## **Pushing Patrick** Megyn Ward

Patrick is every good girl's dream come true. Funny, sweet and holy-hell hot. He's the kind of guy who always texts back and chases his neighbor's dog when it gets loose. He enjoys volunteer work and is involved with his community. He's loyal to a fault and loves his mom.

Like I said, he's a good girl's dream come true.

So what's the problem?

I'm no one's idea of a good girl.

Good girl or not, I've wanted Patrick as long as I've known him, but the night we met, he made it perfectly clear that the feeling isn't mutual.

So we're friends. Just friends.

True to form, when my life is suddenly turned upside down, Patrick comes to my rescue and offers me a place to live. How do I repay him? I make a bet with our mutual friend, Tess, to use my new roommate status to get him into my bed, by any means necessary.

She says all Patrick needs is a little push.

The last thing I expected was for him to push back.

### **Tracy Kellies says**

This book should definitely not be read while at work or on public transport. PG 18!!! The sexual chemistry between Patrick and Cari is off the charts and not to mention their emotional connection. The cliffhanger ending had me feeling all kinds of emotions.

Megyn Ward is a new author to me, and I'm love with Gilroy Clan. It's a must read book. Looking forward to reading book 2.

Patrick and Cari story is something that some of us go through, not knowing where you stand with your best friend because you have feelings for them and don't want to ruined that friendship.  
Again its a must read, you'll love Patrick.

Great start to what will hopefully be an wonderful series! I couldn't put it down. Their love scenes were definitely steamy. Both characters are likeable even while still making many mistakes and trying to figure themselves out. The book ends in a cliff hanger that made me want to start the next book right after finishing the first. I enjoyed not only getting to know Patrick and Cari but the entire Gilroy clan. I cant wait to see what all the Gilroy's have in store for the future.

There were a few typo errors that I saw but I thought it was well written and nothing that totally threw me off.

I was totally amazed at the story. I haven't read any of Megyn Ward before. She is amazing. Pushing Patrick is a wonderful read with great characters that sometimes you want to shake, scream at, and cry for.

Beautifully written. I will definitely be looking for her next book.

I voluntarily received an advance copy in exchange for an honest review.

The blurb says there's no cheating, but there most definitely is. After pining over the h for months, the H receives a blowjob from another woman, which the h happens to walk in on. That constitutes as cheating in my book. After reading about the blowjob, everything that came afterwards was just meh.

Blurb:

It was a bet.

A stupid bet.

One I never should have made.

One I knew, that could cost me everything...

To be honest, I didn't even think it would work. I kissed Patrick the night we met and he couldn't have made it clearer—he isn't into me. Not like that. He's funny, sweet and holy-shit-hot—entirely too good for a girl like me. He's perfect and I'm... not.

So, we're friends.

Just friends.

When my life falls apart and I need a place to live, Patrick comes to my rescue, no questions asked. I know it doesn't mean anything. It's just one friend, helping out another. I know that... but I can't help but want more. I can't help but want him.

It's my friend, Tess, who points out that Patrick may be perfect, but he's still a man. That if I push hard enough, I can make him want me.

I know she's wrong because I've been shot down by Patrick before and I have no desire to subject myself to it again... but what if she's right?

What if all Patrick needs is a little push?

The last thing I expected was for him to push back.

\*\*Warning\*\* This book contains enough hot sex to melt your panties clean off (seriously, you should probably just take them off, right now...), so if hot sex scenes o'plenty aren't your thing, you're in the wrong place! This 90k words romance novel is super-hot (I mean, really, really hot!!) and is intended for mature audiences only! You've been warned!

\*\*This full-length novel is the FIRST in a series and does end in a cliffhanger, which is resolved in book 2, CLAIMING CARI. There is no cheating and book 2 ends in HEA.\*\*

Cari is very interested in Patrick but she believes that she is not in his league. Her friend thinks all Patrick needs is a little push but what happens when he pushes back. This story is cute, sweet and filled with drama if these two ever learn to communicate and leave their insecurities behind they will have the making of a powerful relationship but the question is can they? I voluntarily agreed to receive an ARC of this book for an honest review.

OMG!!! This is my second book by Megyn Ward and where has she been for most of my reading life? I mean her writing has it all.. The funny, the sweet, the sexy, the tension...oh lord and does Patrick turn up the heat when he gets all alpha!

The characters are wonderful and so well characterized! I can picture them all...Conner, ooh the quintessential tattooed bad boy, Tess, the one who's been so hurt she's hiding behind bravado, and Declan..ooooh I can't wait for some Declan.. Matter of fact, half way through this book I pre-ordered book 5..

I think EVERYONE should read this series!

### **Allison Landers says**

Really not what I thought it was going to be like at all. Way more angsty and melodramatic and ... cringy? It was super frustrating and I didn't realize it ended on a cliffhanger, but I read it in one sitting and I did love the cast of characters. I was definitely entertained and there's certainly a lot of steamy scenes but at a certain point I was sick of them and wanted the characters to get their shit together. Which they don't do in this book... but overall entertaining

### **Gin says**

Exciting, witty, funny and very entertaining. Push Patrick too far and wow his explosion is HOT! After the first chapter I really like the continuation of this story and especially the characters this author created and developed exquisitely. Like Cari said about Patrick, he's not hot he's beautiful. And he is. Such a rare hunk

of a gentleman and he can get dirty too! So HOT! Cari was frustrating but she really has a beautiful soul along with the sexiness. These two are unsure about the other's feelings and rely on actions and their insecurities rather than talking to each other. But they are a great couple and belong together. I loved the Gilroy clan and look forward to more of their stories and Patrick and Cari's finale. I voluntarily reviewed an ARC.

**This was a rock star read. Loved, loved every character in the book. Patrick, his brother & cousin are all hot but each different. Patrick & Cari both grew within the story, when usually you wait it out in the series for it to happen. In a lot of books it doesn't happen at all. Reviews always talk about the "hot"**

This was a rock star read. Loved, loved every character in the book. Patrick, his brother & cousin are all hot but each different. Patrick & Cari both grew within the story, when usually you wait it out, further in the series, to happen. In a lot of books it doesn't happen at all. Reviews always talk about the "hot" sex - this was hot, genuine, believable, HOT! My first read with this author- I read this in one sitting on my Kindle Unlimited but am going back to purchase it (Im guilty of frequent re-reads) and stalking book two in the series, plus others she may have written. Don't rent it, buy it!

### **Kristi McChurin says**

Pushing Patrick was a really great read! Capn America or Preddictable Patrick is what Patrick has been called his whole life. He's the guy you know you can always rely on. One night in college a girl, Cari, needed a ride home. She made it obvious that she would like to repay him in a special kind of way, but Patrick's a nice guy. Fast forward three years down the road and Patrick is starting to be over the nice guy way, except he asked Cari to move in with him when she gets kicked out of her apartment.

Cari has the hots for Patrick and Patrick has the hots for Cari, but neither one will make the first move. Cari and Patrick's friend Tess makes a bet with Cari to see if she can get Patrick to loose control and have his wicked way with her. Can Cari break Patrick down? Will Patrick finally find his inner bad boy? You'll just have to read to find out! The storyline was fantastic and I felt bad for Patrick at times because he's such a nice guy, but then you get glimpses of his inner bad boy and it makes you sweat a little. The supporting characters added color to the story line and I can't wait to read more of the Gilroy Clan series.

#### **Great story!**

This is the first book I have read from this author and I can't wait for more! The main characters need to get out of their own way so they can share the love they have for each other. Can't wait to start the next book!
