Angie says

Super cute illustrations. And a cute enough adaptation of the song. Not going to become my ALL TIME EVER Halloween holiday favorite but the kids who have looked at it at the bookfair have enjoyed it.

Olson Family Matters says

Madelyn LOVED this book and was singing along after a week or so of reading.

Amy says

Megan Olavarria says

Great read/sing aloud for Halloween

My toddler is very particular with books and he loves this. It's also one of my favorites to sing along with. In fact, I now have it memorized and I use the song as part of our music therapy for speech paradise.

Madison says

This book is a perfect addition to our Halloween collection. The tune is familiar, the pictures are fun, and there is a sequential number sequence.

Melanie says

A great take on the traditional song. This book combines the excitement of a Halloween story with learning to count. Instead of crying babies and clinking money readers are delighted with hissing cats and bony wipers.

Beth says

This is perfect! Start the year with the traditional Wheels on the Bus and by Halloween time, they will be ready for this version. For props, be sure to have 3 cats, 4 carved pumpkin wheels, 5 spiders, 6 mummies, 7 monsters, 8 witches, 9 brooms and 10 ghosts.

Melissa says

This is a fun Halloween take on "The Wheels on the Bus". Kids will love making the noises and doing actions as the bus makes its way through town on Halloween night. Good choice for a silly Halloween story-time.

Alice says

This is a fun twist on the wheels on the bus song...it is guaranteed to get the song in your head...fun counting book and kids always dig Halloween stuff all year round!

Sharon says

This spooky halloween story is set to the tune of the "wheels on the bus" My children loved reading each page and working on counting from one to ten. What a fun book. It has been six days since the first time we read it. I still catch my four year old looking through book and reading it to herself.

Helen Cox says

The Spooky Wheels on The Bus is a halloween edition of the wheels on the bus. It is also a great counting book. Count one spooky bus to ten goofy ghosts.

Activity: interactive picture "This interactive picture board was made as a companion activity for the book "The Spooky Wheels on the Bus" by J. Elizabeth Mills. You can read the book (or sing the words in the book, by using the original melodic pattern of the Wheels on the Bus song). Print out the bus, and the picture cards, on heavy cardstock, laminate, and Velcro the pictures onto the bus. Once the story begins, you can have students pull the matching picture off the bus. At the end, you can have your students put them all back on the bus in the order they pulled them off. This makes for a fun Halloween themed circle time activity."

Great book for Halloween! The book is to the tune of the Wheels on the bus go round and round, but all the things that happen to the bus are to do with a Halloween theme. Very fun! Good picture book. Good for Kindergarten.

Datoria says

Great movement book. Can be used for onamonapias and number sequencing

Renee says

My kids and I just love reading through and singing along to this Halloween-themed version of the classic song, "The Wheels on the Bus". It was fun to see my son counting each monster/ghost/witch, etc. on each page. I think he was expecting that the illustrator had made a mistake! Great choice for Halloween for kids ages 3 to 7.

Rose says

Great for singing along around Halloween.
