The Valentine's Day Murder Lee Harris

THE BIG CHILL

What really happened that tragic Valentine's night on Lake Erie? No one knows. Three old buddies--reckless Matty, successful Clark, clever Val--decided to cap Val's birthday celebration with a stroll across the frozen lake. They never returned. Matty's scarf was found snagged on broken ice.

After the thaw, only the bodies of Clark and Matty are recovered--the latter with a bullet in it. Val remains missing, now a murder suspect. His desperate wife pleads with ex-nun investigator Christine Bennett to find him and prove his innocence.

A tall order, especially when Chris starts hunting for clues in the lives of these respectable suburbanites and their wives. And when she closes in on a truth that chills her to the bone, she suddenly finds herself skating on very thin ice.

From the Paperback edition.

Julia Walker says

aw, even on Valentine's...I can think of a few

Ed says

#8 in the Christine Bennett series. The series has followed ex-nun Christine since she left the convent at age 30, after 15 years. In the three years since then, she has fallen in love, married a police detective/law student, become pregnant, and incidentally solved eight murders, most of them cold cases. An intriguing series.

Christine Bennett series - When three old friends disappear on Valentine's Day, two are later discovered murdered and the third, still missing, is accused, prompting his desperate wife to appeal to ex-nun-turned-investigator Christine Bennett for help.

Faith says

Classic murder mystery book read by 95-year-olds in their nursing home...and apparently me.

Roz Curney-Sherod says

Second time around because it's Valentine's Day. So far I don't remember this mystery as well as the others. Number 8 in the Christine Bennett series and this had more twists and turns and a lot more bits and pieces of information to sort through. Three old buddies--reckless Matty, successful Clark, clever Val--decided to cap Val's birthday celebration with a stroll across the frozen lake. They never returned. It also happens to be Val and his wife's wedding anniversary and he is named after the holiday that's being celebrated (i.e. Valentine's Day). Ouch! Chris finds out she and Jack are expecting their first child and she is a little nervous because she's over 30. I was very involved with all the details trying like Chris, to fit the puzzle pieces together. The author even has an interesting sub-plot regarding the missing men that I'm sure was a relevant issue in the 90's. I've been reading this series out of order because of whatever holiday comes up, and I do intend repeat them. Our heroine is very likable but I would like to see what happens when she doesn't tell any of her suspects about her former life as a Nun.
