## **From Reader Review Meet the Class (The Magic School Bus Rides Again) for online ebook**

### **Pam says**

This book introduces the teacher and class members in the stories. Each bio offers their interests, likes, dislikes, and weaknesses along with how they interact with each other.

---

### **Kim says**

Not only a fun way to get to know the characters better, but the text just mentions Keesha's moms in passing - just as normal as any other kid. So nice to see LGTBQ representation as well as racial diversity.

---

### **Ann says**

This book provides all the backstories of the characters on the new Netflix series. It's a little too detailed about the characters backgrounds. Unlike other magic school bus books we have read, there is no science in this one.
