Very good second chance story. Connor is the last of the unmarried McCulloughs. He has watched his brothers and sister find love and start their own families. He's happy for them, but sometimes the loneliness gets to him. It's one of those evenings until a knock on the door brings a blast from his past. On the other side is Amy, the girl that he loved and lost, desperately in need of his help.

Amy had left town five years earlier, eloping with the town playboy. But the marriage didn't turn out the way she hoped, leaving her vulnerable to Clay's abuse. With nowhere else to go, Amy heads for Forever and the man who had been her best friend, hoping to find sanctuary for herself and her son.

I loved Connor. He could have told Amy that she was on her own, but he is not that kind of guy. His protective instincts kick in as soon as he sees her at the door, looking exhausted and scared. He's also quite the baby whisperer, as he soothes little Jamie at the same time he looks after Amy.

I liked Amy, too. She owned up to her mistake of marrying Clay in the first place. I liked that she got out when she realized how toxic the relationship would be for the baby. She does have some self-esteem issues, thanks to her treatment by Clay.

I enjoyed the development of their relationship. Connor was honest with himself from the start. He was still in love with Amy and he was going to do his best to make sure that he didn't lose her a second time. I liked how sensitive he was to her nervousness about going into town, and that he eased her into it after she'd been at the ranch for a while. Amy realizes pretty quickly that she'd been an idiot not to see Connor as more than a friend before she'd taken up with Clay. Now her feelings for him are growing stronger, but she doesn't want to risk messing up their friendship by asking for more. At the same time, Connor tries to be patient because he doesn't want to take advantage of Amy while she's vulnerable. I loved how the two of them, plus little Jamie, quickly felt like a real family. I was on edge as the book went on, waiting for Clay to show up and make trouble. I enjoyed the confrontation at the end, especially seeing Amy stand up to him with the support of a good part of the town. I loved the ending and seeing all the McCulloughs happy at last.

I also enjoyed the secondary characters. Connor's brothers and sisters were all there for him as he made Amy and Jamie part of his life. I especially enjoyed the teasing he got from his brothers as they watched him fall for both Amy and Jamie. I also loved the housekeeper, Rita. She was such a pushover for the baby while at the same time being a force to be reckoned with in keeping Connor in line. I liked the way she pushed him and Amy together. As always, Miss Joan was one of my favorites. I loved the way that she pulled Amy right back into being part of the town.

Moved kind of slow but had a good HEA

Enjoyed

I enjoyed this whole series. Kids are what make the world bearable. Kids can make your worst day great. So happy all the McCullough's found ready made families and that all are so close

Love returning to the town of Forever. Some things never change, everyone knows everything, almost before it happens. Connor gets a second chance with Amy. Even having a baby doesn't matter to Connor. Sit back and enjoy the ride.

A little gem

Sometimes I just like to deviate from reading murder mysteries to reading a feelgood book and this was one. Connor and Amy's story was very endearing.

This was my introduction to this author and I have to say that her well crafted tale lifted my spirits and scored some serious points with me, I mean what is not to love about a handsome cowboy coming to the rescue of a women in need! It was an engaging read with just the right amounts of emotion and toe curling romance. Highly recommend this one, it's sure to give you the feels!!
