## Oracle K.G. Reuss

Ana Winters was an ordinary high school student until the headaches started. With their arrival come the visions, strange dreams, and the ability to burst into flames.

Lost and confused, she doesn't know where to turn or who to trust.

She thought she could always rely on her best friend Kellin James. But when the new guy Calix Night shows up at school, she finds herself the subject of their rivalry. It isn't until Calix saves her from an army of shadowy, supernatural creatures that things begin to make sense.

Calix relates to her a tale of a magical kingdom so eerily familiar that Ana can't shake it. One thing is for sure, Ana is running out of time, and she needs to figure out who she can trust. Are Calix and Kellin really who they say they are? Secrets are revealed, and a choice must be made. One that could cost Ana everything— including herself.

## **From Reader Review Oracle for online ebook**

### **Gina Burkart says**

Wow this is the second book that I've read by KG Reuss and wow what can I say.. this book was fantastic and just blow me away. I love that it is a paranormal as I don't read much of these kind of books and this book had me from the first words till the end.. i had hard time put this down. If you are looking for a different read that will keep you drawn in this will be the book for you..

---

### **Stina Andersen says**

The Chronicles of Winterset: Oracle, by K.G.Reuss.

It's about the beautiful and shy girl Ana. She has feelings for one of her best friend, Kellin. But he is seeing one of the mean girls.

Enter Calix, the dark haired, mysterious and dangerous boy. Who captives Ana's thoughts and feelings.

"-Doing what everyone else wants and what is expected makes you live a life that isn't yours, and you deserve to have everything you want."

But something is happening to Ana. She's starting to have this weird dreams and is seeing things...in the mirror. She has to keep her distance from everyone...she don't trust herself around others.

"-Ana, understand when I say we are all a little dark on the inside. Just because I saved your life doesn't make me a saint. In fact, it makes me the worst kind of hero."

I think it's well written, full of angst, secrets and heartaches!

I highly recommend this book if you like mystery, specially supernatural mystery!

"-I would breathe my own life into you, Ana. That is how much I want you to live."

I thank the author for providing a copy to voluntarily review.

### **Jennifer Woodrow says**

#### **Ana and Calix**

I cannot imagine giving this book less than 5 stars. It is a well written, well plotted story of what appears to

be doomed lovers. I was almost crying at the cliff hanging end of this story. Calix's and Ana's sorrow at their knowledge of how much they must hurt each other to perhaps save each other is tragic. It kept me on the edge of my seat. This is a must read beginning of a series!

---

### **L.C. Perry says**

Ana is a seventeen year old senior in high school whose greatest problems in life was finding a date for homecoming and tackling her feelings for her friend, Kellin. When she starts getting strange outwardly dreams and meets the new hot guy in school however, her life starts to turn upside down. Not everyone is who they seem and that includes Ana, whose latest ability to set her hands on fire proves she is anything but normal.

This story was funny, engaging and full of drama as we see Ana's life unfolding. The book starts off with a typical high school setting with the cheerleader bullies and the main character having a crush on a football star that's into one of them. The two guys vying for her attention end up being more than just high school boys and I found myself uncertain of who to trust alongside Ana. This other world the author has created is intriguing and I found myself wanting to know more about it as I flipped through the pages. I fell in love with Calix and thought that the moments he shared with Ana were wonderfully intense. Both he and Kellin had such a strong presence throughout this book and I could really feel how much they cared for Ana. Although I was obsessing over Calix, there were many moments I thought Kellin was just as sweet. The ending left me hungry for more and I look forward to the next installment from this great author!

---

### **Erica says**

I am really enjoying this book! The writing style of the author is intriguing, and I am excited to finish the last few chapters! I am looking forward to reading more books from this author.

### **Dawn Yacovetta says**

This being the debut novel for this author, I had no preconceived and was only interested in her ability to tell a story. This one began with a typical pretty girl attending her senior year in high school. But when she started experiencing supernatural changes, things truly got interesting. With fire coming from her palms at inopportune times and a shadow seemingly stalking her through her mirror, her last year of school has become something much more than typical.

There were moments when I wondered how the two guys, who were supposed to be Ana's friends, could allow Ana to be treated the way she was by the stuck up girls they were dating. And I found it strange that she would put up with any of them acting the way they did. The actions of Kellin and Calix were more immature than I would have expected for their age. But I have to remember that I am simply a spectator, looking at the story from the outside. I expect the author to give us the insight we need to understand the way things unfold. Though she could make her reasoning a bit clearer, I think she is on the right track, and I can see her potential for improvement as the series develops.

Ana proves to be someone much more unique than she thought, and though I was a little put off by her

whining and crying at the drop of a hat, I understood that she was under duress the majority of the novel. I'm not sure how I would have reacted had I learned the things about myself that she learned in the short time she had to become aware of her abilities. And I do understand her need to protect herself and others from her "gifts." With the nightmares and the knowledge that she might be more dangerous than anyone understands, I can see how it might be difficult to figure out who she can trust and what to do with the waves of emotion she must have experienced.

I don't claim to be an expert concerning the paranormal or the world of the fae, but I truly enjoyed the story, and especially the dark theme that was a thread throughout. I love an author who isn't afraid to sacrifice characters we've grown fond of in order to take the story to its conclusion. Although this tale started a little slow, by the second half, I was on the edge of my seat, wondering which direction Ana would turn and where the knowledge of her true self would lead her. It ended in a cliff hanger that left me asking a myriad of questions. Where will Ana go now that she's taken the action she has? What is to become of these two important men in her life? Will there be too much darkness to overcome, and what impact will her actions at the end of the book have on earth realm and the realm in which she belongs? I hope the author continues to write, because I'm sure that I'm not the only one who wants to know what happens next.

### **Staci says**

Heart-rending tale...

We blindly rush through our last few steps of childhood. Can't even imagine what life had in store for us. Yet every choice is our path becoming more permanent. Every step closer our future forming.

---

### **Lauretta Hignett says**

Bloody adorable book. There's nothing better than a soulful teenage love story with a supernatural twist, and this one is a page-turner. Although I should take at least one star away because K.G. keeps starting new series without giving us the second book in the series... hear me K.G? Where's my sequel to Dead Silence? C'mon man! ;)

---

### **Amanda Williams says**

Wow.....what a book. The story is stunning with down to earth characters that make you want to delve into their stories until you have devoured the entire thing in one sitting. I am now hooked on this authors work

---

### **Kalli Bunch says**

Oracle is a pretty awesome book. It wasn't at all what I was expecting. I love books about Fae and I like how well written the characters were. Hopefully we get to see more of the Kingdoms in Winterset in book 2.

## **abdulia ortiz-perez says**

This story had me going crazy. What a great hangover! What a great Rollercoaster! Love the characters, the storyline was well written and well put together. It had me interested threw the hole book. I couldn't put it down for one minute. The emotion I had was up and down. Got me mad and happy. This is the type of story that you will never forget. It the type that you will always carry with you and always remember. What a delight to read. I really enjoy the hole story. I highly recommend everybody read. It will have you hook from every page, from every chapter. It will feel like you right in the book yourself. ???
