Trix says

Just came across this.

I liked the art, though found it a bit rough at first.

But the story really caught me. Abel is appealing through his shyness and quiet nature that hides strong desires and urges. And Cain draws you with his forcefulness, with his 'fuck you' attitude and sureness. And the chemistry between the two is simply dripping out of the panels, alighting everything.

I am very curious to see what plans Cook has for poor unsuspecting Abel and what role is Cain meant to play.

Merged review:

The storyline was quite full in this chapter.

(view spoiler)

Quite a few mysteries and ideas created throughout the chapter. I can't wait for the story to progress.

Dreamer says

Wow, hot little m/m cartoon piece about starfighter Cain and his navigator Abel. Beautifully drawn, weekly updates - I think I'm hooked!

"That's not a bite. That's a scar. Everyone will know you belong to me."

Sarah says

Thoroughly enjoyed this grubby bit of goodness. A little slow to start, but great tension and the sex is just made of awesome. Left me wanting more and was lucky enough to have the 2nd book to read online at the authors site. A lovely way to spend a morning!

Sara says

Whoa. What did I just get myself into? That was something else. I didn't mean to look at this let alone get addicted to it. All three chapters were fantastic! I got into the story line and even held my breath as they went out on that last mission. The drawings are great, the sex is hot even drawn in black and white. Um...GO ABEL! That is all I have to say about that. I am curious now to see where else this goes.

Oh the extras are fun! If you read this check them out. The boys look good in color and a few of those scenes are unf and adorably swoony too.

Kukko says

My first yaoi manga...I loved it!

A dark, erotic story with non-con/dub-con and two fighter pilot MCs with corny names - Cain and Abel.

It's a WIP, but I am not complaining because it's available as a **FREE** webcomic.

I love Jealous & Possessive Cain!! <3 He is AMAZEBALLS.

I always had a thing about a-hole alpha's. and,

Cain is one of the best. <3

Yeah My dear asshole hot Cain, he can laugh.

If only you would stop biting him everywhere, he'll laugh more. :D lol

I love Abel and his shy stony personality.

This chapter was better than the First one.

Can't wait to read the Chapter 3.

Lilia Ford says

Loved it. Great story-telling and graphics, with plenty of forceful, yaoi-style lovin. Can't wait for the next part to be released!!!!

Me during the first 60 pages of this chapter: ??? Idk if I'll continue this tbh

Me during the last 9 pages: I need to read the next chapter now

Christopher says

The first chapter introduced and focused on Cain and Abel. The second chapter presented more interesting characters, and depicted more complexity to the characters and plot. The sex is hot, really hot, but the real meat of the comic is, of course, the story. Very intriguing and keeps you wondering. And the artwork is positively beautiful.

Will continue to update this review as more chapters are released

Re-read 1/24/16

PFfftt, gods, I love these two assholes. (Four if you count Deimos and Praxis.) I think this was even better than the first time. Definitely those sex scenes were 1000x hotter, that's for sure. *growls* Cain will forever be my favourite, followed by Abel and little Deimos. <3 Everything about this comic is SUCH gold.

Continuing onto the next chapter!

Re-read AGAIN. 2/17/16

Rebecka says

GAH! Why is everything I start reading unfinished?

The first chapter of this comic could do with some more build-up, because at first it felt like there would be no story, just smut, and that's really no fun. Then the story appears, and it's intriguing. Plus, I like the dark artwork and Cain's unpardonable character.

Kristen Burns says

Cain was still awful, but I'll take me some Praxis ;-). Anyway, there was at least a tiny bit of story before the sex this time, so that's something, I suppose. And I liked the scene after the sex when they kind of had a moment and started laughing together. But it was still pretty much just about sex and an abusive sociopath. I'm not quite seeing what everyone else seems to see in this series. Nice artwork though (it seemed better this time even), I will not argue with that. And it works as a distraction since I'm not feeling great and could not for the life of me figure out what book to start next or concentrate on any of the books I tried.
