His Candy Kane

C.M. Steele

His Candy Kane C.M. Steele

Matthew Kane had a girl stolen from him by his oldest brother. It had been a nick in his pride but nothing more.

Two years later, in walks Candice Nichols and Matt can't even remember anyone before her. He has to make her his.

There's just one problem, his other brother is interested in her. What was worse was it seemed she was into Ryan, too.

Can he steal Candy from his brother and make her His Candy Kane?

This is a short Christmas story following the Kane Family.

*His Christmas Rose

*Her Christmas Surprise

Stories in Review says

I really love the Kane family. Another great addition to the story. Little ow drama who wanted to be with a Kane, but it was handled pretty quickly. Loved it. Great read.

Bookloverme says

It's good to read more of the Kane Family. Another short and quick read. And I can't wait to read Ryan and July's story.

The story is about Matthew and Candice, 20.

Candice had a hard life with her parents then her aunt and even now that she's living on her own. She needed money to pay the bills and she was hired as Ryan's (Matthew's brother) assistant.

Matthew and his brothers now own the Kane Investments after their father retired. The moment he bumped into her, he knew she's it for him.

The attraction between them was instant but someone was trying to keep them apart, spreading lies that caused a misunderstanding. But it was solved right away.

There's a lovely epilogue which I expected already because C.M. Steele always gives us beautiful epilogues. Marriage and babies.

I can't wait for Ryan and July's story.

Charliegirl1 says

Simplistic

I usually love short, cheesy, over-the-top insta-love stories, but this one is just too simplistic and unrealistic. I've tried two by this author just to be sure it wasn't just the specific story I'd read, but they're both the same. They're classed as "erotica", but just having a lot of repetitious sex doesn't make it erotic.

Barbara? says

Super cheesy dialogue and I'm sorry...it was just not good to me.

Vashti says

Cute insta luv christmas quickie,enjoyable.

Amara says

Yo. Check that cover! Her ass is smokin'.

I love these instalove Christmas stories. This isn't a great literary feat, but it hits all the warm and cozies in a small allotment of time. That's all I ask.

Mary Moore says

I love this series. The wait in between books has been painful. We first met Matthew in book 1 and saw him again in book 2 so when CM said she was finally giving us his story after two.long.years (loooooooooong years) wait I'll admit I was relieved.

I say this a lot with CM's books, but when an author gives you the books you need you can't complain right? Soooooo I loved this book. It gave me that Christmas true love woosah feeling that most people crave. Another thing- there was realistic issues and I love that Matt admits he went wrong. He didn't continue to hold it against her, he saw he'd been a d*ck and held his hands up. Also there was development of their relationship, not just a "hey, I just met you and this isn't crazy, but....."

It's a quickish read and complimented the other books in the series. And that cover is so freaking cheeky and cute! I'm so sorry that this author is taking a hiatus from writing romance because I really wanted the next brothers book plus I'll miss her special brand of #CMMFS love and alphas

Ed says

The last two books by C.M. Steele in my opinion are like written by someone else. I've read all of the

author's books so I'm familiar with her style of writing but lately her writing seems amateurish. A far cry from her earlier works. The love scenes were still hot but that's about it. It's a shame really because I just love the Kanes. Matt's story didn't have that wow factor that Spencer's had. Nevertheless, I'm still looking forward to Ryan's story.

Alex ? says

2.5 stars

I didn't get what it was about. Everything was too rushed, I had a feeling I skipped important parts. But maybe it was just me...

Chantal ❤️? says

4 CANDY KANE STARS

"Merry Christmas, My Candy Kane."
"Candy, you're my world."

Unfortunately, I don't have a lot of time to do a full review but for now just all you need to know is that it was CHEESY HOT GOODNESS!
And I loved every darn minute of it!

I will get to the full review when I have more the time.
Worth a read and a reread for me.
It has a HEA and has two EPIC epilogue years later.
I am keeping this one and it's a perfectly HOT holiday read.
Enjoyable and I would definitely recommend it.

Ms. Steele has done it again!
BRAVO!

Safety is without issue but heroine is a virgin and hero is experienced. There is no cheating, no pushing away, and no condoms.

C says

4.5/5

Hot fast safe read!!
Looking forward to the next Kane brother book.

Ivy H says

Yet another cute, sweet and sexy little novella from this author. I love reading about the guys in the Kane family and seeing each of them find true love. This was so romantic.

Emily says

Matthew Kane thought he found the girl that he might have a future with but quickly realized she belonged to his brother. When Candice Nichols walks into his office, he knows she is the one.

Candice is not sure how she got the job but she knows she can do it with a little bit of faith. Having had a hard life, Candice is looking for every break she can get. What she doesn't expect is Matt who has set his eyes on her and making it difficult to resist.

Very quick holiday read. I think the book would have been excellent if longer, but since it is short a bit rushed. Liked the characters and felt like they had good chemistry.

Janie says

2-2.5 stars. It was cute but not great.

Jennifer Finn says

This is the third book in the Kane Family series by C.M. Steele. Matthew Kane is the youngest son in the Kane family. Candice is 20 years old, her parents were scum that partied all the time eventually her mom killed her dad. She was sent to live with an aunt who stole her social security number and destroyed her credit. She gets the job at Kane Investments through a temp agency and she also works at a department store at night. She is hired to be Ryan Kane's personal assistant but it's Matt who she can't keep her eyes off of. Matt is head over heels for Ryan's new assistant but there is a no fraternization policy at Kane Investments. Something innocent happens and Matt assumes the worst and takes off like a little bitch. He runs to the family cabin instead of confronting his brother or Candice. I wouldn't have forgiven his dumb ass so easily if I were her but whatever.
