Ghosts of the Black Rose

Belinda Vasquez Garcia , B. Austin

Ghosts of the Black Rose Belinda Vasquez Garcia , B. Austin

Ghosts of the Black Rose continues the story of Salia, a witch's daughter and granddaughter, her Catholic friend Marcelina, and the Native American Shaman Storm-Chaser.

Strange things are going on in Madrid—a ghost is haunting the opera house theater. Then there is the mysterious marshal, Joseph Quill, asking questions about Salia.

Marcelina fears what the fanatical religious Catholics will do to her, if they discover she can contact the dead.

A Catholic and A Witch is a trilogy brewed with the little-known world of Southwestern magic. It is a magical tale of betrayed friendship, obsessive love, and dark secrets.

Denise says

Ghosts of the Black Rose picks up a few years after The Witch Narratives Reincarnation ends; still in the 1920s era and southwest local with more focus on Marcelina and other peripheral characters. It continues on in the same dark and brutal vein as book one while keeping up with the changing times. I believe that as I had read book one, this installment was not quite as dark and foreign to me. It is also quite a bit shorter, although still coming in at over two hundred pages, and I did not find myself putting it down as I had book one. I think I enjoyed this story a little more. There seemed to me to be a bit more going on with the storyline and less world building other than was appropriate for updating the changing times. Once again the writing was clean and beautiful, if dark, and in my opinion appeal to readers who enjoy this type of dark cultural story. I do feel that book one should be read first, as there is so much going on that if you do not have the background you might get lost. I am curious to see how the trilogy concludes and will be watching for the next installment. I requested this book for read and review from the author and received it with a request for my honest review without any compensation whatsoever, other than the joy of reading a new book

books are love says

I received this from the shut up and read program in exchange for a honest review. I must say I liked this book more than the first. the first ended in tragedy but this brought you hope and some light.

Dark shadow is light in a world of darkness sought after for the power he holds without know I.g he does. As he grows older he struggles with dark forces trying to stay good. This I hope is a struggle he wins although the ending shows him to be duped by the black rose.

Salia show she does love and has guilt over her actions finally we see the vulnerable side from her childhood. her and Marcelina do forge their bond of friendship again and it is wonderful to see too bad Pacheco is lurking in the background.

I Love Lucas and hope he gets his chance for his live to be renewed and given back to him. Jefe meets his fate that was deserved and it shows that when you desire power it blinds you to all things and makes you dark.

Stone chaser is amazing in his protection of dark shadow. I just hope it isn't too late to continue.he his protective ways.

A book that shows us joy, forgiveness, guilt and love. a nice read.

Alison says

This book had a better pace than the 1st book. It also held more connection with me. Being able to peer through the dark to find light and hope.

Reading the 1st book would give you more insight, but I felt that this one made better use of the characters - it felt more developed.

I still had a harder time with this writing style, but overall found it better!

Jessie says

I can't get this series out of my head! I was finished reading it two days ago, and yet I still find myself thinking about it at random times. When I pick up my Kindle, I expect to be swept right back into the story, and I'm disappointed each time when I realize I'm in the middle of a different novel.

Needless to say, I can't wait for the third novel!

Leigh says

A wonderful continuation of The Witch Narratives Reincarnation. I felt swept along as I followed the superbly written characters, old and new, through the amazing and original world created for them. This is a book that stays with you, and the name definitely fits, as this story truly takes place in a land of enchantment! This trilogy has been great so far, and I will be looking forward to reading the next book. I was given this book for free for my honest review.

Angie ~aka Reading Machine~ says

Marcelina Rodriguez has been living in Santa Fe mourning the passing of her best friend Salia. Marcelina has twin daughters and helps support her family with her beauty salon called Eternal Beauty. Marcelina is also a practicing white witch because she fears becoming apart of Sisterhood of the Black Rose. U.S. Marshall Joseph Quill isn't at all who he appears to be but the only people who truly know this are dead and as they say dead men tell no tales. Joseph is obsessed with Salia for some reasons that even he can't explain to himself. Storm Chaser is raising Dark Shadow to be a shaman. Storm Chaser knows Dark Shadow true identity but fear what would happen if others knew the truth. Will Marcelina accept Salia's death? Who is Joseph Quill really? Can Storm Chaser complete Dark Shadow's training? Will Dark Shadow ever learn his true identity? Your answers await you in Ghosts of the Black Rose:Land of Enchantment.

This book went much faster reading wise than the first one did. I still thought the author did an excellent job of moving the story forward. One of my favorite characters is Storm Chaser. He's so powerful, respected, and feared for his abilities as shaman. Yet it's his flaws that draw me to his character more than any other. He has blind spot in certain areas especially concerning Dark Shadow's history. I look forward to next installment.

Jessica says

I received a copy of this novel through the read it and reap program in exchange for an honest review.

I liked this a bit better than the first novel. I would love to dive into it but I hate writing spoilers. However, I highly recommend !!! The cover is fantastic, scenery, plot... just the series is wonderful.

Pattie says

I enjoyed this book. As in the first book the author wove in legend, fantasy and a bizarre sense of humour. I'm looking forward to book 3!

Aniket Harsh says

What is death? Just the soul discarding a body in favor of a new one. Very similar to how you change your clothes.

Destiny is a trap that you will get caught into despite knowing it to be there waiting for you. Salia's friend Marcelina finds out she can't outrun her destiny. The people of Madrid believe that they have done away with the witch family of Esperanza (Salia being the last scion). However they had not taken haunting by a witch's spirit into account.

Salia's son is also growing up under the care and training of the Shaman Storm Chaser. He is surrounded by darkness, plotting and trying to consume him for he wields the greatest power walking this earth. Even his dead grandmother (the Esperanza witches) have plans for him and they refuse to rest in peace until these plans have been carried out.

A great sequel and a great read. Land of Enchantment will enchant you like none other in this genre. This book could have been about vengeance but it's about redemption and second chances. Eagerly awaiting the final book in the trilogy.

Sharon says

Marcelina and her twin daughters are living in Santa Fe. Marcelina is mourning the death of her best friend. Marcelina is practicing white magic.

I can't wait to read the third book!

Maryann says

Part 2 in a series, Ghosts of the Black Rose continues the story of Marcelina, Salia's ghost and some new interesting characters. I really enjoyed this book, and loved the tie in's to part 1. The characters are gripping and really pull you into the book. If you love ghost stories, witches, and history this series is a must read! Can't wait to read part 3!

I received this book from the author for an honest review. Thank you to Belinda Vasquez Garcia and the Goodreads group Shut Up & Read.

Aarati says

Ghosts of the Black Rose continues the story of Salia and Marcelina. Marcelina Rodriguez is living in Santa Fe mourning the passing of her best friend Salia. She runs the beauty parlour EternalBeauty with the help of her twin daughters. Marcelina is also practicing white magic.

Another character, U.S. Marshall Joseph Quill isn't at all who he appears to be and the only people who know this are dead. Joseph is obsessed with Salia for reasons that even he can't explain. Storm Chaser is raising Dark Shadow to be a shaman. Storm Chaser knows Dark Shadow's true identity but fears what would happen if others knew the truth. Will Marcelina accept Salia's death? Who is Joseph Quill really? Can Storm Chaser complete Dark Shadow's training? Will Dark Shadow ever learn his true identity?

A fast-paced book. This book answers all the questions that were left unanswered. Well written and a delightful read.

Amanda Hensley says

Really addicted to this Trilogy, but can't find book 3, Rise of the Black Rose on my Kindle!! :(

Jeana says

very good book can't wait for part 3.
