Burning It All Kati Wilde

Burning It All is a 22,000 word novella with a satisfying romantic ending -- no cliffhangers. It is the third of three novellas featuring Jack & Lily, preceded by Betting It All and Risking It All

The Motorcycle Clubs series is a novella series for women who want all of the heat and emotion, but who don't have all of the time.

As the Hellfire Riders' warlord, I'm willing to lay down my life to protect the club. But protecting the woman I love might destroy everything...

I've never known anything as good as holding Lily Burns in my arms. The only female member of the Hellfire Riders, she's always fighting—and the last fight she won is bringing hell down on her head. But it's not the Devil's Hangmen that worry me. Because there's power and money moving behind the scenes, and a target on Lily's back...and I'll do anything to make sure she's safe, even if it means standing as her shield.

Even if it means losing her.

Once again, Kati has blown be away and made me want to beg for more. This book has so much drama and heat in it; it's amazing that my head didn't spin off while reading it.

Lilly and Jack are still together and fighting every battle that comes their way. But how can they handle it when they see things so differently? I love having the dual POV for this very reason. You see both sides and know why they are making the decisions they do.

As for the heat, just burn your panties now, you won't need them while you are reading anyways. Just grab your man, woman, toys, or random stranger to help you relieve the tension. ~ Devlynn, 5 stars

Loved it! The perfect conclusion to Jack and Lily's story. The best part - witnessing them coming to totally trust and believe in each other and themselves. Awesome ♥

Tzelina says

4.5 ?????for Blowback & Zoomie's love story !!! My favourite so far.....

Kim C. says

Loved it! This couple is so badass and so sweet!

EgyptDiva says

[I tend to hate kidnapping situations, I mostly skim through them and another part that was close to public sex that I didn't like, I wrote details on that in the last spoiler (hide spoiler)]

Georgina Parkin says

4.5 stars. Is it weird that I was left feeling disappointed at the scene where he goes to get her out of the cartels car? It just felt less dramatic than I wanted I guess. I mean, if it was on to it might be dramatic, but it somehow disappointed me I guess.

Other than that, great story. Still hot. God this guy kills me when he's emotional.

Jae says

I loved the stories of Jack and Lily.

Lily and Jack (or Zoomie and Blowback—I love their call signs, by the way!) could do no wrong. They are two badass screw-ups with tender hearts. I was so enjoying their relationship dynamics I totally forgot about the imminent threat to Lily's life, so it kind of surprised me (in a good way) when it came into play in the story.

5 BLOWBACK AND ZOOMIE STARS

The entire series from Kati Wilde is great...but these three books featuring Jack and Lily are **AMAZING!**

Lily and Jack are some of the best characters in this series, but Lily takes the medal....so Im only going to talk about her!

Lily is a spitfire/basdass/in-your-face/no-bullshit/sexy/patchholder sister, always proving herself before the club for being a girl.

She BLEW my mind with her bad-assery! She's just so cool and I want to lick her neck to see if that shit can be transferred.

Her story with Jack continues with them trying to solidify their relationship and plan to take it to the next level...all while dealing with more threats to Lily's life.

A great short story with an ever better ending!

Please Mrs. Wilde....I need more Zoomie!...and ok.... Blowback of course!

Sue says

I love these short little novellas...I try to read them as they get released and find that although they are so short...they are awesome!

In the last one, Lily had the fight for her life...and emerged the victor although quite injured...and had to once again prove she could hold her own as the only female patched member of the MC. Burning It All continues on with her story with Jack as these two solidify their relationship and plan to take it to the next level...all while dealing with more threats to Lily's life just when she is trying to heal from her fight injuries and stay strong in the eyes of her club brothers.

A great short story with an ever better ending!

**** 4 **** "team Jack and Lily all the way" stars

Yogi Yogi says

3.5 stars. The narrative is more of a love story in this third installment of the Jack and Lilly story - passionate and fucked up relationship dynamics (see below). Storyline includes shady fucker big wigs, cartels running guns & drugs & girls, using MCs to move product into and out of network. Revenge. Dick-swinging.

"Every person who ever said they loved you pushed you away, even though you were protecting them. You think maybe I will, too. You thought I would today."

He's gone utterly still. "Yes."

A single agonized word, yet it says so damn much. "I haven't had the amount of shit piled on me that you did, but I'm exactly the same. I can count up the people who've loved me on one hand. And the people who share my blood, who should have loved me? They aren't in that number." (58/96)

"Because I'll fucking burn the world down for it. Anything tries to take him away from me, I'll destroy it. Starting with his fear and my fear. I'm going to tear them apart.

"I love you," I say and see the way the words hit him, see all the yearning and need that ripple in its wake. I'm going to pound him with this every damn day. I grip his hair, hold him right where I want him, with his mouth against mine and his cock deep inside me. There's no hiding here. "I love you, Jack fucking Hayden." (60/96)

the Peru story (62-63/96)

"I love you, Jack."

"I never said it back. I never told her, as if saying the words was like writing in a ledger and making an accounting of how much I might lose. As if by never saying I loved her, that could never be taken away." (67/96)

"His dark gaze locks right on mine, brimming with so much emotion it seems to spill over and fill me up, tightening my chest.

"Lily fucking Burns," he says hoarsely. "I love you. I love your laugh, and the way you throw shit on the floor, and how you always fall asleep right at the end of a goddamn show so I have to tell you what

happened. I love how fucking hard you fight, and how hard you fuck. And I love—”

“I yank his mouth down to mine shut him up, because I’m about to start bawling, and maybe he loves that, too, but I can’t right now. But he starts to fight me, fucking fight me, lifting his lips from mine to tell me what else he loves, and between kisses he lists them, adding my tits, and how I never take shit from the brothers, and how the world’s so much fucking better since he started holding me. God, it is. So much better.” (83-84/96)

Jennifer Lessard says

Love this series and am so glad Jack & Lily made it and are happy! They are a couple I have been rooting for ever since their eyes met! I knew there was not going to be anyone else that was "man" enough for her except Jack. They both just connected and really got each other! I was hoping like hell that Ms. Wilde was going to go there with the series and she did, but in a HUGE way! I love reading these books in between other long books or there are times I finish a book before I go to bed and will read one of these shorter books before bed. They may be shorter in length, but I have yet to read one that isn't jam packed with fun, adventure, suspense and lots of hot, steamy sex! Looking forward to reading more!

BLOWBACK....<3 *sigh* <3 ***Favorite couple in this series***

Raine says

Good ending to the story.

I'm going to say this was just a good ending to Jack and Lilly's story. I felt that it did drag a bit through the story, but it was a satisfying ending just the same.

Judy says

Jack and Lily continue their saga in this short story about the club and the dangers surrounding the members. Jack continues to be OTT possessive while trying to give Lily her independence. She is put in new danger and Jack practically loses his mind before doing what he has to do to keep on breathing. I love Jack and Lily's love story because this author writes them in such a way that you can really feel the depth of their emotions. I have read and enjoyed all of the short stories for this series and highly recommend them all if you like a short read that is packed full of love, action and interesting characters.
