## New World Order Elle Casey

*This is an alternate Cover Edition for ASIN: B007YJBLQ2.*

**NEW YORK TIMES and USA TODAY BESTSELLING AUTHOR, ELLE CASEY, brings readers Book 4 in the YA Urban Fantasy WAR OF THE FAE Series.**

Will the fae be able to make the sacrifices they must to survive? ... Jayne Sparks and her Light Fae changeling friends face off in the final battle against their enemies. But the identify of their true enemies isn't as clear as it once was. Are they the ones breaking down their doors ... or perhaps another entity, hiding in the shadows? Friends come and go, bridges burned are rebuilt, love is lost and found. The survival of the fae depends on the answer to one question: Which burns hotter ... hatred or hope?

*Content Warning: Mild violence and significant foul language within. Meant for older Young Adult readers (age 15+).*

### **WAR OF THE FAE SERIES READING ORDER**

Time Slipping (War of the Fae Book 8)

Dragon Riders (War of the Fae Book 9) **\*\*Coming soon\*\***

Winged Warriors (War of the Fae Book 10) **\*\*Coming soon\*\***

**About this series:** A reader fan recently set up a blog dedicated to casting the actors for the War of the Fae movie. No, it is not in production to be made into a movie, nor have I sold the rights to anyone for the movie. But just in case I ever do, my fans will be sure the casting director has a complete line-up ready! Check it out: [ellecasey.com/WOTF\\_Movie](http://ellecasey.com/WOTF_Movie)

## From Reader Review New World Order for online ebook

### Tracey Murphy says

I absolutely love this series and Jayne is my hero. I love her smart (foul)mouth and her freak outs but she is overall a great person struggling to do what is best for everyone. Also I was so sad about Chase (was almost as teary as Jayne).....i think I can grow to love Ben too..I hope Jayne can....I know she is not in the mood to hear about Ben's awesomeness!! LOL These people feel so much like friends and i am dying to know how the new mix up is going to go....Elle..you are awesome and must write as fast as possible...I miss the gang already and am ready to get to know the new Dark fae members. I do get crazy when you end in the middle of very important scene...Thanks for all the laughs and excitement.

---

### Sophie "Beware Of The Reader" says

Holy Molly, what a great serie!

Not a dull moment, full of surprises and great characters.

I love Jayne, she rocks the old fae world. Sassy mouth, sarcastic, loyal, courageous and mischievous. She comes no holds barred in this fae world, makes mistakes but saves the day.

It reminds me of the Shadow Fall serie with the supernatural bunch of incredible friends, plot and humour.

You've got (no telling names because I don't want to spoil the fun):

- a hot incubus, always trying to get in her pants;
- an archer, green fae and former redneck;
- a bubbly water sprite whose moto is "make love not war";
- a daemon protector with Viking's good looks;
- a farting crazy pixie;

werewolves, sirens, witches ...all supernatural creatures.

I juts read the 4 books in less than three days. Go for it!

---

### Ashley says

I thought this was a really great follow up to the last book. One quick comment I have is that when I first started realizing that Chase (who I love) was not going to be Jayne's one true love I was kind of angry, but by the end of the book and by the end of the bonding ceremony between Ben and Jayne I was okay with the way things ended up. I fell for Ben during that kiss at the end. I liked the way the War of the Fae series wrapped up and left the Light and Dark fae working together and cannot wait for the next series Clash of the Otherworlds to come out. Overall, I really enjoyed the whole series.

---

## **Mandy says**

My least favorite in the series this far. Even though I'm team Spike from the beginning, I didn't like the whole mother-father arranged binding thing with Chase going away. Still the books make me curious enough to keep going and see what happens next, because that Ben dude just doesn't sit right by me.

---

## **Jesslyn says**

While this series is complete, the story will continue in The Clash of the Overworld. Depending on how that series goes, I can see the clear demarcation between series.

I still am in love with Jayne's inner voice, the lack of overabundant teenage angst and just a damn good story. I listened to a majority of this book in my car via Kindle's text to speech and found myself (more than once) laughing like a loon in my car.

This series has caused me to put Elle Casey on my auto-buy list and I look forward to more. If I had a complaint it is the same one that I have for most UF authors - please add some ethnic diversity. I guess if you're not 'diverse' you don't notice, but as a reader of fantasy since (wait for it) Interview with a Vampire in 1981, I really miss the fact that asian, hispanic and blacks usually never appear unless the setting is in--asia, s america/spain or africa. But that's my thing.

My Kindle Highlights/Notes:

The thought of a demon wiener getting anywhere near my hoo-hah was absolutely gag-worthy  
Note: Ya think?

Great. Not only was I going to be one of those ultra-fertile types I'd read about in health class but some soothsayer had also apparently been talking about my virginity. How rude. How embarrassing.  
Note: Ha

To think that prom sex could have saved me from a demon rape was too ironic and awful to fully appreciate right now;

If we couldn't kill this thing with the combined force of all four elements, I was just going to have to resign myself to losing my virginity to a blind, murdering demon and giving birth to its spawn

I was about to make a life-altering decision while standing in the bathroom, next to a toilet  
Note: Dont we all?

---

## **Ruby Ridge says**

What a crappy ending. I was reasonably happy with the story until the last 10% of this book, now I will read no further. Let me clarify, I HATED the ending of this book, no redeeming features, , absolute garbage. My advice - read up to 90% the use the remainder for fixing that wobbly table or lining the cat tray.

---

### **Tom says**

4.5 3 days later and can't figure out what to rate it so I just threw the other star at it and I'm moving on. I was a little annoyed with the lack of growth of the main character but the story just never bored me and had me flipping pages like the last 3 books. If this was the end of the story I think I would have dropped it to a 4 because it would have been too rushed and incomplete. Knowing there is more to it made it easier on which way to swing.

---

### **Kristen says**

The Changelings (War of the Fae #1): 3.5 stars

The Changelings (War of the Fae #2): 4 stars

The Changelings (War of the Fae #3): 4 stars

The Changelings (War of the Fae #4): 4 stars

The skinny:

Jayne has a life that leaves much to be desired. The only bright spot is her best friend Tony, who knows her better than anyone, and who is the only consistent, stable presence in her life. One day, Tony discovers one of the nightmares of Jayne's life. In order to prevent himself from taking revenge on behalf of Jayne, the two of them decide to run away. This action is the domino that sets all the others in motion. Jayne, Tony, and several new friends are thrust into an entirely new world where things they had thought were fantasy are a reality. But Jayne's problems are not over in this new world; she and her friends must combat a demon larger and more dangerous than they were anticipating. To do this, they have to put aside what they had previously accepted as truth, and allow themselves to believe that everything is not always as it seems.

Likes:

The first thing that stood out about this series was the main character, Jayne Sparks. Jayne is not your stereotypical high schooler. For one, she is very comfortable in her own skin. Although the character seems to be confused about who she is at times, I, as the reader, wasn't convinced. Jayne seemed to know exactly who she was, and exemplified this through her loud and foul mouth ;) At the beginning of the series, these traits seriously bothered me. I was kind of hoping that Jayne would become a secondary character, because she was annoying the crap out of me. As book one progressed though, I started to.....like?!....Jayne. This feeling only grew throughout book two, three, and four. I ended up admiring her sense of self, even if that sense of self involved an exorbitant amount of swearing, teehee!

I also grew to love this series because of the secondary characters; most notably Tim. Tim, a pixie that Jayne helps, is quite the character. He is very large and in charge, even though he is a wee little thing. Tim offers a lot of comic relief in the story (which, already contains a lot of humor), through his side comments, itsy bitsy Pixie farts, and his constant preening. Scrum also became a beloved character, despite his resistance towards washing his hair. Scrum ends up being a great friend to Jayne, and a very capable protector.

Not so much:

I didn't have any MAJOR dislikes regarding any of the books. One problem I did have is that I was left wanting more. The whole series was a gigantic build-up to a supposed battle. The thing is (view spoiler). Because of this, I felt like I was kind of left hanging at the end of book four. To my surprise though, there IS a continuation to this story. I didn't realize this at first, because "book 5" is marketed as an entirely different series. I will definitely be continuing this story, with the "new series."

Overall:

These books are definitely not for everyone. If you are in the mood for a snarky, sassy lead, and a cast of funny unique characters, then you might enjoy this series. The world that the author created was pretty cool, not the most in-depth I've ever read, but still interesting. I'm happy that I started reading the series, and am planning on reading whatever else the author writes about these characters.

---

### **Annika says**

Nope, nope, nope, nope, nope.

Nope. I'm out. Done. I'm so over this series. What an utter disappointment.

The sad thing is, up until 90%, it was an okay read. I didn't love it, unlike the three previous books. Most of the time, I felt like the whole purpose of this book was to raise question after question after question, confusing and frustrating the hell out of me, without answering or resolving anything at all. I really should have counted all the '*I can't tell you's* and '*That's not my story to tell's* and such. Still, it would have been enough for me to read the next installment because I still enjoyed the majority of the characters, and I'm particularly crazy about Tim, the happy, sarcastic, vengeful little Pixie with indigestion issues.

And though Elle Casey decided to take the cheap and easy way to make me curious about what was to come, she succeeded.

But then... THEN! I really hate the direction the story took afterwards. I feel betrayed. There, I said it. As if all the build-up so far, every word I read up to that point had been completely in vain. Pointless.  
(view spoiler)

No. Fucking. Way.

Binge-reading attack over.

---

### **N.G. says**

I'm between 2.5 and 3 stars

**Review with spoilers**

Well, first of all, if you are really desperate to finish this series don't read first the ending. I did it and my reaction wasn't cute:

So yeah, that happened to me. Sad...isn't? However, I decided that I was still reading the book because I thought that everything would make sense at the end about -at least- the romance-weird thing, but no, it didn't! I just felt more and more confused wanting to skip pages because it was just queer. I found Jayne really annoying, selfish and inconsiderate. What the heck happened to her?

Most of the book was about Jayne and friends fighting the "evil forces." (view spoiler) And, Jayne finally making decisions about her love life.

**"I've been watching over you for a year."** <---What the hell, Ben?

How in the world did Ben become Jayne's mate...I don't know. At least Chase and Spike had story with Jayne, but Ben didn't interact with her a lot. Then, we found out that Chase is an angel and his mission (the real one) was to unite both Fae (Dark and Light) with the help of the Mother and the Father...you might wonder, well, who's the Father? Ben! I kid you not. Ben is Father Time and Jayne is Mother Nature. Consequently, they both had to marry because...I guess is the only thing that helped to really unite both clans.

When the faes knew about the wedding my kindle was at 90% ,and then, when they married it was at 97% so I guess (take into account that they really met each other in book three, and between the third one and this one they spent maximum one week together...mostly threatening and insulting each other) "soul-mates" can be imposed instead of chosen, but that's okay because everyone's happy at the end, right?

#### **Favorite Quote:**

**"A higher purpose is being here, overcoming obstacles, striving, protecting something valuable that will move your spirit towards the final awareness. Now *that* is a higher purpose."**

---

#### **Maria says**

I loved, loved, loved this series so much.

First thing, you will NOT want to put the books down, and if you read like I do, will complete them anywhere between two to four days. ALL the characters have their own strengths and the group chemistry between friends is amazing.

#### **MOST IMPORTANT: PIXIES KICK ASS.**

There is a pixie, Tim, who will crack you up and have you laughing so damn hard you won't know what to do with yourself. Truth be told, he STEALS THE SHOW, but Jayne (the main character) is such a delight to read. I was kinda sad how it ended (NO SPOILERS); however, there is so much left out in the open (not in a bad way) that as others have stated, the author's spin off series will inevitably get into that.

I just cannot rave about these books enough and have told many friends about them. Another cool thing: the author will talk to you and is a total sweetheart.

If you like fantasy, a bit of a drama, lots of humor, and a good time then PICK THESE BOOKS.

---

### **Jason says**

This is one of those books that you won't want to put down once you start reading it. Does a great job of bringing everything from the first three books together into a great ending and sets things up nicely for future story lines. This book made me laugh out loud many times. Love the writing, the characters and the story. I am proud to say I am a big fan of Elle Casey.

---

### **Cristina says**

I cannot begin to explain how much I loved this series. LOVE, LOVE, LOVE!!! I am recommending it to everyone I know!! Such a fun read. Great characters and action. Will not disappoint. Jayne is one of those lead characters that you will just fall in love with. Funny, strong, and extremely likeable. I lost track of time while reading these books. Didn't know what day it was, what time it was...or what my family was doing!!! :)

Elle Casey reminds me why I love to try new authors (I've been known to get into an author obsession). Like right now, I'm going Elle Casey all the way until I've read every single one of her books!!! And then, I'll wait for more! Keep writing Elle, because I'll keep reading.

---

### **Kate Bruns says**

oh man these books had me crackjng up. Tim the pixie! the pixie farts. it had me lol'ing everywhere i read it. my coworkers wondered what was wrong with me :D i read all four if them in a week. i cant wait for your next books!

---

### **Carol (StarAngel's Reviews) Allen says**

Holy Shit...I can't even express how much I'm loving this series.

Yeah, there may not be sex but the story line is fantastic!

---
