I love this devotional book. I have read it through completely, as a day to day devotional and now I keep it around and pick it up several days per week as a means to lift my spirit.

An excellent meaty daily devotional. I'm on my second year of using this devotional. Life changing teachings and insight from Joseph Prince's many years of in-depth study of the Word, including the Hebrew and Greek. I have never before had such deep and insightful teaching as what I've gotten from Joseph Prince's books and teachings.

I have been a fan of Joseph Prince books and TV sermons for quite sometime, and this is by far the best devotional I have ever owned or read. I have owned several daily devotionals from other authors, and I would rank somewhere between "OK" and "Not that great". This is not the case for Destined To Reign Devotional: Daily reflections for effortless success, wholeness and victorious living, it seems like there is no filler at all in this devotional. Every daily devotional is well thought out and has a clear, uplifting message. This leads me to another point I would like to make, some journals will have a daily devotional that will leave you feeling guilty and somewhat depressed. Joseph Prince avoids this pitfall by ending every devotion with a sense of hope, a sense of everything will work out for the better.

If you are looking for, in my opinion, one of the best Christian daily devotionals there is, you have found it.

This devotional (and accompanying book) are great first steps in understanding a finished-work radical-grace relationship with Christ. Give 'em a try!

**What a blessing.**

I am a Christian, but not of the same denomination as Pastor Prince. That doesn't matter. I truly believe God works through him and given him knowledge of things we don't understand. I started watching Pastor Prince on TV. I was so impressed I read Destined to Reign. After that I purchased the Destined to Reign daily devotional. It has been a true blessing. I will continue to read his other books as he is a great teacher.

My wife and I spent the past year reading through this. At times, we got a bit behind, but playing catch up was all the sweeter because we got so much of Prince's liberating preaching at once. These devotionals are condensed tidbits of themes he explores more broadly in his messages and in the companion book, and I'd recommend listening to some of his sermons and reading that book before you dive into this one. At times, the claims he makes can seem a misinterpretation of Scripture or to misrepresent God, but if you read *Destined to Reign* first, you'll get it. Joseph Prince is a radical grace minister, and I believe he preaches truth from his pulpit, much more profound truth than we usually get in the typical American church. This movement is gaining ground. It's all Bible, and it's beautiful.
