## No Peeking... Stephanie Bond

Take one workaholic woman. Mix with letter to self, detailing fantasies about wild, unbridled sex. Add one dangerously seductive man—and indulge in the delicious, sensual results!

When Violet Summerlin receives her old letter, she's intrigued—but too busy to worry about it. It's taking all she's got to battle her lust for her sexy client Dominick Burns.

Then Dominick invites her to Miami for a working holiday. And Violet knows she won't be able to withstand his sensual attack for long.

She doesn't.

The man seems to know just how to please her. Every slow stroke, every breath-stealing adventure takes her to new heights of sexual ecstasy. But mixing business and pleasure can be a dicey combination. Especially when Violet discovers Dominick's been hiding something from her...

Awwww...yet another happily ever after story. The struggle to get out of your own way plays through in this themed trilogy. Fun and erotic! Words that Stephanie Bond use to describe the sex scenes will scorch anyone's libido up a notch...love it!!

### **Ltlmer2 says**

Just okay. Had its moments, but "In a Bind" is the best of this collection.

### **Farah says**

If your looking for masterbatory material or need some ideas for a jolt to your sex life then there are some merits to this book. If your looking for good character development, and a plausable romance, then not so much at all. It was a quick read with a predictable ending, middle, and beginning. Of course this was a Harlequin book, and a Blaze one at that. But still I have read others that dared to think that a book can be hot sexy appeal to younger women, and be intelligently written but I digress.

### **Kevin Connery says**

A touch contrived, and much more in the 'traditional' romance formula, but Bond still writes decent characters and dialog.

---

### **Jennifer says**

Meh. I found the main characters insecurities to be a turn off. It had it's moments - mostly at the very end - but I admit I rolled my eyes more than once at this book.

---

### **Haylie says**

sweet, funny, and romantic all wrapped up in one amazing book!!

---

### **Simara says**

When I get a Blaze book I have minimal expectations: a short romance listen with a few hot scenes and a storyline that sounds plausible. No peeking did not even meet those minimal expectations. The storyline is ridiculously impossible to believe and the heroine is an uptight, insecure prudish with moments of dirty talking sex goddess that immediately go back to being uptight, insecure and prude. WHAT? REALLY? I only gave this book two stars because I was able to finish it.

Yum, nice and hot.

*This one is also in Stephanie Bond's series where the lead female receives a letter written by her 10 years later. This one was just okay, it wasn't all that exciting. Of the 3 I've read in this series I prefer 'In a Bind.' Violet sees herself as boring and is looking to have exciting sex. The sex in this book isn't at all exciting, it's just sex in places out of the ordinary. Also the sex was always after she took part in some form of extreme sport activity. Check it out from the library or borrow it from a friend, don't buy it.*

Nice quick read, very sexy, well-written. And fun for the holidays.

I am 3h 2m into this book, and I want to smack the heroine and wish a very itch STD upon the hero.

**THEY HAD SEX THE NIGHT BEFORE, AND NOW SHE IS SHOPPING FOR THE WOMEN HE SLEPT WITH THROUGHOUT THE YEAR!!!**

[Breathe]

And again.

And again.

And again.

I know it's her job (she runs one of those concierge service businesses), but COMMON FREAKING DECENCY should have prevailed this guy to pass this on to someone else or SEND THEM ALL GIFT CARDS!!!!

[Breathe]

And again.

And again.

Repeat...about A ZILLION TIMES.

Ok. Not working.

Ok. ONE of the women is his housekeeper. ONE of out say A DOZEN that we know of at this point?????

This guy is a complete jerkwad who deserves a REALLY ITCHY STD.

It just keeps getting better...despite BELIEVING that he leaves her sportin' wood that he late sates with other women (yes, she believes this happens more than once) she CONTINUES SLEEPING WITH HIM AND EVEN FALLS IN LOVE.

Oh, I see, this must be a "closet" BDSM story. Duh. I should have figured that out. Obviously, this is her idea of like foreplay or some kind of perverse psychological pain/pleasure deal.

Makes perfect sense now.

I've got 45m 6s left...I NEED A VALIUM.

Oh, just DARN! NOT the word I wanted to use, btw. He brought her dream Christmas to reality at the freaking airport when she was kicking his admittedly sorry butt to the curb. Talk about tugging at the heart strings. Fine! He STILL needs to AT LEAST apologize for being such a jerkwad and stuff then I'm thinking being her sex slave for at least a decade or so especially AFTER they have kids.

OMGoodness, what a weepy, sappy, TOTALLY perfect ending. I am such a sucker for happy joy!!

**2.5 stars** for this one. I wasn't too fond of Violet's uptight prudishness. And the whole "virgin-to-whore" thing is annoying. Sexually repressed women don't turn into dirty talking hussies just because a guy touches her in the right spot. It's unrealistic for me. And while this is obviously fiction, it's not fantasy or UF or PNR,

so I'll only suspend my disbelief so far.

It was a light, fluffy read that didn't do much for me, but I know others will enjoy it.

**I would recommend it, but then I'd complain about Violet's transf-whore-mation.**
