## **Edge of Retribution** Jacob Chance

Landing my dream job has me eagerly looking toward the future. But when I see Nash Garrison after six long years, my world is thrown completely off its axis.

He was my only friend and confidant during the worst days of my life, and I fell hopelessly in love with him. No eighteen year old girl could resist his protective nature and charming grin. I was no exception.

Now, together, we're about to bring down the man responsible for my parents' deaths. Revenge has been the driving force fueling every decision I've ever made - except for Nash.

What is it about him that sends the most rational parts of my brain into a tailspin? And how do I balance on the edge of retribution without tumbling into heartbreak once more?

This is a full length, romantic suspense standalone.

### **Jacob Chance says**

**A romantic thriller standalone releasing May 10, 2018. Get ready to be on the edge of your seat.**

---

### **Patricia Rohrs (words we love by blog) says**

This is my 5th Jacob Chance novel and it's by far my favorite! There's a huge mix of everything in this book; humor, angst, second chances and suspense! Omg the suspense is amazing! I love a good thriller and this book had me trying to put the pieces together like Sherlock Holmes!

From the start Jacob just took off with this book! I was hooked after page one and just consumed this amazing story as fast as I could! If you haven't read a Jacob Chance novel yet I suggest you start here!!

---

### **Beyond The Covers Blog says**

Zoe is a strong woman who had to grow up fast after witnessing her parents, undercover FBI agents, being murdered by the hands of one of the Popov Russian crime organization goons. She is now being protected by FBI agents, one of which she feels instant chemistry to, until the trial.

Nash is a alpha FBI agent that will do anything to protect Zoe. Even if it costs him his life. Six years ago he walked away from Zoe so she could move on with her life. An older man and a young woman. Now they both work together as agents. The chemistry between these two is explosive.

Zoe is determined to get retribution for the death of her parents.

As evil lurks in the shadows, the unexpected happens. Betrayal?

Jacob Chance sends us on an intense, emotional journey as he spins an intricate web of mystery, suspense, betrayal and second chances in this action packed thriller with just the right blend of romance and humour. Twist and turns that keep you on the edge of your seat. He has proven himself to be a multi-talented author writing fabulous stories of different type of genres.

Oh how I love Belfast's character. Hot blooded Irishman. Georgia and Belfast need their own story!

---

### **Monica Randau says**

What an amazing story by Jacob Chance, one of his best yet. He has really developed wonderfully as a writer and has not yet disappointed me with his creative mind. Mr. Chance has stepped out of the box and out of his

norm on what he normally writes and created a brilliant, sit on the edge of your seat Romantic Thriller. He has really proven his versatility as a writer with Edge of Retribution. The storyline is very well written with strong, well-developed characters with a sizzling chemistry that will pull you into their world from page one. This is one action packed thrill ride full of many twists and turns that will keep you guessing all the way until the very end. I highly recommend a 1-click purchase as you will not be disappointed, but then again Jacob Chance never fails to deliver amazing stories that everyone will love.

---

### **Brittani says**

I know I say it every time Jacob publishes a new book, “this is my favorite book of his”. But this, hands down, is my favorite book and his best writing to date. It is an action-packed romance that keeps you at the edge of your seat and has you anticipating what’s to come on the next page. If you like strong minded heroines that fight for what they want and swoon worthy heroes that protect fiercely and love even harder, then this is a book you need to ONE CLICK! In addition to loving Zoe and Nash’s individual personalities, their chemistry and the emotional connection was beautiful. Jacob’s knowledge and attention to detail made me feel as though a movie was playing through in my head. I became completely enthralled in this book and I could not put it down. If you like thrill mixed with some steamy romance, this is the book for you and one that you will not forget!

---

### **Keri Loves Books says**

WOW! My favorite release by this author to date! Edge of Retribution did not disappoint!

Edge of your seat!  
Page-turner!  
Pulse-pounding action!

I loved this story.

Daughter of two FBI agents, Zoe is only eighteen, but mature beyond her years. That will serve her well after tragedy strikes.

Nash is also part of the FBI, tasked with helping to keep Zoe safe. Lines blur between protector and the protected.

This story was action-packed from start to finish. Lots of surprises I never saw coming. You will get sucked in from the very first page. I could not read fast enough to find out what was going to happen next.

Zoe was driven and determined. Nothing was ever going to stop her from her retribution. Nash was an alpha with a need to keep Zoe safe, not matter the cost. Their chemistry was palpable and so very HOT! I enjoyed every moment of this story. Get ready for an action-packed thrill ride!

## **Dri ✰ says**

### **★ 3.5 stars!!! ★**

Eu gostei dos personagens desse livro, principalmente do Nash.

A história é dividida em duas partes. A primeira me prendeu muito e gostei bastante do ritmo dos acontecimentos e como Zoe e Nash desenvolveram uma ligação.

Infelizmente na segunda parte, não sei explicar ao certo o que aconteceu, mas não consegui me conectar com a trama da mesma forma que foi no início.

## **Shauna Stevenson says**

Reviewed on behalf of Endlessly Reading book blog.

This is not the kind of story we are used to seeing from Jacob Chance. It really shows his versatility as a writer. It is gritty, edgy, and peppered with heart-pounding action. I have been eagerly awaiting this book ever since it was announced, and I was not disappointed. From the very first chapter, I was immersed in the action.

Zoe Thomas is only 18 when her parents are murdered. Under the protection of the FBI, Zoe meets Nash Garrison, an agent assigned to her security detail. With the close quarters and long hours alone together, the two form a friendship that soon becomes attraction. But Nash's honorable and protective nature will not allow him to take advantage of Zoe's youth and vulnerability, not to mention she is currently a part of his job.

Six years later, Zoe is now an FBI agent herself, determined to find the man who killed her parents. The hand of fate reunites Zoe and Nash, and their feelings for each other have not faded over time. Will their age difference remain a barrier between them? Will outside forces keep them apart forever? Or will the fight for retribution bring them closer than ever?

I highly recommend this fast-paced, thrill ride of a read.

---

## **Rock Hard Romance says**

Right from the start of this story, I was hooked!

18 year old Zoe, the daughter of two FBI Agents, is witness to her parents murder, manages to escape before facing the same fate, and as a result is put into a safe house, with agents protecting her until the trial where she is to testify. One of the Agents is Nash Garrison, 10 years her senior, as the days in each other's company go on, a mutual attraction is there, with lines getting slightly blurred yet not going too far... Fast forward to 6 years later, with Zoe (24) having joined the FBI, which was her dream even before losing her parents, and a focus on bringing down the one responsible for her parents death is her ultimate goal.

She comes into contact with Nash again, and even with keeping the professional image, those feelings from years ago is still there on both sides.

Now I won't go into anymore detail as to all that happens, but this is more than a simple second chance romance story...there are other elements which add some suspense, action packed ride, especially towards the end, and a few twists added along with a OMG I DIDN'T SEE THAT COMING! moment.

Jacob has created yet another well written, with great attention to detail, telling in DUAL POV story, that as I said to start with got me hooked from the beginning...I LOVED IT!

Reviewing for ROCK HARD ROMANCE by Vicki RHR Rating 5\*/5

### **Barbara says**

I must say there is nothing quite like a Jacob Chance suspenseful romance. Especially curled up on the couch with your feet up. Ok That last part May of just been a personally preference but it's my way of saying I've read a great book. One you can easily get lost in and Edge of Retribution is just such a book. It will keep you engrossed in the storyline and hoping for a happy ending as you turn the pages.

The author has given us a plot that easily flows as it takes you on Zoe and Nash's journey. Nash is an FBI agent who comes into Zoe's life when she is a lost, vulnerable 18 year old. Nash is part of Zoe's protection detail and is there for her every step of the way as her world comes crashing down around her. Then after being forced apart due to one horrendous night, they are reunited six years later. A lot can change during a span of 6 years, but some things just seem timeless. Has fate brought Nash and Zoe back together for a chance at a normal life or is it the intricate workings of a killer looking for vengeance that has caused their paths to intersect once again?

2 Thumbs Up for a well written storyline with characters that will touch your heart and feel like family. This is a suspenseful romance that I highly recommend grabbing. You won't regret it as the author carries you on a wild journey you won't soon forget.

### **Lauren Harwood says**

Wow. This is something completely different to anything I've ever read by Jacob Chance. I was on the edge of my seat eagerly waiting to see what was going to happen next. Once I started I wasn't able to put this book down until I had devoured it.

Zoe is one of the strongest, badass female characters I've ever had the pleasure of reading. With the things that she had witnessed it would of been easy for her to become a weak shell of a person, but Jacob made her so strong, I guess you could say an inspiration or even a role model.

Nash, holy hell Nash. He's intense and all male. So strong and dominant yet loving and caring all the same. His character was the perfect match for Zoe. From the moment they met you could tell the sparks were going to fly when they finally got together.

I don't want to say much about the story, I think it's best if you just go in with knowing very little and just let the story unfold in front of you.

There was a few hidden surprises in there that had me speechless and hitting my kindle to turn the pages faster. I can't recommend this book enough.

## **Escape into a Booksite says**

### **\*3.5-4 Stars\***

*ARC kindly received in exchange for an honest review.*

The Edge of Retribution was a fast and kind of intense read. The way the book starts with Zoe's situation and the horrible events, is certainly a page turner and makes you want to know the story.

Zoe is a strong and determined main character and I liked watching her develop. Nash is an interesting one, but a little intense a little too fast in some parts for me.

The last quarter of the story really ramps up and has some things thrown out at the reader which you won't necessarily see coming.

There were also some great secondary characters in this one.

Easy to read, and also a fast read.

## **Meghann Martin says**

Holy Outstanding! I love all of Jacob's books but without a doubt, this is his best to date.

I love being excited about a book and going into it not know what to expect, or how to feel....Edge of Retribution has left me breathless with the best possible book hangover.

This is something different then what you are use to seeing from Jacob, If you are familiar with his work, but Nash and Zoe's story is beyond anything expected, and completely amazing. It is full of thrill, suspense, action and romance. Complete perfection. A strong, badass heroine and a intense, strong yet loving Hero. Nash and Zoe are the perfect combo. I loved their journey. Jacob knocked it out of the park with this amazing and thrilling 5 star must.

---

## **Kay Daniels (Kay Daniels Romance) says**

Since the day Zoe Thomas watched her parents be murdered, her life was no longer her own. Continually on the move from one safe house to another, the only refuge she felt safe was when Nash Garrison was by her

side. Sent by the FBI to protect her at all costs, he was her hero and that should have been the extent of it.

Ten years her senior Nash knew it was wrong to feel anything for the girl who recently lost her parents and basically her entire life. Once she testifies against the men who murdered her parents she will have her entire life ahead of her. Whatever spark they seem to have will pass and Nash won't jeopardize his career over a fleeting spark.

Six years go by and Zoe makes it into the FBI, just like she's always dreamed. Her one goal to track down the man who changed her life forever. She doesn't count on see Nash again, older, but still the same man who haunts her dreams and changed her life forever. Can she have both dreams, track a killer and have a lover?

Zoe is older and now Nash is ready to claim her as his own. He's never forgotten about her after all this time and he's proud she's come so far at achieving her dreams. His only fear is that she doesn't want him in those dreams.

Edge of Retribution is told in dueling POV and takes place in two parts six years apart. The first part is raw and heartbreak. The writing even has a raw brokenness to it. Where as in the second part, where both characters have matured, you get the sense they are better equipped to handle meeting this time around and the writing portrays that sense of stability.

Jacob Chance stepped out of his typical genre and wrote a good suspense/action novel that will keep you on your toes.

### **Brenda Travers says**

#### **This Book Is a Must Read**

I first read Jacob Chance in July 2016 with his Debut book Quake. I have followed his work since that point and love each time he releases a new book. His writing with each book just keeps getting better and better and his characters and Storylines and so enjoyable and quite often entertaining.

Edge Of Retribution is Brilliant, it is a glimpse into a different side of Jacob Chance's writing and not what you would traditionally expect. Having said that though I can't wait to read more Suspense from him, he can quite easily slip between Hey the 2 genres and give you Sports Rom Coms that will have you in hysterics and at the same time deliver an Action Packed Suspense that will have you addicted. That's exactly what EOR is, it will have you gripping every page to get more, it will quite often have you on the edge of your seat and heart in your throat.

The Book follows the story of Nash Garrison (Wait did I mention Jacob knows how to make you fall for his leading men? No, well he nails it every time.) Nash is an FBI agent assigned to Serve & Protect his latest case Zoe Thomas (Who just happens to be a very headstrong and determined teenager and Daughter of 2 well respected FBI agents) the angst and the fight this book has, has kept me riveted until the last page , I loved the storyline, the leads and sub characters and I LOVED the twists.

I'm not going into detail of the story other than to say this, it is absolutely not what you would expect, it is Suspense at its absolute damn finest. It was addictive to the point that when I had to stop reading for work I

couldn't stop thinking about it. There were parts I didn't see coming until they hit me in the face and I remember thinking #NailedIt.

I cannot recommend this book enough, you will devour it.

Get ready to One Click this amazing book, Jacob Chance just changed the game!
