I really enjoy this new series from Jill Sanders, this one must be her best one yet!! We readers were introduced to these three sisters in book one, this story was about the second oldest sister Alex. After losing their mother Lauren took on care of her 2 other sisters, now young ladies. Alex was fun wild child, who is engaged to the town bad-boy.

Grant comes back into town and buys a small farm out to prove he is back to stay. When things finally brake for the relationship between Travis and Alex, Grant tries to convince Alex there is nothing wrong with staying happy with a good guy. Grant is very swoon worthy! Well written!!

I wish Holding Haley was out now because I want more of this series. I'm so happy I found this series because I'm really enjoying it. Taming Alex was just as good as Loving Lauren, if not better. This is another friends to lovers story. Grant and Alex grew up together, Alex the wild child and Grant the goodie to shoes. Grant has had it bad for Alex since at the age of seven they shared their first kiss. After going away to college, Grant is back and ready to win Alex over. These two were so sweet and cute together, I couldn't get enough. I can't wait for Haley's book.

I am really liking this series. After book one I was looking for a little bit more depth and I am happy to say I got it in book two. I loved Alex and Grant together.

I was not a huge fan of Alex in the first book. She came off selfish and immature. She quickly redeemed herself and I was pulling for her this entire story. She found her own way, let herself be deserving of true love and letting go of her past.

Grant, oh my goodness, he was every woman's dream. In love with Alex since their first kiss at 7. He has changed from a chubby, glasses wearing boy into a strong, healthy and handsome man. He came back home to start his life over. The big city was not for him. One night he runs into Alex and knows immediately that he needs her. Shes was always special and he now was determined to show her just how much. He needs to prove to her that she is the only woman for him.

Along the way there were a few bumps, a little drama and mystery, and a whole lot of love. These two are special together and leave you with a nice love story. I liked that we got to see how Lauren and Chase are doing too. Now all that is left is Haley...

★★★★★ Taming Alex by Jill Sanders (West Series #2)

I was given this beta in exchange for my honest opinion.

Well this series has shocked me and been an eye opener to a genre of some super hot sweaty ripped cowboys. Why have I never read cowgirls/cowboys before?!?!

The West sisters are back,

running Saddleback Ranch.

It started as an innocent kiss, really just a keep you trap shut kiss. But it stole his heart.

Eighteen years later,

WELL HELLO, COWBOY!!!!

This is definitely not the Grant, Alex grew up with, he's all grown up and sinfully delicious. The only foreseeable problem is, he is good. Too good. And good guys always finish last.

This is definitely the most mild stuff I've read in a while but I am loving the cowgirls just the same. I can't wait for Holding Haley to see how this all wraps up. Thanks Ms.Jill for the sexy cowgirls and their yummy cowboys.

This is book 2 in the series and follows the story of Alex and Grant.

The suspense in the story always leaves you second guessing. That mixed with the beautiful romance elements made this an addictive and enjoyable read.

I thoroughly enjoyed the first book, but this one was of a higher standard than the first book. If the series continues to improve, this may turn out to be one of my more enjoyable series.

Highly recommend

A Dream Come True!!!

Grant Holton has always had a crush on Alexis "Alex" West since a tender age, she was the first girl he ever kissed and vice versa.

Grant went away to law school while Alex stayed in Texas, worked at the local diner, helped her sister Lauren around the ranch and started dating bad boy Travis Nolan. The latter proposed to Alex which didn't sit well with her sisters, Lauren and Haley but when Alex found out about her sister Lauren's marriage to Chase Graham.....things were a little tense for awhile between the sisters. Lauren advised Alex not to settle for anything nor anyone less than she deserves.

Travis Nolan has let Alex down so many times and she always forgave him but him getting drunk on her birthday was the beginning of the end for them.....the last straw was when she found out that he was kissing Savannah Douglas.

Grant was there for Alex when she was hit with the most devastating night of her life...Grant suffered the loss of a great friend he met while he was in Harvard and that lead him to come home. Alex and Grant have been each other's pillars. They grew closer and fell in love in spite of outside forces trying to keep them apart and Alex's misconception about her not being good enough for Grant.

A must read, the way Alex's love realization came about was beautifully done...She realized it has always been Grant for her.

Loved Taming Alex! Alex is sassy and smart and thank god she got rid of her stupid ex! Grant is such a hot cowboy/Lawer and he's such a great fit for Alex...again love the suspense in these books, it keeps me hooked till the end, trying to find out who did it lol such great reads xx

Rating 3.75 (Yes I have decided to start rating on a quarter scale)

Of the series that I have read, Taming Alex was my favorite because I always seem to empathize with the 'bad' girl. This is probably because I was generally always the good girl and secretly had a wild streak that I oppressed. Someday this will probably cost me a fortune in therapy. Also, I love girl names that double as boy names (completely unrelated but this is my review). Anyways, Taming Alex has a little mystery, proves nice guys don't always finish last, and really does have a strong female lead. Alex may not be as independent as her sister Lauren, but she comes around.

Once my book reloaded, I was able to read the entire book instead of 2 pages. Haley & Grant's story is wonderful. Love that Lauren and Chase had some parts in this book. I hope Haley's story comes out soon

Tracy Lundy-Munn says

Taming Alex is the second book in the West Series by Jill Sanders. This standalone book had a solid storyline with tons of twist and turns that it had me hooked from beginning to end. The characters had lots of depth, emotion and chemistry that you couldn't help but fall in love with all the characters. Grant & Alex were a fabulous couple that you were rooting for them to find their happily ever after. Looking forward to more books by this fabulous author.

as soon as i finished Loving Lauren and loved it, i thought i had to read the 2nd one and i wasn't disappointed, i loved this story and how Alex and Grant's story comes together, not the usual alpha male i liked but its a nice change from the usual alpha males i read. Grant was alpha in his own way and so sweet and his love for Alex was just beautiful and their characters suits well, i truly enjoyed reading this book, now I'm reading Holding Haley as i had to read her story now or i won't settle lol.. and i had to say i love it so far. :) *goes back to reading Holding Haley*

Travis is a bad boy and Alexis is his wild girl friend. After two years together she finds out he has been cheating on her for a while. Grant is a preppy goodie guy from high school. When he comes back home he finds Alexis and when she breaks up with Travis he figures its his turn. He persues Alexis but she feels even though she really likes Grant that she isn't good enough for him. Then when things start to happen, which puts her in danger Grant is there for her. Nice story. Some profanity and sex

Kim Page says

It's hard to believe but true Alex's story is even better. I dare you not to fall in love with Grant...he is just too yummy for words!! The West girls continue to struggle with losing their mother too early in their lives...each having their own emotional hurts and unwarrented guilt over it. Dealing with that, learning to free themselves of that guilt helps each to find their own true love like the love their parents shared can be difficult to say the least!! Now for little Haley's Story!!

Terisa says

Alex has always been the wildest of her three sisters. She blames herself, just as her older sister did, for her mom dying. Even though she's wild, she has never been one to slip out on work though, in fact she started working at the dinner as soon she could and started giving half her paycheck to help pay for bills after her father dies when she was 17.

She's known for a long time that she wanted to marry Travis even though he is the town bad boy but she catches him in a compromising position again, she's had enough.

Grant is back in town and can't believe his eyes when he sees Alex walking home alone. He's been in love with her since he was seven years old when he was the overweight kid with glasses that everyone picked on, everyone but Alex. Now how and HOT can he get up the nerve to make his move or will Travis put a stop to him?

This book had some mystery to it when things start happening to both Alex and Grant. I did figure out who it was before the reveal but it wasn't who I thought it was going to be at first. This was another great book by Jill Sanders and while it can be read as a stand alone, I suggest reading Loving Lauren first. I also highly recommend her Pride series! It's one of my favorites!

Laura says

This series is becoming 1 of my favorites!! This story was heartwarming & exciting. I thought I had it all figured out, but it took me until 3/4 of the way through to realize I was wrong!!! Therefore, it was well written in my opinion as it kept you on the edge of your seat & wasn't overly obvious as to the "who done it" aspect of the book.

I loved the relationship between Alex & Grant. The story made you want to fight for their relationship until the bitter end. I really enjoyed this exciting love story!

I was given this book in exchange for my honest opinion.
