## **Tempt Me** Roxy Sloane

From USA Today bestselling author Roxy Sloane comes a filthy, seductive new duet. Spare panties and extra batteries definitely required!

I've never fucked a woman who didn't lie.

Not to me. When I'm grinding eight inches deep up against your G-spot, you can bet you won't have the mind to remember your own name. No, I'm talking about the next guy. And everyone who's unlucky enough to come after me.

"That's right, baby. You're the best."

"Nobody's ever gone so deep."

And this one, the classic. The biggest fucking whopper to ever cross a woman's lips:

"Size doesn't matter. It's what you do with it that counts."

Right, love. Say that again with a straight face once I've stretched you so wide, you're begging me to stop and screaming for more, all in the same goddamn breath.

Go on, I dare you.

We've all got our secrets, but it just happens to be my job to figure yours out. I'm the best in the business, and I never back down.

But this case is different. This girl is different.

I don't just want her secrets. I want everything.

## From Reader Review Tempt Me for online ebook

~ Cariad ~ says

This story runs like a stream, that joins the river that crashes fast and furiously toward Niagara Falls!! In other words, it starts slowly, but once it gets going after about the 15% mark, it's super HOT!!

I'm a big fan of a dirty, DIRTY talker and WOW Jase delivers on that front!!

I'm pretty sure that I know where the stories going but I'll definitely enjoy the continuation of Chloe and Jase's story with the second part of this duet.

3.5-4 stars

This book was very hot! I loved it and devoured it in one sitting. I was not put off by the rough sex, it was more dirty talk than pain and it worked for me.

So this is the story of Chloe and private investigator Jase who is secretly hired by her fiancé to get incriminating evidence against Chloe. Once Jase discovers her innocence, he is hired to seduce her so that her fiancé can use it against her and call off their engagement. Jase and Chloe forge a "friends with benefits" sort of arrangement where she explores rough and dirty sex. Jase is rough around the edges, but has a tender heart. He teaches Chloe a whole new meaning to the word sex! Chloe is the woman who's occupying his bed and is slowly creeping into his heart. When the secrets are revealed, her trust is destroyed. Which means Jase is going to have to use all his skills to get himself out of the friend zone and into Chloe's heart.

Roxy Sloane sure knows how to get the libido started! It's not often that you find an erotic author who also tells a beautiful contemporary love story but RS has done it yet again. It's no wonder she's so popular.

## Lisa says

Tempt Me by Roxy Sloane is the first book in her new *Temptation Duet*. This book is told in dual POV and features a very honest and wonderful female lead with Chloe, and one of the dirtiest talking alpha heroes in Jase. Right from the very opening of the book we know that Jase loves women and sex but never a repeat. Chloe is engaged to Max Mainwaring, heir to the Mainwaring fortune and is blissfully happy. At least she thought she was but each encounter with Jase and his overt flirting and sexual innuendos has the glitter falling off her image of what she has with Max. Each overt sexual comment awakens a need inside her that she has never experienced before and slowly she realizes that perhaps Max isn't the one for her.

I loved this. I have been a big fan of Roxy's from the get-go but she is just getting better and better with each new book. The angst, the emotion, the perfectly placed cliffhanger. Yes, I said cliffhanger, but fear not, book two, Tease Me is due to release October 13, 2016. Enjoy!

I had no idea what to expect since this was my first book by this author but I had the feeling it was going to be a good reading. And it definitely was. I devoured Tempt Me in one sitting. A total sexy page-turner.

Roxy Sloane's new book delivers a sexy, funny and with a little twist read that will have you glued to your kindle. Believe me, you won't want to miss any word that comes from Jason Banner's filthy mouth. A must-read for lovers of sexy-dirty-talker heroes.

Let's talk about our hero.

Dirty Talker ✓

Cocky ✓

Hot as hell ✓

Eight inches ✓

Jason Banner is a no-strings-quickie kind of guy. A total manwhore. He is used to get what he wants. How he wants and where he wants. Until Chloe.

Engaged to her "Prince Charming" or who she thinks is her Prince Charming, Chloe is finally living after enduring some heartbreak in her past. Her fiancé is everything a girl can dream about. Rich, sweet and treat her like a "Princess" or that's what she tells to herself. Her instinct tells her that he is not the one but what do you do when the same instinct that tells you to run away is the same that have let you down before?

***"Jase is just an illusion. Max is the one who's for real. I won't screw my heart up again."***

Chloe tries very hard to stay away from Jase. But let's be honest here. Jase Banner is impossible to ignore.

***"Jase Banner may talk a big game, but he definitely has the goods to back it up."***

Oh boy does he has it. Jase & Chloe deliver some of the dirtiest steamy scenes I have read. \*Fans herself\*

But is not all hanky panky between them. There are secrets too. Secrets that once revealed will have the power to destroy them. What will happen to them? Will they stand together or fall apart?

You have to read it to find out. LOL.

Tempt Me ends with a cliffhanger so it's recommended to one-click both books!

**Mary says**

I want my very own Jase Banner! He's sexy, good looking, and a filthy mouth that never quits! Goodness, who wouldn't want a man that promises pleasure like no other! The kind of man that can drive home the point that no other man after him will do because he has literally wrecked your body! The only problem is he has never been turned down until he meets Chloe Archer. He can sense she wants him but what he doesn't understand is that Chloe isn't a cheater.

Currently, she is engaged to a wealthy man, Maxwell Mainwaring, but lately their relationship has seemed off. What she feels when she is around Jade isn't what she feels for her fiancé. There is also his overpowering, snobbish family, particularly, his stepsister, Sienna, and something just doesn't add up with her behavior. The unfortunate thing is Maxwell hired Jade to find out all the dirt on Chloe so he can break the engagement and get the family heirloom back. What will happen when Chloe learns Jade hasn't been all that honest with her?

Chloe has her own troubled past and she wants it kept that way--in the past. These two have so much spark and intensity when they encounter each other that it could start a forest fire! Roxy has nailed this one and it is definitely one of my favorite books this year!

**3 'Liars' Stars!**

I saw *Tempt Me* as a freebie yesterday on Amazon and decided to give it a go! This is not my first book by Roxy Sloane (I really enjoyed *The Seduction!*) but I have to say, to me, it's not her best. I enjoyed it but not loved it.

Of course, the sexy times were super-hot (Roxy is good in that department lol) and Jase is a dirty dirty boy but I feel like I didn't connect much with the characters and their relationship. Jase is too full-of-himself and a serious manwhore!

Still, I am curious on how this will end (since it ended in a cliffhanger) so I am going to read *Tease Me* right now!

And they could blow their blossoming relationship out of the water. When the secrets are revealed, will this couple stand together or fall apart? Read to find out and discover the awesomeness of Jase Banner, Private Investigator.

## **Theresa says**

Chloe Archer, a former ballerina, is engaged to Max, one of the city's most eligible bachelors. He comes from old money, and with that comes a world of challenges for Chloe. She loves Max, but certainly not the trappings that include his family and friends.

Jase Banner is a private detective. He's the one who gets the dirt on the cheating wives and girlfriends—usually after he's bedded them. Jase has a filthy mouth, and knows how to use it. He has women dropping themselves at his feet, and he doesn't do repeats. When he's hired to find information about Chloe, he's planning to use his usual charms to get Chloe to cheat on her fiancée. To his surprise, Jase finds himself attracted to Chloe. She different from most women he's come across. There's something about her that pulls at him.

Chloe, feeling overwhelmed about her impending nuptials, can't decide if she's unsure about marrying Max, or if she's just got cold feet. After meeting Jase, they strike up a flirty conversation. Chloe has no intention on cheating on Max, but she can't deny the attraction she has for Jase. Meanwhile, Jase's client is turning the screws for him to get the scoop on Chloe, and ups the stakes for Jase to continue his investigation.

I loved the chemistry between Jase and Chloe. Jase brings out desires Chloe never knew she had. There was lots of heat in this story, and I can't wait for the conclusion to this series.

Tempt Me is the first book in a two-book series.

I voluntarily reviewed an ARC of this book, and I give it 5 stars.

Mystery, seduction, and enough dirty talk to make you melt...TEMPT ME will do more than just 'tempt you', it will satisfy every sexy craving you have, and then some. ## My Girlfriend's Couch Blog says

I have read only one Roxy Sloane book - Explicit. I have to tell you that after reading the blurb for the Temptation Duet, I knew that I needed to take a chance on her writing. I am so glad that I did!!! Can I just tell you how much I love her writing?!?!?

Warning, Tempt Me is the first book in the Temptation Duet. I have read both books in the duet and I would recommend that you read both books together. Tempt Me does end with a cliffhanger.

So, let me get down to my thoughts... Tempt Me was so different from Explicit. Roxy's writing was fun and flirty between Chloe Jase Banner & Chloe Archer. And ladies, might I add that Jase Banner is one hot man!!! A PI that is into hot sex and dominance.... Need I say more?!?!?

The Temptation Duet as a whole was a fun story to read. There were twists and turns that kept me reading until the last word in Tease Me.

"Jase looks at me like I'm perfect."

I am so excited that I discovered Roxy Sloane and her work. I continue to love what I have read from her.

DNF @ 28%

While I loved the Invitation Series (Ash is one of the hottest H's ever!) and the Submission Series I can't do this one. At 28% in I've had to read two detailed sex scenes between the H and OW. No, the H and h are not together BUT I still don't need to read about his exploits. I scanned thorough to the end and the end result of the twist was expected but not the person involved. I may scan through the second book just to see how much the H has to grovel but that's about it.

Oh! and condoms were never mentioned! The way the scenes were written indicated that there was NO protection used at all!!

## **Renee says**

I received a copy of this book in exchange for an honest review for Stephanie's Book Reports.

Tempt Me is the first book in a new duet series from the amazing Roxy Sloane.

Jase Branner is a dirty talking, woman pleasing, one night stand kind of guy. He doesn't get turned down ever. Until Chloe Archer. He can tell she wants him but she won't give in. She's engaged and does not cheat. And that is about all the book description your getting from me. I don't want to give anything away about the story. It's to much fun to go in blind and figure it all out as you read.

I loved both Jase and Chloe. They are both good characters and you won't be able to fully figure out everything about them. I like the mystery surrounding the two. They have sparks though that will leave you wanting more. Jase is the kind of man who backs up what that dirty mouth says. It makes for moments that will have your kindle melting in your hands.

Roxy Sloane never fails to deliver stories that alway bring the heat while leaving you with things to figure out. I so can not wait to see what happens in the second book Tease Me. Tempt Me is a definite must read.
