**Chewie and the Porgs** Kevin Shinick , Fiona Hsieh (Illustrations)

Chewbacca is a Wookiee on a mission! He has traveled to a mysterious island on the planet Ahch-To with his friend Rey to famed Jedi Knight Luke Skywalker. But Chewie doesn't expect to find the porgs, cute and mischievous creatures that inhabit the island.

For years the porgs have lived in peace and harmony. But when Chewie arrives, the cute little creatures must learn to share their island--and their food--with the might Wookiee.

And so begins the laughable, lovable relationship between Chewie and the porgs!

From Emmy award-winning writer Kevin Shinick comes a lovable tale of Chewbacca the Wookiee and the pesky porgs of Ahch-To Island. Featuring adorable illustrations by artist Fiona Hsieh.

# From Reader Review Chewie and the Porgs for online ebook

## Anna DuBose says

\*incoherent joyful shrieking and crying\*

---

## Peter says

Fake news! Chewie is trying to revise his dark history among the porgs!

---

## Crystal says

This was adorable but I just don't think it work for a storytime unless it was a Star Wars themed storytime since there are too many references to the world for someone that wasn't familiar with it.

---

## Joshua says

This was a beautiful, sweet little book that's sure to get kids to fall in love with Chewbacca and Porgs. I didn't grow up during the time of the original trilogy, I actually came of age during the Prequel films, but I did grow up watching the VHS tapes of the original trilogy my parents owned. Chewie was always the character I got stuck playing because I was so tall, but I didn't mind because Chewie was awesome. And so seeing Star Wars become popular again, and seeing a new generation of kids coming to this creative universe is both beautiful and inspiring.

And this book is just one dozens of wonderful books I know this next generation will have. There were never really picture books for Star Wars, let alone about Chewie. Gotta say, I'm pretty envious.

---

## Anu Korpinen says

No olipa söpö. Ensimmäinen lukeman Star Wars -kirja. Lapsikin tykkäsi, porgit oli kuulemma kivoja. Kyllähän tämmöisillä on mukava tutustuttaa kolmevuotiasta Star Warsin maailmaan :)

---

## Lisa says

I love artists renditions of Chewie. He is always fiercely cute. The pictures are REALLY cute, the story flows even though it is a little wordy. The story shows that Chewie is quite intelligent. I am guessing that this is how the Porgs get introduced into the movie. So this little introduction is FAB!! I would totally buy this in a heartbeat.

---

**Neil Coulter says**

You know you're taking your "I'll read every Star Wars book" commitment seriously when you find yourself relaxing with a picture book called *Chewie and the Porgs*. The artwork here is really nice, and the language is rather pleasant, with clever layout. The sweetness of the conclusion is tempered a bit by the nagging thought that Chewie ate at least one of those little guys. I mean... ??

Other than that, it's a lot of fun.

---

**Kelly says**

The cuteness makes my heart swell.

---

**Lata says**

Kind of a cute story for young ones. What was Chewie up to while Rey argued with Luke? Why, he was trying to get something to eat, while fending off the curious porgs. And Chewie is, of course, a real softie. While the story is ok, the artwork by Fiona Hsieh is beautiful!

---

**Nadine says**

No, I don't have children. Yeah, I still buy picture books.

The artwork is adorable and the story is something I would read to my child to turn him or her into a Star Wars fan :)

---

**pi says**

So cute!!!! ???

---

**Cat says**

I bought this for my husband as a Christmas gift. Was cleaning up in the living room and found it again so I read it finally. It's funny, cute, AND sweet. You're never too old for a little story time.

---

**Kathleen Kline says**

Great picture book! Loved the pictures and the story. There were a couple times when I laughed out loud. A feel good book!

---

**Sarah says**

My first book of the new year is a Star Wars picture book and I'm okay with that. It's a cute story for the youngest Star Wars fans.

---

**b.andherbooks says**

I was a bit concerned about this book, especially after a certain scene in The Last Jedi, but it is so darn cute. The illustrations are simply phenomenal and it will make a great addition to a family Star Wars program we usually have at my work around May 4th.
