Deceive Her With Desire Nina Pierce

** This is a short novel and includes an excerpt from the third book in the Tilling Passions series "Cheat Her With Charm" **

A woman determined to protect her heart. An agent hell bent on proving himself. One night that changes their lives...

Landscaper, DEIRDRE TILLING had no way of knowing that attending her friend's party would throw her into a dangerous world of corrupt businessmen and police stings. Of course her sexual romp with undercover DEA agent, AYDEN SCOTT only pushes her deeper into the drug smuggling ring running up the Maine coast. As the heat rises between Deirdre and Ayden, one thing becomes painfully obvious...their relationship has jeopardized his mission and now someone wants them both dead.

*** WINNER 2012 SILKEN SANDS READER'S CHOICE AWARD (NOVELLA CATEGORY) ***

5 STARS ~ The romance kept my heart pumping and the suspense held me on the edge of my seat. I can't wait to read the next installment of the series. ~ To Be Read Pile (TBR)

4 CUPS ~ While this is mainly a romance novel, Pierce adds just enough suspense in the plot to keep it interesting. The novel was fast-paced...Pierce's writing style is incredible. ~ Coffee and Romance Reviews

Doris says

Das ist mein erstes Buch von Nina Pierce und ich wusste erst nicht, dass es sich hierbei bereits um Teil 2 der Reihe handelt. Das macht aber gar nicht, da man Teil 1 nicht gelesen haben muss. Ich konnte alles trotzdem nachvollziehen.

Da die Geschichte nur kurz ist, war sie mir etwas zu übereilt. Außerdem mochte ich Ayden mehr als Deirdre, die mir mit der Zeit etwas auf die Nerven ging. Gestört hat mich auch etwas, dass konstant erwähnt wurde, dass sie zuvor eine Beziehung zu einer Frau hatte, obwohl das für die Geschichte überhaupt nicht relevant ist.

Alles in allem aber eine nette spannende Geschichte.

Sapphyria says

I'm going to point out that this is Book 2 in the Tilling Passions series and I have not read Book 1. That being said, I can't find anything in the book that I didn't understand or needed clarification on. I will, at some point, try to read Book 1 and Book 3.

This was an awesome 105 page story. The shorter length of the book didn't detract from the novel in any way. It didn't seem rushed in any area nor did it leave out any crucial information that some shorter stories tend to do.

Deirdre Tilling is a professional landscaper in Maine that is mending a broken heart after her girlfriend, Bri, ends their relationship. Ayden Scott is an undercover DEA agent using the name Austin, who is tracking a drug lord and just moved to Maine to bring the guy down. Deirdre and Ayden meet at a party thrown by Shawn Jameson and their one-night-stand doesn't stay so one-nightish. When Deirdre is busted for heroin possession on her way home from working on Mr. Jameson's property all hell breaks loose. Nothing is what it seems and no one is who they say they are. As Deirdre is played like a pawn in a chess game, Ayden/Austin must face a huge decision--take down a drug lord or save the woman he loves.

I loved the strength of both Deirdre and Ayden/Austin. They both have very different emotional issues that they are dealing with throughout the book and are able to lean on each other for support. The no-strings-attached hook up really didn't work out for them. Both characters bonded together almost immediately and I felt just how real their feelings were for each other even though they hadn't known each other very long. *Deceive Her With Desire* flowed so well and the story line kept me on my toes. The suspense and romance of the novel didn't overtake each other; there was a nice balance of both. The romantic parts were hot and realistic and the suspense kept me engaged.

This is a Must Read!

Please note that there are "adult scenes."

Jesse Kimmel-Freeman says

Nina Pierce always delivers. I love these books. I'm not a big sexy book reader, but her books are great. Love how this gives little details on the characters from the first book too. Way to go Nina, I hope that you keep writing and producing gems like this one.

LutaWolf says

This story sizzled on the pages between the heated romance and the suspense. The plot was fast paced but I enjoyed every minute of it. I loved the fact that the author took a chance on having a bi-sexual character. I worried at the beginning that she wouldn't portray the character well as Deidre is heartbroken over the loss of her girlfriend but quickly falls in with Ayden.

However, I had no need to worry, you quickly realize that Deidre's feelings for Ayden are true. Deidre isn't a sex hungry fiend looking to feed on men and women alike. Nope, while she is passionate, she is also intelligent and honest. In short is just a regular woman, looking for love.

[Original Review Link](#)

After her latest girlfriend breaks her heart, landscaper Deirdre Tilling is ready to give up on finding either Mr. or Ms. Right. Deirdre is determined to find someone to simply have a good time with, and the gorgeous man she meets at a party fits the bill perfectly.

Undercover DEA Agent Ayden Scott can't believe his luck. Not only is Deirdre gorgeous, likeable and great in bed, but she's just been employed by the suspected drug lord he's determined to bring down. Ayden thinks he can use his new connection to Deirdre to help him build his case, but he doesn't count on her being caught in the cross-hairs. Nor does he count on his feelings for her going deeper than simple lust. What will happen when Deirdre learns his true identity? If the drug lord has his way, Ayden won't live long enough to find out. Passion and suspense go hand-in-hand in LOVE'S BOUNTY. Author Nina Pierce knows how to turn up the heat and keep it on high, which makes LOVE'S BOUNTY a deliciously erotic read. Couple that with the danger brought about by Ayden's case and you'll find that LOVE'S BOUNTY is definitely a high-octane thrill of a read.

LOVE'S BOUNTY is the second story in Ms. Pierce's TILLING PASSIONS series, but it can be read as a standalone. I haven't read the other TILLING PASSIONS books, but I enjoyed LOVE'S BOUNTY so much that I've already bought the first book in the series, BLIND LOVE. All in all, I enjoyed LOVE'S BOUNTY, and I'm looking forward to reading more about the endearing Tilling family.

SheLove2Read says

Just couldnt get into this one. The heroine had and kept too many secrets for me to accept. The hero was DEA but had been in some kind of trouble in the past and kept his job? Just didn't seem plausible. DNF

Alyssa says

This is my very first Nina Pierce read and I enjoyed it. The story was quick & fast paced with tons of suspense that kept you turning the page. Deirdre (Dee) was such a fun character to read. She's had trouble in the past but she has clawed her way back and is all the stronger for it. She is not perfect but she knows what she wants out of life and has a plan to get her there. She just never expects it to include a man, especially after her history. Ayden is haunted by his past and feels responsible for everything that has happened (you'll have to read to find out what it is ;)). The struggle that he goes through to forgive himself and to gain respect back was very believable and well-written.

This is book #2 in the series and while it can be read as a stand-alone, I would recommend reading book 1, *Blind Her With Bliss*. I have OCD (Obsessive Chronological Disorder) so I struggled with starting at 2, and while I wasn't lost, I just wish that during certain scenes, that I was familiar with some of the back-story. All in all it was a good solid book, however, it was pretty fast paced and I would have liked to get a little more character development, simply because they were so likable. I'll definitely go back and read the remaining books and hopefully that will give me what I'm looking for.

Beverly says

My Thoughts:

Fantastic story! I fell in love with the characters. Ayden is fabulous, Deirdre is amazing. I wasn't sure what to expect when I started reading this one, but I was pulled in and couldn't put it down. It's a love story, but so much more than that. It tells a tale of love and loss, deceit and trust, faith and friendship. It questions what a person is willing to do for someone they love. I wasn't expecting the twist at the end. I'm usually good at picking how the plot will play out, but I was so caught up in the romance and the relationships that I wasn't looking for the end to come.

Well written, edgy and romantic. I went and bought books 1 and 3 as soon as I read the last page of *Deceive Her with Desire* ~ can't wait to have time to read them too!

Paula says

Deceive Her With Desire by Nina Pierce seems to be a reissue of a previous book titled, *Love's Bounty* which is part of a series surrounding the Tilling sisters. It is an okay read but not my favorite of her work. I have not read the other sister's stories so I cannot comment on how it relates to those. I really did not connect with Deirdre, the party girl. However, I liked Deirdre, the landscaper. Ayden/Austin was a bit of a mystery at the beginning with the case from the past that seemed to haunt him still. The story caught my interest after Deirdre's arrest on planted drugs in her work truck. From there it became a good story of suspense and romance. There is even a little twist at the end, so overall the second half is much better than the first. It's only fair to say that I judged this book against *Shadows of Fire* also by Nina Pierce which is one great read. Copy provided by NetGalley for an honest review.

Denise says

I loved it . It's Dee And Aydan turn and wow he sounds so hunky too.. over all great plot , with all kinds of players in this one Thank Nina I will be going on to the last book in series .. And then going to start one of your new series ..

Eva Millien says

3 1/2 STARS

The second book in the Dangerous Affairs / Tilling Passions series is an intriguing and entertaining quick read.

Landscaper Deirdre Tilling has been jilted for the third time is as many years and now giving up on love. Deciding on a one night stands, she finds herself heating up the sheets with a dark haired stranger that she met at her new employer's party. One problem – one night might not be enough. DEA agent, Ayden Scott is working undercover determined to bring down an elusive drug cartel smuggling drugs into central Maine and restore his reputation and get revenge for the death of his team member. He'll use any means necessary to achieve his objective including sleeping with the feisty landscaper, Deirdre, he just didn't count on that night being one neither can forget.

This fast paced plot is an intriguing and entertaining quick read that gets the reader's adrenalin pumping. The author describes the scenes with vivid imagery and details that capture the reader's imagination and the compelling characters are easily related to and leave the reader wanting to know more.

The attraction between Ayden and Deirdre starts off with red hot sex and continues to sizzle with steamy passion as the couple gets to know each other. The author brings the characters to life with vibrant details that ensure that the reader gets caught up in the story. Deirdre and Ayden both have emotional turmoil to deal with along with the current situation that adds depth to the story.

The tension builds as the case draws to a close and the author throws in quite a few surprises that the reader doesn't see coming. I really enjoyed how the author managed to turn the table on the bad guy and keep the reader in the dark, I mean I was beginning to think that Ayden wasn't that good of a DEA agent until the very last chapter and then the big reveal had me sitting back and saying "why, that smart little bugger," and I like how she ended their book in the happily ever after part as well. Overall, I found the book to be a enjoyable quick read and this author's book one to keep a look out for.

Melody says

3.5 stars...

Deirdre is a landscaper in Maine that is recovering from a broken heart. Her girlfriend up and left her feeling completely rejected. Her friends decide to drag her out to a party to lighten her spirits. Upon arriving at a mansion, she quickly realizes how badly the landscaping has been maintained and thinks how wonderful it would be to be able to secure the owner as a client. While enjoying the party Deirdre thinks she is having luck with another lady at the party and is once again rejected and feeling this bitter sting.

Undercover Ayden Scott is immediately drawn to Deirdre. At first he wants to use her as an informant after he saw his mark focusing his attentions on her but after meeting her he is attracted to her and would like nothing more than to take her home to his bed.

Their quickly developing relationship brings them to a critical situation with the drug lord that Ayden is trying to bring down. During this tense standoff Ayden realizes what he has to lose and Deirdre wants nothing more than to be Ayden's forever.

This was a fast moving story and for some reason at the beginning the fact that Deirdre was in a relationship with a woman seems to be repeatedly thrown in your face. It wasn't really relevant but it kept being brought up. After meeting Ayden Deirdre quickly forgets about the woman that left her heartbroken and Ayden is healing from his deep wounds inflicted by the drug lord killing his brother and his fall from grace within the DEA.

It felt a little rushed and I didn't really feel a connection to the characters. I liked Ayden more than Deirdre. For some reason she was easily getting on my nerves through the story.
