*The Complete Big Nate* collects every daily and Sunday cartoon ever syndicated. Presented in a numbered series of e-books, each containing one year's worth of strips, this is a goldmine for all *Big Nate* fans to see many cartoons that have never been published in books. Aspiring cartoonist Nate Wright is the star of *Big Nate*. As a popular middle-grade book character, Nate is 11 years old, four-and-a-half feet tall, and the all-time record holder for detentions in school history. He's a self-described genius and sixth grade Renaissance Man. Nate, who lives with his dad and older sister, has a habit of annoying his family, friends, and teachers with his sarcasm.

**Great Book For Nate Lovers**

If you like any books in the Big Nate series then you will love these ones. It's really just long, easy to read, funny book that I would recommend to anyone. You are missing out if you don't buy and read this book. But I would recommend starting from the start with "The Complete Big Nate: #1 (amp! Comics For Kids)" if I was you. The only bad thing I have to say for it is that it takes a while to download, but the only reason that is because it's quite a long book that only cost \$3 or less.

So over and out from the book review,

Parzival
