**The Harder They Fall** Adam Croft

**Gabriella Stevenson likes the finer things in life. So much that she's prepared to kill for them.**

A succession of rich husbands has ensured she's never wanted for anything, but there are some itches that just can't be scratched.

When she comes to realise that her current husband has reached the end of his usefulness there's only one thing for it...

But plotting your husband's murder isn't quite as straightforward as you think...

## **From Reader Review The Harder They Fall for online ebook**

### **Jack Okorn says**

Leave it to Adam Croft to bring us a short story with so many twists. This is a story that all men should read so they know what to watch out for in life and relationships. It is also a book all women should read to know what not to do in a relationship. I really enjoyed the ending of this book. It is so twisted that you won't see it coming until the very last word on the last page. With his mind and his work on a keyboard, I am sure we will be reading Adam Croft for years to come.

---

### **Philomena Callan Cheekypee says**

This is a fab wee read. The author sure knows how to tell a story. I'm definitely gonna be reading his longer stories after reading this. A good story with a twist I didn't expect. That's all your getting from me. Go read it for yourself ?

---

### **Roxanne says**

Quick serial pretty good. Have to see if the story continues.

---

### **b says**

#### **Nice twist**

One interesting aspect to a short story is that it's difficult to pick up on potential twists. I certainly didn't see it coming. The main character is well profiled and it doesn't take much before you feel as though you know her or understand her. It's also pretty demented over, which I appreciate.

---

### **Hans says**

Short story with a twist at the end that is a bit too far-sought.

---

### **Lesley says**

Great little short story! I got it free with my amazon prime, worth the read!

---

## **Estelle Golding says**

What can I say, the author is Adam Croft. Another good story, don't want to spoil it, so won't say anything else!

Would have liked it to have been a full length story. Never mind, just wait for the next book now!

---

## **Richard says**

A classic short story of a woman falling in love with money and being prepared to do just about anything to succeed. An early lesson learnt is that a widow makes more when a marriage ends than a divorcee.

When she tires of husband she has just the an MO to conceive to ensure his death would not look suspicious or a murder where the sole suspect is herself. She spends her days planning how she will spend the money and failing to notice what is going on in her life and around her home.

Her heart is as dark as any Black Widow but who can stop her knocking off another rich husband.

A story beset by ironies and a morbid sense of humour with an ending difficult to anticipate.

I loved that the character of the huntress is the only one we learn about; you feel little warmth towards her and you wonder how her plans will become unstuck. However, what we learn of the other players towards the end we can feel no sympathy and almost applaud the thought of getting away with murder.

---

## **Lisa says**

### **Wow**

This is a really good story. I'm not going to say anything else because I don't want to spoil it.

---

## **Lisa-Jaine says**

Enjoyable short from a reliable author. Twists and turns guaranteed. Written well guaranteed.

---

## **Maeve \*?? says**

3.5 stars.

---

## **Nancy Silk says**

"What Goes Around Often Comes Around To Grab You"

This is a novella which reveals the kind of woman Gabriella Stevenson is; she's had several rich husbands to lavish her with luxury. Her current husband has lost her enthusiasm and is no longer useful. He'll have to

go. Just how will he leave her life? An eye-opener short story you'll enjoy. Highly recommend to enjoy on a lunch break.

---

### **Phil Hart says**

#### **Good short read**

This is an enjoyable story, nothing gory but a different sort of ending to the usual mini murder tales. Worth a read!
