## His Precious Angel: Steel Gods MC April Lust

My precious angel will do what I say... or she'll face the consequences.

**I'm supposed to bring her back home, whether or not she likes it.**

**But Nicolette is desperate to stay away from the Steel Gods MC.**

**She offers up her body to me – whatever it takes to retain her freedom... and her baby.**

**Now, I'm faced with a choice: do I finish the job and reel her back in – or keep her for myself?**

I'm a bounty hunter, not a detective.

It's not my job to ask questions.

So, when my MC president tells me to go retrieve his runaway girlfriend, I get on my chopper and track her down.

But it's never that easy.

For starters, she's a stone-cold stunner.

I'm having trouble sleeping at night – my head is too occupied imagining how it would feel to tear her clothes away and bend her over my bed.

And as I follow her trail, I learn that there are secrets contained in that pretty little body.

Secrets like hidden scars.

Secrets like bruises from the man I'm bringing her back to.

And beneath all of that... an unborn baby.

I'm risking my patch and my brotherhood if I do the things I want to do to her.

But screw it...

This one is mine now.

*His Precious Angel is a bad boy romance with NO CHEATING, hot sex, and a happily-ever-after evening. Contains explicit content that may not be suitable for some readers. Contains FREE bonus content.*

## **From Reader Review His Precious Angel: Steel Gods MC for online ebook**

### **Destiny Bridwell says**

I got this book as an ARC for my honest opinion and review. I have read a few of April Lust's books. They keep me coming back more and more. This is an MC book and I have been reading a lot more of them as of late. This one is about a MC President girlfriend has run away and he sends one of his "brothers" to bring her back. There is a lot of she does to keep from being taken back. She would have offered him the world if she could. He discovers a lot of why she ran and he makes a lot of decisions on the fly. So will he take her back or keep her for himself? You will have to find out. Happy reading.

#### **Its o.k.**

I didn't read the second book so I'm not commenting on that one. The first book was a o.k. read for me. Not to sure what to say. I liked him better at the end than the beginning. He seemed like it was o.k. for her ex to beat up your girlfriend because hey were bikers. He was better later on. But at the end when he goes back to the club as a nark it was weird they just let him. Hope he doesn't join though. He was better without.

This book had so much going for it, it was a great story line but felt really choppy, I never really liked the main characters they seem to flip flop on their feeling for one another. Just not my favorite read.

### **Paula says**

Too many inconsistencies and a few missing words made this 4 star book a 3 star.

I reviewed this book as part of an arc program. I loved this book. It was a book about a difficult issue but was told with hope. Nicolette was an abused woman who flees to another state and then finds out she is pregnant. She was with Jack, the president of a MC since she was 14 and he was so abusive she cut all ties with her family and friends. Jack wants her back to teach her a lesson so he sends Charlie to get her. Charlie goes under the impression they only had a fight and she needed time to cool off before coming home. Charlie finds Nicolette and they have a one night stand, after which Nicolette freaks out and kicks Charlie out of her home. When Charlie kidnaps her to bring her back, Nicolette tries to convince him of Jack's abuse. Jack is not happy it is taking so long to bring her back, so he decides to find them himself. This was a good story

and I thought Charlie really was a little naïve about the abuse, but when he realizes it he becomes her hero. I loved their relationship and the way they brought the good out in each other. I loved this book and their story was well told.

#### **Not sure**

Was expecting more I guess. It was a lot shorter then I thought it would be. Guess it was a lot less biker book then I thought.

April Lust what a book.

Firstly I love biker bad boys and usually enjoy them.

I didn't enjoy this book, I totally loved it. Although it's a biker romance it's not a typical one. It doesn't go overboard with the biker stuff.

This is an amazing read, a story of a strong woman and a hot as well biker. Their relationship doesn't get off to the best start, but Charlie comes good and it makes way for an epic romance. Lots of oh no moments and OH YES moments. Just a fab read I can't fault it....xx

Nicolette fell in love with Jack when she was 14. He is the President of a Motorcycle Club. Jack became abusive towards Nicolette so she picked up and ran away. Jack wants to find her so he sends Charlie, a MC member after her. When Charlie finds her he ends up finding out that everything he was told about Nicolette was a lie. He also ends up falling for her but there are complications.

Will Jack find out that Charlie has changed his mind or find out what Nicolette is hiding?

April Lust is a magnificent writer. I love the lusty sex scenes. She never disappoints in her books. I received this book as an ARC copy for a voluntarily honest review.

Not your typical MC book. Charlie has always wanted to belong as part of something. He meets Jack the President of the Steel Gods MC who takes him into the club and gives him the feeling of belonging. Jack's

girlfriend Nicolette has up and disappeared and Jack gives Charlie the job of finding and bringing her back. Charlie sets out to do just that until he finds Nicolette and learns how abusive Jack has been to her. She has tried to forget her past and move on now working for a local business and making friends. But her life is about to change in a very big way. This was a great story that I enjoyed reading - I liked how it focused more on a member of the MC club than on the club itself - it gave it more of a storyline.

HIS PRECIOUS ANGEL  
APRIL LUST

WOW!! AGAIN APRIL LUST, has never disappointed me with her books. I am in awe of her writing skills and the way she holds my attention from the beginning of the book to the very end . Her books have EVERYTHING you want in them and more.

Jack , pres of the MC Biker club has his sights set on Nicollet, who has a crush on Jack, but their relationship turns sour real fast.

She just up and left.....

Charlie who has been alone most of his life is a new prospect, he wants it bad. ....

Jack wants Charlie to go find her and bring her back.

When he does locate her, EVERYTHING he thought was the truth was a LIE.

What will Charlie do??

Will he help Nicollet or will he run and NEVER go back ....

Just when I thought I couldn't love her books anymore, BAM!! She goes and writes something even better.
