Morgan and Yew Stephen Cosgrove , Robin James (Illustrator)

After countless phone calls and letters from fans, we've brought back these time-honored tales. Sharing life lessons and memorable morals, the Serendipity books are a seasoned favorite with children and parents alike. So, journey to the magical, mystical land of Serendipity with these four cherished editions featuring newly revised text from the author. Yew, a plain little sheep, is jealous of his friend Morgan a majestic unicorn with a magical horn. Yew wishes on the morning star that he could have Morgan's beautiful horn. But after his wish comes true, Yew realizes that looks don't mean anything compared to the love of a friend.

jacky says

I had to wait a tad longer than usual at the doctor's today and to my surprise when I sat down this book was on the table. I didn't remember the story, but I did remember a couple of the illustrations. The story was cute and simple, with lots of story language. Not as great as *Squeekers*.

Joel says

i thought the little girl in this book was a little wierd but i huess since i was in still i child i thought all the characters in books were wierd, but syill if you have sibilings who are begining to read i recomend thses books

Julia says

A beautiful easy-to-understand book that most of us can easily relate to whether we be the unicorn or the lamb. The story teaches the strengths of our differences in our friendships, the problems that envy can bring and the true sacrifice a friend does to make another happy. And yet it also teaches that nothing - looks, material items or fulfilled wishes can replace the warmth of having a true friend to be with.

The pictures are adorable and children will be all too happy to fall in love with this book.

Brandy says

A favorite children's book that teaches the lessons of envy and true friendships.

Kat says

Basic Plot: Yew the sheep is jealous of Morgan's horn, but doesn't anticipate the consequences of getting what he wants.

Be careful what you wish for, you just might get it, especially when that thing belongs to a good friend. That's definitely the message of this story. It's a very good lesson for little ones to learn. The art is beautiful and the story is good for kids who need to up their reading game a little bit beyond the typical fare available. The art is beyond beautiful, a true feast for the eyes.

Tsorningold says

There is just no way you could convince me I was as grande as a Unicorn if I were a little ewe...

Third of the Morgan books... Just pretend the Morgan Book with the fat little princess never happened.

B says

One of my favorite childhood reads! Forgot I had this as a kid. So happy it's back in print!

Jen says

There really wasn't a way to lose with me as a kid when it came to unicorns, so it's not surprising that my copy of this is well-loved. As an adult, I still like the story; it has a great message of recognizing one's own value and appreciating that others see that, too. I was a little bummed that it switched from Yew wanting simply to be awesome like Morgan to a more narrow focus on appearance; I appreciated the opening skewed more toward "Morgan is more awesome than me and I want to be like him" rather than "he's pretty and I want to be pretty," because a lot of books do the latter. But the illustrations are still fabulous and it still has the overall understanding of being who you are and not someone else. (This is something I still need to hear, even as an Adult.)

Molly says

My all time favorite childhood book.

Lacey says

I loved these books as a kid and am so happy that I get to re-read them with my husband and our daughter.

Dina says

I carried this book around everywhere I went when i was a kid.

Nicole says

This was one of the first books that I read as a child and I loved it! It has a beautiful lesson about love and children can use the rest of their lives.

Lyl Lyl says

I loved these books as a child so dearly, and this one had a special place in my heart, because I felt a close tie to unicorns and lambs both! The moral is, as always with Serendipity books, good, and the art, again, as always, wonderful. But this book brings back waves of nostalgia and ever puts a smile on my face.

Ilana says

This series of books is the most wonderfully illustrated, sweetest series available for children. Each book is beautiful, the animals are so sweetly drawn and each book teaches a wonderful lesson. I still have all of my original copies from my childhood (the 90s).

Dee says

I love the lessons taught by these Serendipity books, always positive and deep.
