Callsign: King III - Blackout (Jack Sigler) Jeremy Robinson

Twice before, Jack Sigler—Callsign: King—has stopped the mysterious ‘Brainstorm’ from destroying all life on earth. Twice before, he’s survived Brainstorm’s assassins. So when the mastermind behind Brainstorm surfaces in Paris, King goes on the offensive.

As the final showdown unfolds in the legendary City of Lights, the villain’s scheme to plunge the world into literal darkness is revealed. But even Brainstorm isn’t ready for the destructive force that has been unleashed...an entity of darkness imprisoned for more than a thousand years, set free now to devour...everything.

The blackout has begun... When the sun rises, the world will end.

THE CALLSIGN BOOKS: Callsign: King - Blackout (53,600 words) is part of a series of Chess Team novellas and is the third book in "The Brainstorm Trilogy" that follows the team's leader, King. Each of the Callsign books follows a single member of the team and are titled for them; Callsign: Queen, Callsign: Knight, etc, and are co-authored by Jeremy Robinson and five other fantastic authors. The stories take place after the events of **THRESHOLD**, the third Jack Sigler thriller, but are designed to introduce readers to the series. If you haven't read the novels, no worries. Enjoy the ride!

PRAISE FOR ROBINSON:

"Rocket-boosted action, brilliant speculation, and the recreation of a horror out of the mythologic past, all seamlessly blend into a rollercoaster ride of suspense and adventure." -- James Rollins, New York Times bestselling author of **JAKE RANSOM AND THE SKULL KING'S SHADOW**

"With **THRESHOLD** Jeremy Robinson goes pedal to the metal into very dark territory. Fast-paced, action-packed and wonderfully creepy! Highly recommended!" --Jonathan Maberry, NY Times bestselling author of **ROT & RUIN**

"Jeremy Robinson is the next James Rollins" -- Chris Kuzneski, NY Times bestselling author of **THE SECRET CROWN**

"If you like thrillers original, unpredictable and chock-full of action, you are going to love Jeremy Robinson..." -- Stephen Coonts, NY Times bestselling author of **DEEP BLACK: ARCTIC GOLD**

"How do you find an original story idea in the crowded action-thriller genre? Two words: Jeremy Robinson." -- Scott Sigler, NY Times Bestselling author of **ANCESTOR**

"There's nothing timid about Robinson as he drops his readers off the cliff without a parachute and somehow manages to catch us an inch or two from doom." -- Jeff Long, New York Times bestselling author of **THE DESCENT**

PRAISE FOR ELLIS:

"Some books are just plain unbridled fun, others are edge of the seat gripping entertainment, some make you think, a few open your eyes, Sean Ellis is a magician, doing it all with a deftness that pulls you in and draws you along from page one breathlessly to the end of the book." -- Steven Savile, author of the international bestseller, SILVER

"Sean Ellis delivers another high-octane romp, exploring mythical lost civilizations and alternative histories, with the unrelenting pace of your favorite summer blockbuster." --Stel Pavlou, bestselling author of DECIPHER

ABOUT THE AUTHORS:

JEREMY ROBINSON is the author of eleven novels including PULSE, INSTINCT, and THRESHOLD the first three books in his exciting Jack Sigler series. His novels have been translated into nine languages. He lives in New Hampshire with his wife and three children.

SEAN ELLIS is the author of several novels. He is a veteran of Operation Enduring Freedom, and has a Bachelor of Science degree in Natural Resources Policy from Oregon State University.

Jamey Goodyear says

The fun never stops.

King, Jack Sigler, is having some family time with his girlfriend, Sara, and his adopted daughter, Fiona when he gets called in to apprehend Brainstorm. And he's on his way to Paris.

Brainstorm is at it again, trying to control the world's power supply. In his efforts, he hires a computer hacker to set up a series of smart phones that will give him control of 10 major power plants. However, Brainstorm's hacker has his own plans. Brainstorm is handing out his smart phones to specially selected people on a river cruise in Paris. King crashes the party. The Soviets also send a team to capture Brainstorm.

In the meantime, Sara and Fiona fly to Paris to surprise King when his mission is complete. While visiting the Louvre, they see someone they know. Following him, they find out he is posing as a researcher. But he is actually trying to divert a disaster. While King is capturing Brainstorm, Sara and Fiona get caught when a black hole is created inside the museum.

This story moves along very swiftly. It is engaging and the characters are familiar friends from previous stories. I highly recommend reading this short story.

Karsyn says

Meh. Not one of my favorites of the series. Done with the novellas though, back to the novels.

Sharon says

this novella grabs you and never lets go. I really love jack sigler - chess team. The books are always full of action and surprises.

this is a the third book in the set, but they do not need to be read in sequence.

I am really looking forward to reading more of the chess team.

Dee Haddrill says

Listened to the Audible version this time around, and what a great thrill ride it was. Once again, Jeffrey Kafer has brought this amazing story and fantastic characters to life/

Originally read in 2012 - Brainstorm is back AGAIN! But this time, it's in danger of being superseded by an even more dangerous and ancient evil!! It also brings back Hercules (Alexander Diotrephe) and we are once again wondering where his loyalties lie. I really enjoyed the return of Fiona and Sara and seeing King as a family man. I just worry that Jeremy Robinson will follow other action novelists who seem to feel that action heroes aren't allowed to be happy family men (yes, you know who you are, Matthew Reilly and Vince Flynn). Very much looking forward to the next full length novel!,

Shawn says

Yet another great action novel and the end of the Brainstorm Trilogy. This brought all the loose end together to a great and climatic conclusion. For another quicker action novel this is a great one, but needs to be read after the first two. For all you Jack Sigler fans this is a must.

Cynthia says

I think this was the best so far. Keep them coming!

Phyllis says

Good.

Josh says

I enjoy these one-off stories, but I'm definitely ready for the band to get back together.

Cheryl says

Loved it! A really great must read.....loved the appearance of..."Graham Brown"....thru out the 3 Novellas. Jeremy & Sean are both great Authors.....together they are excellent.....right Graham?
I highly recommend all 3 Novellas in the Chess Team King-Brainstorm Series.

Dustin says

This last chapter of The Brainstorm trilogy is fast and fun. Everything comes to a head and the stuff really

hits the fan. An awesome ending to a nice little trilogy. Also the last in the Call Sign novellas, it wraps up a nice little bunch of stories with a climactic ending. Don't skip this one! Now onto Ragnarok....

Kelly says

The third instalment in the King Trilogy doesn't disappoint, just like the others, it's full of action, intrigue, mysteries and family. It has some great moments of character development.

Rian Martin says

The Chess Team books are a blast to read and I loved each of the Callsign books. Get to know each character a little better with a great story. You can't go wrong with Jeremy Robinson's books, check them out!

Fiona says

JACKS BACK!!!!

I do like that this is getting really into Jacks mind....

What I want to know is where is Jacks Parents???!!!!

Julie Carter says

I am enjoying the Callsign series, and like the insight that it gives us into the Chess Team members. With this installment in the Callsign: King series, Brainstorm is back with a vengeance. Also back for this story is Hercules, better known as Alexander Diotrophes. The ongoing distrust between him and King make for an intense story that I didn't want to put down. Fiona had a large part in the story, and I like learning more about her each time she is involved.

Now off to find some more Callsign books to read!

Miguel Panão says

The last volume of this novella series is simply awesome. I had trouble sleeping because I couldn't stop reading. Fortunately I forced my self to read it for longer, just for the pure pleasure of enjoying an extremely creative techno-thriller. One of the best in the Callsign series. Jeremy Robinson never ceases to surprise us with his gripping, fast-paced and exciting creative writing. He is the best writer that can pursue the excellence found in Michael Crichton.

Pixie says

Wow, what a twist! *Callsign: King - Book 3 - Blackout* by Jeremy Robinson and Sean Ellis was a shockingly addictive way to end the Brainstorm trilogy! I did not see that coming.

Jordan Anderson says

Upon conclusion *Callsign: King- Blackout* puts me in a weird position. While I won't say that the final volume in Robinson's *Chesspocalypse* series was horrible (because it *did* have its moments of fun), I have to say that after 14 months of getting through them, I am a little bit glad to be done with these 8 short novels.

In all honesty, while this book and the majority of the others are thrillers of the highest order, after about the 4th book, it was just a lot of the same thing, over and over again. Of course, there isn't anything wrong with that, and, after all, Robinson is known as one of the best in this sub-genre as well as the creator of the Chess Team, so there is going to be a rather common theme of familiarity throughout these stories, it's just that after 8 books of basically the same plot recycled with a different facade, the creativity and originality start to wane and the non stop action can't really do much to save it.

That's not to say that *Blackout* isn't good. Despite its repetition, I would have to say it ranks among the best of the entire series, maybe only beat by *Callsign: Bishop* and the first *Callsign: King*. Ellis and Robinson make a great team as authors (although it's pretty evident *most*, if not all, of the writing here was Ellis's). In typical Chess Team fashion, this final book is fast and has enough action to keep even the most apathetic readers at least marginally entertained.
