"HERE (On the Otherside Series, Book 1)"

by DENISE GROVER SWANK

Sixteen year old Julia Phillips buries herself in guilt after killing her best friend in a car accident. But guilt can't explain how she can suddenly draw, has false memories of the accident and how a bracelet engraved with her name ended at the scene. Suddenly, Evan Whittaker is interested in her and her life. Why he was missing for two days and returns wearing a pendant she's been drawing for months leads the two on a journey to find out how Monica is still alive and just where Even is really from.

"INESCAPABLE (The Premonition Series, Book 1)"

by AMY BARTOL

I'm Evie and this was to be the making of me-my first year of college. I'd hoped that once I'd arrived at Crestwood, the nightmare that I've been having would go away. It hasn't. At 17, I may be inexperienced, but I'm sane. When Reed is near, however, nothing makes any sense. He's not what he seems to be...and neither am I. I'm afraid that the nightmare my dream is foretelling is...inescapable.

"THE CURE"

by STEPHANIE ERICKSON

"One life will make the difference." Macey Holsinger has heard that phrase her whole life, in the name of fighting a disease that has claimed so many lives. How much will she be willing to sacrifice in the name of the cure?

"UPRISING (A Collide Novel, Book 2)"

by SHELLY CRANE

Sherry and Merrick come face to face with old friends and new enemies in this sequel to Collide. When a little girl is found, things change for everyone and loyalties will be tested. New romances, drama and rivalries may upset the delicate balance they established while transformations on both sides of good and evil will arise as the series continues.

"ARCADIA'S GIFT (Arcadia Series, Book 1)"

by JESI LEA RYAN

When teenager Arcadia Day wakes in a hospital after what can only be described as a psychic episode, she finds her family in tatters. As her home life crumbles and her emotional control slips away, she begins to suspect that her first psychic experience was just the beginning.

"BIRTH (Allie's War, Early Years)"

by J.C. Andrijeski

High in mountain caves, surrounded by kind-hearted monks, the shadow of the Rooks hangs over Revik's head, a constant reminder of the dark warrior he used to be. When strange, militant Seers appear, asking for his help, his first impulse is to say no...until he learns it is Kali who needs saving... the one person he cannot refuse.

"WICKEDEST WITCH"

by EVE LANGLAIS

Evangeline is not a very nice witch, and she's not afraid to show it. She lands a job where she is forced to work with a rude, cocky and totally unsuitable shifter. Despite it all, she can't help craving his touch. When Ryker is partnered with the witch, he does everything he can to fight her allure. And fails. Vampires, a wedding from hell, and a cackling boss make this an action packed and humorous romance to remember.

From Reader Review FUSION: An Anthology for online ebook

Sara Miller says

This is definitely one of those don't miss anthologies. I am a huge fan of all these authors on their own but to get so many of their fantastic stories put together in one place is amazing. If you are a newcomer to the genre or any of these authors it's a good starter pack. You will end up one clicking the rest of their work. Just one taste of Fusion and you will be hooked!

I only read Elementally Priceless by Shannon Mayer because I love, love, love the Rylee series.

REVIEW: FUSION ANTHOLOGY

I really love both anthologies and "boxed sets," because of the range of authorship and topic. I don't see how any aficionado of fantasy or paranormal could not love FUSION: 9 great bestselling authors offering 9 exciting stories! Makes a reader want to shut the doors, unplug the phones, dim all the lights, and relax. .into fantasy.

I haven't had the pleasure of reading the other authors before, but I love anything written by Denise Grover Swank. Her book, "Here", is a fantastic YA Novel that will grab ahold of your imagination and pull you into new worlds!

Some authors find switching genres difficult. However, Denise delivered a YA novel as if she's been writing them all along. I've spent so much time bragging on her work to my son, and I can't wait for him to read this so we can discuss it. Talking about books is a commonality we have always shared, and my admiration for Denise's work has made him want to read something of hers.

Julia is a fabulous character heartbroken by the loss of her best friend after a tragic car wreck. Survivors guilt leaves her barely functioning until the most popular boy in school notices her despite her attempts to be invisible. What follows is a whirlwind of confusion and parallel worlds. If she travels there she can escape

the mess her life has become ... or can she?

I picked this up for Shannon Mayer's "Elementally Priceless" alone, which didn't disappoint. Read some good ones, read some bad ones, didn't read some at all. It's only 99 cents so no real complaints!

"Elementally Priceless" - 5 star, Tracker fans will love that it answers that little question in the books, of why Rylie always thinks she should know something about Elementals ;)

"ETHEREAL" - 1 star, I put down this book when the lead girl starts to get insanely jealous of the girl who died. Didn't like the family, didn't like the insta best friends and boyfriend, ugg.

"Here (On the Other Side)" - 4 star, definitely want to read the rest of the series. I like DGS's other series The Curse Keepers as well.

"Inescapable" - 4 star, WOW I will read the rest of this series.

"The Cure" - didn't read, but maybe. Wasn't in a dystopian mood at the time.

"Uprising" - didn't read because it said it was the second book in the series. I went to get the first one, which is free. I'm working through that and then will read Uprising.

"Arcadia's Gift" - didn't read, book description just seemed too sad :(

"Birth" - didn't read, book description just didn't pull me in.

"Wickedest Witch" - 3 star, it was okay. Heat rating should be 1000 ;)

Fusion anthology

Would recommend this to anyone preparing to buy or read this. Every book in this anthology was great except one and it was just good. I gave it five stars because of it.
