Gift Horse Terri Farley

For the Phantom, there is only one girl.

For Sam, there is only one horse.

When Samantha rescues a beautiful draft horse from an auction, she's sure he'll be perfect to groom for resale. He's big and strong -- but so big, Sam can barely saddle him. He's great at jumping -- over pasture fences. Will he be helpful at a ranch, or too much to handle? Then disaster strikes River Bend, and it's Sam who needs help. And just in time to save the day, Tinkerbell's true talents are revealed.

One of the best horse stories that I have read.

Irene Mead says

It was pretty good. I thought it had lots of excitement to it. Like you didn't know what was going to happen next.

I have always loved this volume, especially because of Tinkerbell! He is so cute. Although the fact that horses get sold for meat horrifies me.

I loved Sam's idea of Have a Heart, and I truly hope there is a project like that out there.

As I am going back and reading these, I realise that these books probably had a lot to do with the way I turned out.

Animals are the most important things to me, as they are to Sam.

Maybe one day I can get myself out to Nevada and see some wild horses!

A great series for the young horse-lover! I read the whole series as a kid and each book keeps you interested and racing for the next!

Rena Sherwood says

This was the best book in the series so far. I could have done with some more explanations of some casually

thrown out statements, but perhaps those are teasers for later in the series. Unlike most of the previous books in this series, this one was unpredictable.

It was at turns sober (horses being sold to a butcher) and silly (more high jinks with Jake) but did not dwell too long in either Soberland or Sillyville. I was wondering when Farley was going write about a draft-type Mustang, since there are so many out there (or used to be out there.)

I do quibble with the cover. Tinkerbell is described as a dark bay and not a black. Gotta be careful of those cover artists too lazy to read the book or at least just the description of the character he/she/it is painting. This is a dark bay (also called brown) mustang gelding:

See the difference?

I may keep on reading this series after all. It makes a nice break from the heavier stuff I usually read.
