Chelsea (RobinBooks) says

I heckin love this graphic novel series. They're so good with representation. It's so naturally weaved into the series without having to explain things too much. I love these jazzy little campers.

Satrina T says

We get to spend some time with the Zodiacs and maybe I judged them too hastily since they seem like a nice group... and then, there's Diane...

The same Diane I was getting to know in previous issues, the one who seemed to finally open up and now seems to be back to her old ways. Now, I wonder, will I ever be able to fully trust her?

Great issue!

Courtney says

I can't say anything except utter perfection.

Lola says

That was cute to center the story on Barney and his cabin, a nice change

Sierra the Nerdgirl says

I really like how they are showing the importance of inclusiveness.

Vicki says

5 stars

This was SO cute! I loved that all the girls came together and threw a welcome back party for Barney and that Diane tried so hard to distract them. Ahh I love these girls!

Carlos Peguer says

Barney es uno de mis personajes favoritos y me alegro mucho de que esté feliz y de que las Lumberjanes le traten bien. Debe ser protegido porque es **lo más cuqui.** ♥

Christina says

I love this series. read #33-#36 and grouped them cuz they had the same back icon.

Rachel Moore says

A +

A cute little story about accepting people for who they are, and forgiving ex-jerks. Puts a s!le on my face. Cute art style too

Brittany says

SO cute! This series has always been great about representation, and Barney is no exception. They're just such a delightful character to read, and I'm glad they'll (hopefully?) be around more often now! Also, nice little tidbit about Apollo thrown in there to add to the happy representation pile that is Lumberjanes. :)

Sara (A Gingerly Review) says

So happy for Barney and the kitties!! I love the kitties so much...

MerryMeerkat says

4 stars

Buy it

Cute story but I wasn't pleased that it took most of the issue before the Roanoke cabin crew made an appearance. It was a fun but kinda lame story but it sets the stage for the next issue.

Danielle says

This was such a sweet issue dedicated to Barney. ?

Nicole says

Finally getting back to this series, my library takes forever to get the issues.

Alyssa J. says

Barney is such a sweet cinnamon roll and this episode was so wholesome. I love it!
