# End Goal

*Amy Daws*

**End Goal** Amy Daws  
A Harris Brother Scottish Wedding!

This short story was first published in the Cocktales Anthology. It reads well as a standalone but will be enjoyed better if you read Challenge first.

Only professional footballer, Camden Harris, is cocky enough to elope to Scotland with his fiancé and leave the Harris Family behind.

### **Cyndi Marie says**

\*Audio Review\*

This was a fun little glimpse into Cam & Indie's wedding day. While it was way to quick, I loved this novella. This couple's wedding needed to happen and it was Perfect for them! The family reaction was also perfect. Super sweet, fun and heartwarming! Thanks Amy Daws for giving us this little nugget!

Narration is perfect of course with Will & Charlotte!

---

### **Meg K says**

#### **So freaking sweet**

This is the extended epilogue we didn't know we needed. Cam and Indie are utter perfection and their wedding is much of the same with fun Harris family dynamic thrown in.

---

### **Jagdeshwari Patil says**

It's such an beautiful Novella.

I absolutely loved the Chemistry between Camden and Indie. The Narration is So beautiful and Heartwarming. I loved the Wedding Wows they made the whole story stand out. It spoke a lot about Characters, their love and devotion towards each other and their selfless love. Absolutely loved the wrap up to the story.

---

### **Diane (Books and Tequila Blog) says**

Sweet, funny and sexy story! I can't get enough of the Harris brothers and their significant others! End Goal is a novella with awesome narration that I could go back and listen to again and again.

-5 Stars-

### **Michelle says**

Luv Camden

This short story is so good. I m so glad I got to read this and see how Camden and Indie got married. They

are such a cute couple. Camden is just so sexy so got more of him is alway good. The story was short and I would of luvd more but I m just greedy when it comes to this family. But even though the story is short I laughed at Tanner being crazy and then was a lil sad for Indie. This author is that good that she can get all my emotions goin in a few pages. I would recommend this book of you want a bit more of this great family.

---

### **Johanna says**

This book was awwwwdorable!

This was a short story written originally for the COCKTALES Anthology and has now been release wide.

It was too short though dude! lol

This was beautiful and fit Indie and Cam so perfectly!

---

### **J.E. Benoit says**

I always love spending time with those Harris brothers! It was nice checking back in with Camden & Indie as they tie the knot! This was a cute little story and brought back many fond memories of where it all began. If you're a fan of the series and looking for your next Harris brothers fix, be sure to take a few minutes and read this short story!

---

### **Xasha says**

#### **So sweet**

I love their love. It makes me happy they compromise so well. And LOL at how Indie said she's going to start acting like a Harris and involving herself in everyone's business; she (and Belle) definitely hold up to that throughout all the books.

---

### **Raine says**

#### **Too cute!!!**

This is the cute and quick story off how Camden and Indie (Camden calls her "Specs, so cute!") end up eloping in Gretna Green.

---

### **Jeannine says**

I didn't realize that this was in Cocktales. I haven't gotten to that big mama jama yet so it was fun to catch up with Cam and Indie. There are some funny moments and their wedding is so sweet!

---

### **Amo Thomson says**

My first audio of the year had to be from Amy ??

It was so good to be back in the Harris Brothers world & I love this family and we definitely need some more books from Amy about them ;)

I love how much they grow and go almost everything together but there's just that little bit of individuality that sets them apart.

Amo xx

---

### **Maria Fernanda G Lechuga says**

Oh my... I love Cam and Indie so much, and this story was perfect.

I loved how supportive Cam is, and how perfect he understands Indie's hestintance of setting a date to get married, and the solution of eloping and having a wedding their own way was just perfect for them. we

*"...Nothing about our relationship has ever been proper. Bloody hell, we started off under the guidance of a penis list for fuck's sake."*

The story is short,vbut is so well written with everything that is characteristic of the Harris Brothers, funny, sweet, swoony and some puns, makes it all wonderful.

---

### **Livia says**

A quick but enjoyable listen! I often go in blind when reading, but that proved to be a bit of a problem for me on this one. I had forgotten the characters by name and struggled to remember which couple this was. And because I was in transit while listening, I remained confused until the end when the light bulb finally went off, lol!

#### **Unabridged Audiobook**

**Narrated by:** Will M Watt, Charlotte Cole

**Series:** *Harris Brothers, Book 3.5*

**Length:** 48 mins

**Release date:** 07-12-18

**Cover gush:** I love seeing him in that kilt, rawr! ?

**Narration by Will M Watt, Charlotte Cole - very solid 3-star performances.** These two have this down pat, and I'm a huge fan of duet narration over dual narration when there are 2 POVs.

---

### **Julia - The Romance Bibliophile says**

NO SPOILERS!

End Goal was amazing! Camden and Indie's story in Challenge was one of my favorite books in the Harris Brothers series, and it was absolutely wonderful to return to this couple's story, if only for a short while. I loved watching Camden and Indie's Scottish Wedding play out, and it was awesome to see several familiar characters again. Amy Daws is a brilliant author, and I loved that she gave readers another taste of the Harris Brothers in End Goal!
