also try to help. Elliot's final adventure is still very silly and the ending is touching.
