## **Noah B says**

noah's family bilds an ark because god told them that it will flod.

---

## **Karen says**

### **Cute Book**

My grandson is all about Noah's Ark. He loves animals. This book kept him very interested. The pictures are colorful and cute.

---

## **Janell Martin says**

Not true to the biblical account.

---

## **Jimmy B Grande says**

An enjoyable read but something more for CCD class.

---

## **Mel Ann says**

Preschool and Elementary style learning for a biblical school style. Short, sweet and simple.

---

## **Christian Singer says**

Wow. What a zoo! Noah must have had his hands full with all the animals! Anyone who loves animals will like this Bible story. Tibor Gergely must have put a lot of work into the illustrations. They're sure to keep children's attention.

---

## **Nikki says**

Another reviewer said this book was not true to the Biblical account. Good heavens! I sure HOPE not. I would never consider the uncensored Old Testament suitable reading material for small children. It's a bit on the brutal side, and Noah was a drunk (something that tends to get left out of Sunday School and children's storybooks).

---

**Skylar Burris says**

I have a very old version of this book, and my cover looks much different, but it's the same author...so I assume I'm reviewing the right book. I had this little Golden Book as a child, and now I am reading it to my own daughter. For a time it is one of her favorite books, and so far it is my favorite children's book based on Noah's ark (of the dozens or so I've seen). The vocabulary is not dumbed down; nor is the story "sanitized"; yet it captures her attention. The drawings are not as cartoonish as what one usually finds in versions of this story.
