The Wicked Prince Nicole Burnham

Prince Alessandro Barrali is known for his wild ways. After he's compelled to stand in for his staid identical twin, all Alessandro wants is to escape the fishbowl of palace life and indulge himself. When he awakens aboard the royal yacht awash in hedonism, yet bored out of his mind, he decides a new quest is in order.

Francesca "Frannie" Lawrence needs capable volunteers at the children's shelter she's opened on the tsunami-devastated South Pacific island of Kilakuru. When Prince Alessandro Barrali appears on her doorstep, she's sure she has a nightmare on her hands. Since the royal family provide the shelter's financial backing, she can't turn him away. Nor can she deny that the children adore him. Can she find a way to protect the children in her care—and the walls around her heart—against a challenge from a wicked prince?

LaTasha Stewart Estelle says

Another winner

Loved it! My only small complaint is that I thought the ending was a little rushed, but it is a very good read.

Joyce says

Terrific summer read. Fun fantasy with not so far fetched story. Thoroughly enjoyed the writing, characters, settings and story.

Patricia Camaioni says

Another great chapter in the royal families story!

Although this story in this wonderful series was a little slow and hard to get into, it was well worth sticking with. Alessandro was one of my favorite princes from the earlier book and was happy that he found love his HEA with Frannie.

Sandra says

Me encantó, este príncipe ha sido uno de mis favoritos, me encanta la personalidad y sobre todo la historia es tan linda y romántica, un libro que realmente vale la pena leer!!!

Patricia Camaioni says

Although this book wasn't as easy to get into as the other stories in this wonderful series, I kept reading and wasn't disappointed. Alessandro was one of my favorite princes from the earlier books. I was happy he found his HEA with a woman like Frannie.

Aulia Pisca says

it has less royal's drama than the previous book, royal bastard. But this book makes me wondering who will be the crown prince (or whose son).

Maria says

This plot line is better in real life than in fiction.

Jessica Wannamaker says

Loved this story. New beginnings, healing, family, found love and a new family begins. Such a great story.

Melanie Marnell says

Trying to go back to his playboy prince lifestyle after acting as his twin, Crown Prince Vittorio, for months has left Alessandro restless and vaguely unhappy. He realizes that he needs a purpose. His mother asks him to spend time at children's home on Kilakaru in the South Pacific in order to ensure the Barrali's charitable contributions are being handled properly. Up on his arrival, Alessandro is surprised to find Francesca "Frannie" Lawrence running the place. He'd met Frannie when he'd been acting as Crown Prince and was intrigued by her but couldn't act for proprietary reasons. Frannie was shocked to see that Alessandro was the Barrali that had been sent by the royals. She didn't know much about him except that he had deceived her when they first met but she realized the necessity of the deception. However, she did not see him lasting even a week given the circumstances of what his role would be and how much he would have to interact with the children. He, however, surprised her immensely by jumping in with both feet and fitting in wherever she needed him. Even though they are both attracted to one another they hold each other at arm's length because she wants to guard her heart and he thinks that he's not worthy of her. Returning home Sarcaccia gives Alessandro the perspective he needs especially after speaking with his sister, his mother and most of all his twin brother. He returns to Kilakaru determined to declare his love for Frannie and she in turn reveals the depth of her feelings for him. Although their HEA is put off for two years as they work tirelessly side by side to ensure that all the children in the home are adopted or returned to their families before they even consider moving back to Sarcaccia.

The Wicked Prince – Book 5 of the Royal Scandal

If this book had more hot toe curling passion this book would be a 5.

I have been looking forward to this book since Prince Alessandro traded places with his identical twin, Vittorio, the Crown Prince of Sarcaccia because he needed a major respite (See book 3). Alessandro is the "Spare" in the age old saying that the monarch must have a crown prince and a spare just in case.

Because he was the "Spare" he didn't have the same duties as his brother Vittorio which could give him some level of accomplishment and helping his country or even mankind for that matter. Alessandro was known for his wild ways and parties. He had never attended a party that he didn't like. And, parties were not the only thing in abundance, so was the women and many trysts which he made sure that there was no "strings attached". But, Alessandro has grown tired and bored of parties and meaningless sex. He is in a

quandary on what to do with his life and believes he needs a purpose.

During his “swap” for 5 months, Alessandro did find purpose and met a lot of people. One woman he thought was a “stick in the mud” and would be perfect for Vittorio was Francesca “Frannie” Lawrence. Frannie was running a major shelter operation on a South Pacific on the Island of Kilakaru that has been devastated by a tsunami leaving many children homeless and/or orphaned. Eighteen months after Alessandro (acting as Vittorio) met Frannie he was headed to the Kilakaru to volunteer, not knowing that Frannie was the director.

Their attraction is immediate, again, but, Frannie knows Alessandro’s reputation and wants to protect her heart from getting hurt. Alessandro believes that he is not worthy of someone like Frannie due to his past and disciplines himself to stay away from her. Since they both seem to be at a standstill, what will they do with all the passion that they are feeling for
