Second Verse

Emily Snow

Second Verse Emily Snow

Kinsey Brock knew Emmett Hudson would be a star the moment he swaggered into her life. Hell, by the time she was released for the crime his scheming sister accused her of he already had a number one single.

Now, eight years and a helluva lot of heartache later, Kinsey's long since given up on the boy who stole her breath away and took all the love she had. She has someone in her life, and he's all she needs. She'll challenge anyone who tells her otherwise. But after a chance encounter sends Emmett hurtling back into her life, every emotion she's forced herself to forget since he gave up on her is pushed to the surface.

Because this time, the country megastar's not giving up on her.

No matter how furious he is about the discovery of the other man who's become Kinsey's world.

A standalone novel

Second Verse Details

Bethaney says

How does this have any ratings? The book hasn't been released, and there has been radio silence from the author since the date it was supposed to be released. I think I will cross this book off my to be read list - the author doesn't deserve my hard earned money.

TheresaDK says

[McKinsey is sent to jail after being set up by Emmett's bitch of a sister. She is released after five months because she's pregnant with Emmett's baby. In Seco

nicola Sleight says

And she's done it again said it'll be released 17th then goes on her fb to say not uploaded due to family problems. So why give us yet another date just to disappoint us AGAIN!!

update 05/01/2016 funny it was going to go live for sure in the new year, then surprise surprise her facebook page has been deactivated! AGAIN!! because yet again shes lied to her fans and has to go and hide, but lets all feel sorry for all the issues she has. the only issues she has is her nose is longer than pinoccio's

Michelle Quintana says

The first five chapters of this book are related to the story and it was good. The rest of the chapters are a completely different book. I have been waiting forever for this book to come out only to buy an incomplete book. I'm guessing that the rest of the book is her new one called Lust Thy Neighbor. It seems like it would be good book but I want a complete book

Julaine says

Given its long and torturous path to publication this book should have been excellent. After all Ms. Snow had more than 14 months and more than 3 dozen postponements since her initial release date to hone and perfect her manuscript. Instead the story was stilted, formulaic and riddled with editing errors. I have serious questions regarding how the author of Devoured and Tidal produced this work.

My advice? Skip Second Verse and assume First Verse ends as you envisioned it.

♥ Tila Grey Maddox ♥ says

So I've been waiting oh so patiently for this book after I read First Verse, & the ending in FV got me so hooked on to the story that I couldn't wait to get my hands on Second Verse. The book SV was supposed to be released on the 28th of July but then the author decided to delay the release date to the 31st of July. And then it didn't come out so the author said on her facebook page it's coming out soon. But how soon though will the book be released?

I'm hoping she doesn't do what Stacey Borel did with Slider, it was suppose to be released last year on September but now it's freaking August 2015 & she still hasn't said anything about the book or kept her fans updated on what's happening. And she just lost me as a fan, and I kept checking Emily Snow's Facebook page everyday just to see if SV went live but nope she kept delaying the release date & also I can't find her Facebook page so I think she got annoyed with all the questions her fans keep asking her about the book. I seriously hate it when authors pull this kind of shit, it annoys the fuck out of me & then I lose interest in the whole book because of the author keep delaying the release of the damn fucking book.

Alexa Ayana says

Waiting

Keep waiting..

Keep waiting..

Keep waiting..

Aku menunggu lamaaaaaaaaaaaaa sekali untuk mengetahui akhir kisah Emmet dan Kinsey. Buku ini terus menerus mundur dari jadwal release yang dijanjikan si penulis (tanpa penjelasan), jadi saat Oct 2016 akhirnya buku ini release aku happy karena penantianku berakhir juga.

Jujur saja saat membaca baca bagaimana perlakuan Emmet terakhir kali pada Kinsey, aku tak merasa yakin akan bisa memaafkan pria ini. Coba saja bayangkan :

- setelah mereka menjalin cinta musim panas yang mendalam tiba-tiba dengan satu tuduhan fitnah pria ini langsung tak percaya pada gadis yang dia bilang cinta satu-satunya ini.
- saat Kinsey masuk penjara dalam kondisi mengandung, dia berusaha menelp dan menulis surat pemberitahuan pada Emmet tapi tak ada respon apapun. Grrrr
- saat Kinsley mendatangi konser Emmet, dia justru melihat pemuda yang dia cintai melamar gadis lain.

Saat dia melihat Emmet secara tak sengaja 8 tahun kemudian, di saat dia sudah move on dan membesarkan anak mereka, apa yang akan Kinsey lakukan? Emily Snow menjanjikan indahnya cinta sejati yang mendapat kesempatan kedua.

Aku sangat menyukai cara Emily bercerita. Ringan, mengalir serta di sisipi beberapa percakapan dan adegan yang lucu tapi menyentuh. Problemnya beberapa hal dari storylinenya agak too good to be true. Setelah semua hal yang di lakukan Emmet aku masih terkagum-kagum pada kedewasaan dan kebesaran hati Kinsey untuk memberinya kesempatan tanpa membuat pria ini berusaha keras. Lumer pada sentuhan pertama Emmet. Memaafkan dengan mudah alasan bahwa pria ini "tidak mendapatkan semua pemberitahuan" dari Kinsey. Bahkan menerima tuduhan bahwa dia memisahkan ayah dan anak karena kurang berusaha keras

untuk memberitahukan. Wow..

Aku akan memberikan poin lebih untuk novel ini seandainya Kinsey bertahan, mengeraskan hati dan membuat Emmet berjuang super keras dalam usaha untuk mendapatkannya kembali. Aku butuh melihat perjuangan bukan scene kekeluargaan standar dan penuh momen silaturahmi. Aku butuh gejolaaaaaak!

My rating :

Star: 2.5/5

Sbell says

No doubt Emily Snow can write.

This book took so long in coming out that all of the angst and all of the tension of the first book was forgotten.

When I started in on Second Verse everything was so rushed. And then, Kinsey. Kinsey who in the first few chapters had built a life away from Emmett, was successful and happy, turned into this needy, brainless, child/woman immediately upon seeing Emmett. Who by the way abandoned her IN JAIL. SMH

We were told Emmetts and Kinsey's feelings most of this book, and so many things in the first book were glossed over...like HIS MARRIAGE!!! We are supposed to believe that he pined over her after he left her in jail, for 8 years. Really? Maybe Kinsey is dumb enough to fall for that, but this reader is not.

I am done with all things Emily Snow. I will not continue to wait on books, that are promised to be out on a certain date, just to have that author go into hiding, and then the book comes out and it has so many holes, so many missed opportunities, that

I can hardly get through reading it. Too many other books to read, so little time!!!

Teresa Anderson says

Ok I am not one to say anything bad about a author but when you wait forever for a book a second installment at that and the author promises one release fails to follow through then promise another release today mind you then she Deletes her fb page I tend to get a little pissed merry Christmas everyone rant is done and I will never read a other book from Emily snow....

Lori says

Too many lies to even wrap my head around with this book. Or should I say, few chapters of a book, mixed with more lies. Multiple errors and weak story is the least of her worries right about now but whatever. I'm so fucking done with this author.

Rejane says

YEAH!!! Right. Doormat

Amanda says

Hey guess what.. it's still not out! Supposedly she hit the submit button for Amazon on oct 31st and now she is having "problems" with Amazon releasing it.. but she refuses to release it on Nook or Smashwords... Hmm... It reminds me of that friend that say's "I'm on my way, I'm on the freeway" but they haven't even hit the shower yet. You know what Im talking about, we all have one.

I keep checking to see if it's released just to see how long it takes. It was supposed to be released in July, it's now the middle of Nov. I get that someone has problems, we all do, but we all manage to get by anyway and complete our work. In a way we are Ms. Snows clients, she produces something and we purchase it with our hard earned money. She provided a deadline and then failed to meet said deadline, repeatedly. Why is this different from the rest of us who work and have to meet deadlines. What happens in our regular 9-5'ers if we dont meet a deadline, we get into trouble. Yet this is not the first time Ms. Snow has done this with an anticipated book, yet us her paying clients have been let down.. again with very little information and after she had already missed the deadline 5x. If you know you have problems meeting deadlines dont give us one. I know a few authors that we know they are working on something but dont give us a hard deadline and then boom they tell us their newest book is up and its great! It's like surprise! Here's a present! Instead of disappointment.

Im sad to say, Ms. Snow has lost one more reader from this. Not because she's not talented because she is but because she doesn't respect her readers enough to truly be honest with us. Ilona Andrews went through something similar to this recently they had a much anticipated release "White Hot" but well before it was due to be out they told us it was delayed bc due to health, stress and family issues they couldnt meet the deadline. Throughout the process when they found something out they kept us informed exactly what was going on. Recently they posted a blog post that it was going to be delayed over a year. Bummer, right?! But the way they kept us informed and then explained why it was delayed so long was truly showing their respect for their fans. So they received overwhelming support on their blog post.

Chantal ♥? says

NO SAFE HERE AT ALL! Hero is a major asshole!

Nicole says

After something like 23 different date changes, excuses and outright lies and 1 frankenbook, over 14 month late, Second Verse was finally released. I read it, really wish I hadn't bothered. There was no real growth in the characters and the entire story just felt forced and rushed. Along with putting out a poor excuse for a book, she has lost me as a reader by continually lying to her readers/fans and by failing to respond to, fix or refund anyone after (intentionally?) putting out her frankenbook. I will never again buy/read anything by Ms. Snow as I refuse to support authors who don't have even the most basic respect for their readers. She doesn't deserve anyone's money and if I had the option to leave less than one star for this review I would.

TL;DR? Just give Second Verse a hard pass, there are LOT of much much much better books to spend your time reading.

Nicole says

There should be a button for Wants To Read RIGHT NOW!

So that ?? was how excited I was for this book. I'm SO sad to report I was VERY let down!! It was just so frustrating!! Kinsy seriously just let it all go! They never really address her going to jail. She takes the blame on so much! Are you kidding me! She need some anger come on!!

I was just so let down!! 3 stars was being nice cause I'm so disappointed!
