**Alyssa says**

**Love!**

How can you not love a book that contains the word Ramburglar in it?! Jen is just as pee-your-pants funny in this volume as ever.

---

**Sandra "Jeanz" says**

Great short witty stories and observations, often hilarious....I must have a similar wit and humour ....I want more! REVIEW TO FOLLOW!

---

**J.P. Willson says**

Truthfully, and I would certainly not refer to myself as a prude by any stretch of the imagination, but I had no idea there were so many connotations for the predominant appendage of the male anatomy known as the penis. The fact these nom's de plume have come from a woman is really beside the point!  
Good Lord...

**Michelle says**

**Hilarious**

Jen,

We could be friends!

In case you want to share ... I don't care if I get a cupcake with green and purple frosting or purple and green! I'd just like the cupcake. I may even send you a thank you note ... On a (stolen) post-it.

---

**Abby says**

A short bite of essays that follow the original book. Fun, fast and hilarious.

### **Aubree Bowling says**

#### **I want to read missed connections now**

I never knew about these before, but missed mom connections cracked me up! Especially the one with the reply! Thanks for making me laugh so much today!!

---

### **Janice Robinett says**

It was hysterical I couldn't stop laughing!!!! Love love love!

---

### **Rene says**

#### **Very descriptive**

JL gets unexpected email and I'm guessing she used 10-15 different words for penis....if not more. The story gets funnier until it's "laugh out loud" funny. This gal is a hoot!

---

### **Sue-Ellen says**

#### **Love these short stories**

I love when I see a new volume come out! Jen definitely has a way of making you laugh and relate to all her stories. Hope there is more to come!

### **Just A FEW People I Want to Punch in the Throat (Vol #3)**

After reading Volume one and enjoying it so much I just had to keep reading, volumes two and three are not as funny but I'm not going to give up yet I'm going to read the last one. I hope volume four is better than the last one.
