Myriah Fire

Claudy Conn

Myriah Fire Claudy Conn

It started with a stolen kiss ...

Fiery Myriah Whitney is wild of nature, contrary, and independent. But when her father catches her kissing the handsome Sir Roland (how else is she to determine if he is the one who will make her feel thunder and lightning, hear bells and music?), he declares that her days of headstrong independence are over. She will, he commands, announce her engagement to Sir Roland—immediately.

But in an age where marriages are about alliances rather than affection, practicality not passion, Myriah wants more—she wants to fall in love. And she does not love Sir Roland. So she runs away to her grandfather with her faithful manservant, Tabson, at her side.

A wrong turn in the fog, however, leads to the discovery of an injured young man, and before she knows it Myriah is caught up in world of intrigue and secrets. And when she meets the young man's older brother, the mysterious Lord Kit Wimborne, the sparks fly. Their first encounter—in his bed, both of them naked, no less!—is an explosion of wills, and it is what finally set Myriah on fire.

She has, it seems, finally found her thunder and lightning...

****note:** this is an updated version of an earlier novel written as Claudette Williams. The updated versions of Claudy's Claudette Williams titles are more sexually explicit than the original versions.

Geri Walton says

Another great book by Claudy Conn. Great characters with good pacing. Held my interest all the way through.

Vonnie Faroqui says

What was once an innocent, if rollicking, regency romance has exploded with passion as Claudy Conn revisits Myriah Fire to turn up the heat.

No mewing coquette she, Myriah Whitney refuses to settle nicely into marriage as prescribed by the haut ton of British society. Born into wealth and privilege with both beauty and brains, Myriah is willfully holding out for a love match. Unfortunately, Myriah gets caught in what appears to be an amorous kiss with the eligible Sir Roland and rather than create a scene or acquiesce to a loveless marriage, Myriah chooses to slip away before an engagement can be announced.

The road Myriah takes from London turns out to be one of high adventure, when she comes across a young nobleman, bleeding to death with a bullet in his side. Myriah manages to get the youth safely to his manor and in the absence of servants tends his wounds. As innocent as she may be, Myriah quickly finds herself in yet another compromising position, when she wakes in the silken embrace of Lord Kit Winborne, the youth's older brother. Being mistaken for a bit-of-muslin might have proven devastating for a lesser soul, but this miss is anything but daunted. She rises from the encounter with dignity intact and proceeds to win the good Lord's heart.

Myriah may feel an instant attraction for Kit, but she already has suspicions that all is not well on the Winborne estate. Most of the servants are gone, the grounds have become overgrown, and then there is the mystery of how young William Winborne came by his bullet wound. The Winbornes seem to have fallen on hard times. Something dark and sinister hangs over their dealings and Myriah finds herself caught in the thick of it, unable to reveal her true identity, yet unwilling to return home and face her father's ire.

In order for true love to blossom and take root there is a price to be paid in honesty and trust, something neither Kit or Myriah can afford to give each other blindly. The passion and desire they feel only serves to confuse matters further as neither Myriah nor Kit can risk honesty, when more than their personal happiness stands to be lost. Matters become complicated further when Sir Roland discovers Myriah's whereabouts.

The addition of unbridled sexual passion to Myriah Fire's strong story brings dimensions of maturity and depth to the struggles faced by Myriah and Kit, without diminishing any of the innocence, joy or charm found in the original story. This revised version of Myriah Fire allows Claudy's regency followers to appreciate what her paranormal romance fans have discovered –mind bending eroticism.

A truly captivating tale with a blast of added sizzle, Myriah Fire will kindle the flames of your heart and burn up the night.

Lori says

I just finished this book and I really enjoyed it. Claudy is a wonderful author, with detailed story telling that allows you to become part of the story. From beginning to end I was thoroughly entertained with this book, and hated for it to end. I would definitely recommend this to anyone who wants to be swept away to another time and place, to enjoy a great story. Claudy definitely has created a life long fan, and I can't wait to read more of her books.

Kyra Dunst says

I loved the humor and intrigue in this story. Myriah is a firecracker, and I loved her impulsive quirks. Kit is rude, and distrustful of her, until she worms her way into his heart. I would definitely recommend this story to others.

Angie Peoples says

I enjoyed another saucy read from Claudy Conn. She writes like no other and has such witty humor. This was a fun filled intriguing read about a saucy independent "Lady" who refuses to marry a Lord because he kissed her twice. So she runs away only to find adventure, friendship, and true love.

Judith says

A Regency novel that is really a re-do for this author. First released a number of years ago, this novel has been re-visited and expanded with not only a bit of added adventure but a whole lot of added erotic heat. A woman whose independent spirit gets her in trouble from time to time, but which is mainly responsible for the depression and sadness that has descended on her in this, her third London season. She simply refuses to marry a man who doesn't love her for herself, and not for her money. In running from a marriage her father is intent upon forcing upon her, Myriah encounters more adventure and quite a different sort of man than ever before. It is a novel that is full of secrets, communication that is limited and suspect on lots of levels, but which draws the reader toward a surprising conclusion. As a confirmed lover of Regency novels, this wasn't hard to start, but it was far harder to put down. I read it in one sitting and loved every minute of it. Just a fantastic read!!

Laura Young says

The Review:

Another brilliant romance by Claudy. Everything she write blows me away... Just had to add that. And the cover isn't it just pretty?

Myriah is the female main character of this story. She, like other females in the time, puts up with the views of females in this time. Her fiery character was enough to pull me in and her loyal sidekick Tabson made quite a pair. We have Kit. The male character of the story with his dark, or not so dark secret. Together the characters create a drama worth reading. Kit doesn't quite trust her for most of the book and Myriah just tries to do what's right.

One of the things about reading historical books is the details used for description and placing things. Details like that are good for history nuts and freaks, like I. (Not a complete history buff.)

The story is a charming romance that makes you want everything to work out. The surprising ending will not be anything you see coming. Hints although are everywhere, both misleading and guiding. It was an excellent way to add a twist to the story.

What I'm saying basically is to go get a copy and check it out. If you've read Claudy Conn's other books then you'll love this one, and if you haven't... Go check it out and be pulled into her world of writing.

(Brainwashing Complete.)

Melanie Tikalsky says

Loved this book, but the ending on this one seemed a bit rushed to me. Claudy Conn is one of my favorite authors and does not disappoint in this book as well. There are plenty of moments that keep you flipping the pages to see what happens next. Myriah Whitney is a head strong woman who does not want to settle for a loveless arranged marriage, but the times call for it; until she runs away from her groom!

What Myriah finds after an accidental turn in the fog leaves us all cheering for more. More of Lord Kit Wimborne! Holy hotness wrapped up in untrusting package! Will he be able to see through Myriah's lies to the woman inside? Will she be able to see past what looks like scandal and betrayal attached to Lord Wimborne?

The book is a great read that leaves us wanting more from this fiery couple! I wish it would have been a bit longer instead of all the ads for other books tagged on at the end.

Dawn Sullivan says

I really love Claudy's historical books. They are by far my favorite in the genre.

This light hearten tale of love and romance was a very pleasurable read for me.

Claudy's characters are always so fun and unforgettable. Myriah and Kit are a great couple to read about. Oh and Billy, he just cracked me up hahaha... I loved the banter between Myriah and Billy.

The passion, mystery and suspense kept me on the edge of my seat giving me thrills. The guessing and not knowing was exciting. The ending was superb!!

This book is defiantly a keeper.

Rachel- Goodbye Borders says

Meh. That's my thought on this book.

Myriah gets caught kissing a suitor. Suitor (of course) has other motives (he's broke and needs cash). Her father catches her and expects her to marry. So, what does Myriah do? She runs away! She then makes a wrong turn and finds a young man who had been shot. (Go her, she saves him). She finds out he is William (Billy) and his brother is Lord Christopher (Kit) Winborne. She fibs and gives them a different last name. Things are off....are they smuggling? Are they poor?

What was (really) going on wasn't a surprise. I had a hard time getting over Kit and Myriah's first meeting. (She was sleeping in his room and he came home. He thought he could do whatever he wanted since he thought she was a whore and had been paid for. Whatever you fucking asshole!).

The writing style threw me off as well. On one page I counted 8 (or was it 7) exclamation points.

I also read this for the published pre-1980 square for #rippedbodicebingo (first published in May 1978).

Judy says

Myriah Fire by Claudy Conn

Myriah Whitney is a headstrong young woman heading into her third Season. She has had plenty of offers for marriage but she wants love. Her father is done doting on her though and either she chooses to marry or he'll do the choosing. And when he does there is only one thing left for Myriah to do....run off to Grandpapa's. With Tabby, her groom, along with her they get lost in a mist and she finds herself on a whole new adventure.

Christopher "Kit" Wimborne, sixth Viscount of Wimborne Towers comes home one night to find a woman in his bed. What could he do but join her? He quickly finds out she is not what he thought. Not some doxy his brother brought home at all. Yet there is something this fiery haired beauty is hiding from him and Kit is determined to find out what it is. Even while he has his own secrets to hide.

Claudy Conn sends the readers on quite the adventure in Myriah Fire. Every turn of the page shows that things are not always as they seem to be. And this heiress is definitely much more than a spoiled girl of the ton not willing to get her hands dirty.

****Sexual situations and language**

Joni says

A really fun historical romance. The chemistry between the characters is the type that keeps your interest and requires you to keep on reading for just a bit longer and then you discover it is two hours later and you still want to keep reading. Loved the book!

Carmen says

DNF at 15%. Boring and terrible.

ZERO REAL STARS, ZERO ROMANCE STARS

Brittany says

So I do not even really have much of a reason but I just did not love this.

Barbara says

I have previously read Myriah Fire by Claudy Conn as a stand alone book. I always thoroughly enjoy Claudy Conn's Regency Romance. In a world where your marriages are set up by your family Myriah wants more. When she is ordered by her father to marry a certain man, Myriah runs away in the night. On her journey to her grandfather's home, she and her manservant come across man that has been shot. They return him to his home, tending to his injuries. When Myriah finally gets some sleep, she is awoken by a naked, hard bodied man, Lord Kit Wimborne, who believes she is a woman his brother intends to share. She convinces the Lord to let her stay for a week, to hide from her father and a growing attraction becomes apparent to both of them. With adventure and steamy scenes, a great romance, with a wonderful central character, I know you will enjoy this.
