The Mercy Trilogy

Lucian Bane

The Mercy Trilogy Lucian Bane

It started as a project to continue the charitable works of her deceased father. But when Mercy finds the man she believes her dad intended to help, it turns into a game of pain, lust, and danger.

The second Sade meets Mercy the do-gooder, his desires get busy plotting to condition her for his sadomasochistic appetites.

Everything goes according to his plans until he finds himself tied up and at the mercy of this woman who is nothing like the victim he'd mistaken her for.

She danced innocently into my Dark embrace --and blinded me with her relentless Light. ~Sade

*****WARNING*****

There are scenes of abuse via memory and in current story situations. The author took as much care as he could, while maintaining authenticity in these scenes.

I was hooked on this trilogy from the very beginning of the first book in the series. The storyline can be heart warming at times and horribly cruel the next. Definitely keeps you guessing. Mercy and Sade's journey is one of divine providence. They were both mistreated as children and brought together as adults so that they could heal each other. I was truly ecstatic that the author made sure that fate and justice were served in the end. This is a strong story and the subject matter is not for everyone. But if you give it a try I believe you will get hooked just as I did.

This series was great. Overall I would give it 4.5 stars. The series starts with a lot of unknowns, but throughout the series you learn about the characters, their lives. It is a true book of sometimes even when people only think there is bad in their life, they soldier on and eventually someone comes along to save them. I would highly recommend this series.

DELICIOUSLY DARK AND DEEPLY COMPELLING !!!

Title: The Mercy Trilogy

Author: Lucian Bane

Designation: Complete Three Book Trilogy, Standalone, NO Cliffhanger

Genre: Erotica/Thriller

Reading Platform: Kindle Unlimited

My Rating: **FIVE DELICIOUSLY DARK STARS*******

Wow! What a fabulous read! Deliciously dark, seriously sexy, completely engaging and divinely entertaining! This is my first time reading the work of Lucian Bane but it certainly won't be my last! The Mercy Trilogy is a well crafted and beautifully written story with two memorable and remarkably complex protagonists truly worthy of the descriptor hero and heroine. The narrative is completely mesmerizing and masterfully written in the third person with alternating his and her points of view - my favorite! The dialogue is raw, gritty, arousing and well executed. And for the pièce de résistance: the characters! Be still my heart! They are dark, seductive, complex, engaging, realistic, totally relatable and sexy as sin. Meet Sade aka Jonathan, our unlikely damaged hero with a dangerous, dark past and even darker, more dangerous secrets, and Mercy, a strong, brave, pure-spirited young heroine who also has secrets concealing a horrific past. Mercy was magnificent, a true angel of light and goodness tempered with intelligence, empathy, courage and a surprising, unexpected darkness of her own! And Sade was a bloody brilliant work in progress who turned out to be a beautiful masterpiece! This book is an emotional, gut-wrenching roller coaster ride that will rip out your heart and leave you on the edge of your seat begging for more! I laughed! I cried! I sobbed! I screamed and shook my fists in anger! I loved it! Without a doubt, one of the most emotional rides I've ever experienced while reading a book. Sigh.... Lucian Bane is my new book addiction! What didn't I love about this story? Not a darn thing! Would I recommend this book? Abso-freakin-lutely! But only for adult readers. Will I read this author again? You bet! Just as soon as I can race back to Amazon and purchase another book

by Lucian Bane. If you enjoy erotica that is dark, dangerous and realistic with a hard edge of suspense but generously laced with intelligent wit, humor, hope and redemption, then you will surely love The Mercy Trilogy! But please be forewarned, once you start reading Mercy, you won't be able to stop! This is the completed trilogy containing all three books: Mercy, No Mercy and Beg for Mercy. Warning: this book does contain disturbing violence, graphic language and explicit sex scenes.

SOUL MESH

Well, I just found a new author. This book is SO good. It's the beautiful, sexy, dark story of mercy and Jonathan.

Mercy is amazing! I LOVE her. She's such a contradiction, but, despite everything, she was constantly making me smile with her tough cuteness and beautiful heart.

Kane. I FLOVEDDDD Kane. ?

Great book. Can't wait to read more by Lucian.

A wild ride

Still crying from the end of this book. I don't know how something so beautiful could come from a story so dark but it was amazing. I loved every moment of this dark and thrilling ride and so happy I picked this up as a bundle because having to wait might have killed me lol. I loved Sade and mercy and sad it's over

Twisted Tormented Bliss

Darkness with beautiful rays of heavenly light. This trilogy is a thrilling psychological romance with eroticism bonded in S&M. A definite literary testament to soul mates. I highly recommend it.

Love this trilogy and Lucian Bane writing is powerful

Tracey says

Lucian has a way of writing that draws you in. This book will definitely draw you in and take you on an amazing ride, full of twists and turns. It's dark and suspenseful and plenty of steamy scenes. I went through every emotion while reading this, love, hate, anger and laughter. My heart broke for Sade and Mercy, the terrible abuse they suffered through, but I was right there with them when they triumphed! Once I started reading, I couldn't put it down, sometimes pacing the floor, feeling their pain and fear, afraid of what would happen next.

This book is very well written, Lucian creates characters that will stay with you long after you've finished the book. I recommend you get this book, you won't be disappointed. Get ready for a wild ride!

Chrissi says

This is a dark, erotic and at times soul destroying story. It also is one that shows human nature at its worst and ultimately a story of salvation. A fantastic, gripping series, full of raw emotions and passion , you won't be able to put it down!!

Emilia says

A very dark erotic romance. Definitely not for the faint of heart. Somehow most erotic romance characters out there are extremely rich and successful. Not in this book. The characters are unique by physical and emotional dark experiences, not by social power of any form, but by the lack of it. Well written journey to the bottom of humanity and its survivalists. This is a story about the creation of a real sadomasochist and the healing love can bring for the hopeless sexual deviants. If you're not able to digest the subjects of child sexual abuse, torture, rape, murder, this isn't for you. If you are ready for an intense emotional trip to the other side of pretty love stories and happy families, then please read on and you will not be disappointed. If there is such a thing as a erotic romance book club, this title should be on the reading list. Lots to think or talk about.

Great series

I really like this series. The characters, writing and storyline were really good. This is a must read. I love Sade.

Shawna says

Seriously, I did some ugly crying

I just walked through hell and back with Sade. In between hell and back were some surprises, some snorting to keep from laughing out loud, a few 'No, HE DID NOT!s, some squirming, and finding peace in all of the emotional chaos. Kick the family out for the day get some snacks and prepare yourself for a little binge read.

Mercy me

Another lucian Bane book that had me laughing, crying, and ready to go do naughty things. I love how Lucian can make you feel all those thing and more. This trilogy takes you on one hell of a ride. Where two people that are so different in every way but have so much in common find away to one another. It's hard to love when your past is real ducked but Lucian has figured out how to bring all the true feeling of how to deal with that ducked up a hit and deal with it. This book shows that and more
