Mr. Perfect O

Amy Brent

Mr. Perfect O Amy Brent

She's depriving me, and I'll teach her a lesson.
I am going to make her scream my name, beg for more...

They call me Mr. Perfect O for a reason.
I specialize in delivering the wettest, mind blowing 'O's' ever.
Call me a manwhore,
But as a single dad with responsibilities, I don't have much choice.
Until, I see her.

Tori is forbidden fruit, my six year old's school teacher.
I don't do relationships.
I never get with younger women.
But one look at those luscious eyes and that perfect a\$\$,
And I wanna break all rules.

When she calls me to discuss the progress of my daughter,
The only thing progressing is my d*ck.
It's growing tall and hard,
And it's so ready to claim the virgin.
But then she finds out what I do for a living.

Guess, who's the one begging now?

Holy moly!! So you read stories about women so down on their luck they begin prostituting themselves. Well this book is that, only its a virile, alpha, silver fox that's doing it. He will do whatever it takes to keep his little girl safe with a good him. It helps that he has a big tool and knows how to make every woman have a screaming, squirting 'O'. But he unexpectedly meets a young woman and wants time with her and her alone. Now what is he going to do? Keep the money pouring in or have a meaningful relationship? I really, really loved this book!! Great till the very end. And that bonus scene? O. M. G. Hotter than hot!! I voluntarily reviewed an advanced copy of this book.

Oh what a lovely change to read about an older man , 58 eh, still got it. Ross loves his daughter Katie who is six but he needs a job. At his age he is finding it hard to do but when a friend suggests he let women pay for his " talents" he is reluctant. Well, being proud won't put food on the table so he agrees. His daughter Katie is such a sweetie and loves her new teacher Ms Tori Bloom.

Tori wants an older man and is attracted to Ross but he thinks she is too young. That's when the fun starts.

Between Ross seeing to his lady friends and now being interested in Tori , that's when the fun starts.

Juggling this lifestyle is no easy thing BUT now he has to make major decisions. A fantastic story of love, life, passion, secrets and so much more, it is a story you won't put down.

I voluntarily reviewed an ARC of this book. Wow! What a naughty and sexy book. I loved the fact that this story is about an older man(58) and not like most of the books out there where the average age is between 25 to 35. Though the female is younger. Ross was portrayed as a man with a healthy and active sex life. Tori is the teacher of Ross' daughter. Tori is through with the way her boyfriend is behaving and still acting very much like a frat boy. Tori breaks up with her boyfriend after she catches him cheating on her. Ross is

currently unemployed and in need of work. He will do anything he can to provide for his daughter even if it means using his own body to earn money. Tori and Ross are drawn to each other from almost the beginning. Tori is through with men her age. She wants an older man who she feels knows how to treat a woman right. At the beginning Ross is resistant to start a relationship with Tori due to what he has been doing for a living. Will Tori be okay with it when she finds out? Will Ross be able to find a regular job and prove to Tori she is the only one for him.? This was such a great book and you will find out all the answers as well as enjoy this great read from Ms Brent. And of course the ending was great.

Shelly Celli says

What a steamy little read. Ross is a single dad detained to do whatever necessary to take care of his daughter. After being payed off work, he's starting to panic when more and more positions are hiring younger people for jobs. He's an older man and has always liked his women younger...much younger. His daughter Katie's new teacher is a very attractive young woman, but she's just below his cutoff. With the problems he's already having with his sitter. He doesn't want or need another extremely young one...but Tori gets under his skin quickly. With the job he's doing to provide for his daughter, there's no way he can date her seriously, but he doesn't want to give her up either. With quite a few crazy experiences under his belt, he's finally able to land a respectable position and quits his temporary job. Problem is, things always come back to bite when you least expect it.

I'm voluntarily reviewing an advanced reader copy of this book.

I was given this book for my honest review.

Another Amazing compelling story by this author. Though I love this authors writing sometimes I wish she would go beyond what is written in her story lines. I get so hooked with a part here and there that once it drops I am left with questions. It is what it is I guess.

Still this hot little number will have you wanting to sink into a bathtub of ice.

Happy Sexy Reading

I voluntarily received an advance copy of this book and I enjoyed it. It was a bit different then books I've read by Amy. I actually liked that this one didn't have your usual drama and that it had a different kind of plot.

Ross, a 58 year old man, lost his job and is finding it hard to get a new one with all the young bucks competing with him as well. He lost his wife to kidney failure 3 years prior and is raising his 6 year daughter

Katie. He hasn't found anyone he would consider being serious with and so he just satisfies his needs when needed. His friend Melanie who is 27 suggests he sell orgasms. Well he laughs it off at first but after she shows him what kind of money he could make he decides to do it. Just until he can find a legitimate job.

Tori is a 22 year school teacher and has Katie in her 1st grade class. She also has the hots for Katie's father. She does all she can to get his attention but nothing seems to be working until she announces her secret to him. This gets Ross to consider her even though she's under his 25 year old limit to date.

Mia, Ross's babysitter who is 18 is also pining for the old man. Ross can't get a break with all the women around him wanting a lesson from him. There's a few times Mia and Tori have it out but in the end only one will win Ross' heart.

I enjoyed the book hopefully you will too.

4.5/5 Stars

Where's the fan? The ice? The B.O.B? Holy smokes this is one hot and filthy book. Amy Brent has seriously outdone herself with this one!

Ross isn't necessarily lovable in the traditional book boyfriend sense of the word. He's a good dad and willing to do whatever (and I do mean WHATEVER) it takes to keep food on their table and a roof over their heads. I commend him for that, but wow he gets himself into some kinky \$hit for money!

Tori is the grade one teacher of Ross' daughter. She's young, recently single and very much a virgin. She's attracted to older men and Ross happens to be a fine, FINE specimen of an older man. At first he rejects her advances, citing her age, but really not wanting to drag her into his current adventurous/promiscuous lifestyle.

He does eventually cave to his desires and her wishes, but he doesn't stop his night time job, which surprised me. When Tori finds out that she's not the only one he's being intimate with, how will she react? I would have been livid at his behaviour and secrecy and throwing his fine a\$\$ out the door. Will Tori be more calm and collected than I would have been? Will he be able to give up the great paycheques that his night job provides, if that is what Tori demands? She wants a family someday and a man she doesn't have to share. Is this something Ross is willing to consider for her?

Standalone. Super descriptive, dirty and steamy romance with lots of kinks and many partners for our talented Mr. Perfect O.

THE TITLE IS MR PERFECT O BUT YOU COULD CALL IT CONFESSIONS OF A MANWHORE. A SUPER FUCKFEST, I STRUGGLED TO KEEP READING THIS BOOK IT WAS JUST TOO

UNBELIEVABLE. I LIKE EROTIC BUT THIS WAS SO STUPID, THE FIRST TIME I HAVE EVER HAD TO SAY DNF (the very first time) I JUST COULDN'T GO ON. }:X

Raecharmed says

Ross is a widower and all of his savings went into medical care for his wife. Now he is struggling to keep a roof over their head and bills paid. A friend tells him that woman would pay him for the pleasure he would give them. At first he is against it but desperation sets in and he starts seeing women to support his family. Tori is Ross's daughter's school teacher and she's smitten with Ross since she saw him at pick up one day. She makes a "chance" meeting to see him and things slowly progress into them dating. Ross is still seeing woman until he is sure he's relationship with Tori is serious. When he does find a real job its too late Tori finds out what he did to support himself. Can she forget what he did and forgive him for not telling her? Can Ross convince Tori they are real and she's all the woman he needs?

This is a great story about an older man/ younger woman romance. I loved this story yes there are certain parts where I wanted to smack Ross lol But it will still keep you turning pages to find out if their love can survive what he used to do for a living.

Natalie The Biblioholic says

The cover was a bit misleading as the main hero is middle-aged, however, it was smutterrific and my complaints are minimal. There's some bonus material, which I enjoyed, so I think it's worth the cost.

Cathy says

I voluntarily reviewed an Advance Reader Copy of this book. Ross was an older man in his fifties. He lost his wife after her pregnancy. His daughter Katie was a smart, sweet little first grader. He was having difficulties finding a job that younger men were filling the positions he interviewed for.

Tori is Katie's teacher and seeing Ross daily was torture because of his incredible physique and gorgeous looks.

They had a big age gape that Ross was hesitant on giving in to his attraction towards her.

The characters were well written but, I didn't care for the storyline and Tori's character too much. I know how young she is makes her vulnerable and unsure of her sexuality. I wouldn't love my fire in handling a older mature man. Ross's character was sexy and hot. I will only say that I didn't like his career choice. Tori was too agreeable and gave in too easily over it.

This book wasn't enjoyable for me. I do love Amy's books and this is just my opinion for this particular storyline. So please don't let my review make you hesitate to try this book. Maybe you'll love it.

Rhonda Hicks says

Mr. Perfect O was a bonus book with "Teacher's Pet" and I thought it should have its own review, especially

after reading some of the previous ones left. Ross is a recently laid off 58 yr old single father of a 6 yr little girl, his wife having died 3 yrs ago. He's gone on interview after interview trying to find a job to take care of his bills and daughter only to be turned down at every turn so someone younger could be given the position. A female friend with benefits suggests to him that many of her friends would pay dearly to have the same benefits. Ross knows he has to do something before he loses his house and cannot care for his daughter so he agrees. Tori is his daughter's 1st grade teacher. The little tyke has decided she wants to play match maker between the two. Watching things unfold within the steamy pages was interesting.

Amy Brent has taken a conventional story of a female falling on hard times and using the oldest trade in history as a means of survival and turned it on its head. Since this is a steamy romance where sex comes into play, I felt it had a terrific storyline with many authentic emotions from the characters and sub-characters coming into play. Following her writing style, Amy Brent has made this another recommendation for me.

Gladys says

Mr. Perfect O by Amy Brent was a good book. A well written and unique storyline. As big of an Amy Brent fan that I am I could not really truly enjoy it. I could not really connect with either the hero or heroine. I love the older man/younger woman trope and really looked forward to this book. However, so many of the details turned me off. I could understand Ross's need to take care of his daughter but he seemed to really love what he was doing too much. When he was put in a situation that threatened his being able to take care of or even be around for his daughter he should have been done with what he was doing. I think older guys are hot but honestly he was kind of sleazy. As for Tori I felt she was way too accepting just because she wanted to be with an older guy because he would treat her better and she wanted Ross. Is this book full of steam? Yes it is. But is it full of romance? No. Not in my opinion. I only felt that the relationship they had would only last until Ross got bored and went back to his womanizing ways. I'm sorry it just didn't work for me. I am posting an honest review after reading an ARC copy of this book.

Maria Hunt says

Holy hotness!! Amy Brent outdid herself with Mr. Perfect O! The storyline is great and I loved the amazing characters. Ross is a single dad who is willing to do whatever he has to in order to provide for his daughter. When his friend suggests a very lucrative job opportunity Ross reluctantly agrees. The things Ross gets himself into with his new job surprise even him. Tori teaches first grade and has a star pupil, Katie. It hasn't escaped Tori's notice how attractive Katie's father Ross is. Tori is newly single and decides to pursue the much older Ross. He turns down her advances at first not wanting to pull her into his life given his new profession and the age difference between them. The chemistry between Tori and Ross definitely sizzles and eventually the temptation is too much for Ross. When Tori learns the truth about Ross' new job will she stick around? Can Ross make Tori see that what they have found together is more than either ever hoped for? You'll definitely want to pick up this hot and steamy read! I voluntarily reviewed an Advanced Reader Copy of this book.

Anika says

This is the third book of Amy Brent's that I've read. From that it's clear she has a formula - older man who is

hot and has women dropping their panties. The heroine is a young - very young woman who does all the chasing. The books are very well written, steamy and easy to read. I would rate it higher but I have a few issues:

It's called a romance but I don't think it is - we don't see Ross the hero grow at all. He's exactly the same at the end as he is at the start of the book. I don't get the sense that he couldn't live without the heroine. When he was bored he would move on to the next sucker.

The cover is misleading, the hero is 58 and the heroine is 22. I don't know any 58 year old guys who look like that.

The hero claimed that he was doing everything for his daughter to give her a good life etc. but he didn't seem to spend much time with her, and there was the whole scene at her birthday party where she was not at all his priority.

The sex - this was hot and really well written but with all the bed hopping I didn't like that there didn't appear to be much safe sex e.g. oral sex without condoms.

The heroine is a dormat who was dickmatised by the hero.

As the story went on I disliked the hero, he's an alpha-jerk. He gets whatever he wants, women fallign at his feet because of his big dick and the fact he knows how to use it. Although he has some rules he didn't really seem to have issues sleeping with lots of random women, some young enough to be his daughter or granddaughter.

I would tag this book as erotica or porn, not romance. Whilst romantic hero's can be escorts, in a romance I wouldn't expect to see the hero sleeping with other women described in graphic and titillating detail. I also wouldn't expect to see the bonus scene without the hero first dicussing it with the heroine and demonstrating that he had her informed consent.

The author has clearly got her niche and more power to her. However after reading this book I wouldn't be surprise to learn Amy Brent was a pen name of 58 yr old Marvin from Milwaukee.
