## Gon Swimmin Masashi Tanaka

Following in the footsteps of the popular, Japanese series Gon, the last living dinosaur is off on new adventures. Each story finds the two-foot-tall Gon in a different part of the modern-day wilderness, making friends and battling any who threaten his newfound companions. In Gon Becomes a Turtle, the diminutive dino slips on an empty turtle shell and joins a horde of hatchlings. In Gon and His Posse, finds the fierce (but lovable) dinosaur on the savannas of Africa, where he befriends a group of wild, orphan lions. Join the tiny terror as he wanders the globe.

I love Gon's confidence. He just marches around doing what he needs to do to survive and helping out when he can.

### **Ana says**

Nemu buku versi jepangnya, tp gamasalah soalnya komik ini sama sekali ga ada percakapannya. Dan justru karena minus percakapan, ekspresi wajah dan detail gambar jadi benar-benar kaya. Saya aja bisa ngakak guling-guling karena kelucuan ekspresinya Gon. Kayaknya hidupnya bahagia banget meskipun kisah-kisah yang dilaluinya rada lumayan bikin deg-degan. Dan sebagai satu-satunya dinosaurus yang tersisa di bumi, he seems to not really care about that and live him self to the fullest instead. Love it!
