**A Royal Surprise** Tiana Cole

*Things that seem too good to be true usually are.*

## When the chance of a lifetime...

Amanda has worked hard all her life to get where she is today, pulling herself out of the foster care system to teach literature at the illustrious Elite Academy.

She hadn't counted on falling in love with the Equestrian instructor with the enchanting accent and zest for adventure. Or finding out that he was actually a Prince in disguise.

Or realizing he left her with a broken heart and a baby when he went away...

## Turns into the meeting of a lifetime...

Prince Alexander Gustav is well and truly over being a royal. All he wants for his birthday is a year away from Silmaña to see what life has to offer.

One year in America was as free as it got and Alex planned to enjoy himself.

He never counted on Amanda with her sexy laugh and sweet smile. He hadn't counted on falling in love with her.

He hadn't counted on the accident that sent him home too soon. And he certainly hadn't counted on becoming a father...

## Can they turn it into the love of a lifetime?

\*\*\*\* **This is a standalone full length BWWM romance novel with an HEA.** \*\*\*\*

# **From Reader Review A Royal Surprise for online ebook**

**Sara Allen says**

**A good read**

A really good couple of reads. I loved Accidental Bride more than Royal Surprise, it had me laughing out loud at the connection between the two main characters, a good plot twist and all. What would you do if you married your dream partner? That's what makes it so much fun. Well done Ms Cole

---

**Tammie Pettway says**

**Ok read**

The storyline was a little too farfetched for my liking. Therefore; it took me a couple days to finish reading this short novel!!!

---

**Janice Anderson says**

**A Dream Come True**

I truly enjoyed a royal wedding and the accidental bride; these two interracial fantasy love stories but a smile in my heart and made me a true romantic fall in love with the hope of having my own real life love ??

---

**Frances Hamburg says**

**Good read!**

I chose to rate this book a four star because it had good strong characters that made the story interesting to read.

---

**Van says**

**Alex and Amanda**

The royal family are truly something else. Well at least his brother and sister in law are nice . And I like her BFF cause she tough and wouldn't allow anyone to upset Amanda without having her back. Alex mom was such a snob being the queen but his father seemed to be pretty nice king. The town has a lot of nosey people in it and even as usual a jealous trouble maker. But all in all I enjoyed this story.

---

**Sonya Moreland says****Good**

Enjoy this book , loved how the story begin and end, did want the mother to do something to Saratoga there first wedding

---

**Lauren says**

This was a good book. It seemed more realistic when the characters were fighting than most romance novels. this aspect made it more enjoyable for me.

---

**Will Ferrick says****Misled**

While I liked the royal surprise the fact it was a much shorter book than what I was expecting and there where basically two short stories that I gave three stars. Apparently authors are trying to promote a book by making on think it is a whole book. I don't appreciate that

---

**Sonya says**

This is a really cute romance; it took a minute to heat up but once it did it was adorable.

---

**Maria Hammonds says****Loved it**

A little wordy in the beginning then it picked.  
The author pulled together the story line nicely to end.  
I just wanted more of it.

---

**Betty L. Whittle says****A Royal Surprise (BWWM Romance) by Tiana Cole**

I really like Me. Cole writing her story had substance. There was a beginning and end totally unpredictable

and real. The characters could have been real people except for the Prince part but the story was well written and I thoroughly enjoyed
