### **Shabana says**

A very beautiful book that takes one back to the nostalgic memories of childhood. A collection of childhood memories of Kamala, mostly from the time spent in the Nalapattu house in Kerala. A simple and beautiful narrative employing the local dialect presents a wonderful experience to the reader. This book re-visits the innocence and beauty of childhood where one loves and trusts everyone unconditionally. The book also provides a flavour of the caste based discrimination that was strongly prevalent in the society during those times. Overall, a very good book.
