## **The Wild Side of Paddy McGuire** Jack Brighton

How does a man like Paddy McGuire, a natural top who's never had so much as a finger up his ass, let alone another man's cock, end up training to be a submissive slave, prepared to give his cherry to some ruthless master? A convoluted path is the answer and a story in itself, involving an unfortunate debt, stage managed sex, a threat to his mother, and a voyeuristic gangster called Vinnie the Vandal!

Irishman Paddy is big and butch, painfully handsome and in his early twenties. He's a natural top with the devil's own temper and lethal fighting skills; a hell of a stud who can fuck like the best... and most importantly of all, he's an anal virgin prepared to give up his cherry as the only means he can settle the debt. Because as luck would have it - that makes him a perfect match for an Arab Sheik who's after a new slave.

Coerced into agreeing, Paddy is introduced to Angus McCloud who has been commissioned to source this odd requirement, which is explained to Paddy in the starker terms...

## **From Reader Review The Wild Side of Paddy McGuire for online ebook**

### **Don Bradshaw says**

Paddy McGuire is in debt to his loan shark to the tune of one hundred thousand dollars and he doesn't have a cent to pay back. Paddy's mother is threatened. So Paddy decided to sell the only thing that he has to raise the money, his virgin ass. He is taken to the Bears Den for training to become a sub to a Saudi sheik but Paddy is a natural top. Angus, the owner of the Bears Den, sees Paddy's potential but knows that he'll never cut it as a sub. There is a strong attraction between Angus and Paddy so Angus off to teach Paddy to become a Major Domo. The masters at Bears Den put the constantly horny Paddy through every kind of BDSM training possible and Paddy thrives. This is the first Wild Side book that I've read and it was hot, funny and sexy. I came to like the walking hardon Paddy and the big gruff Angus. The Bears Den is a nest of fun where slaves are trained and used mercilessly. I recommend this raunchy yet lighter look at BDSM

---

### **Rachael says**

The was an incredible love story. Yes, a love story filled with rough sex, voyeurism, multiple partners, whips, chains, ropes, and even a little water sports thrown in but a love story none the less. Paddy's transformation is breathtaking. I was impressed with how Angus orchestrated everything into the ending that Paddy could never have seen coming.

I will read more of the Wild Side series. I'm going to go add a category on my bookshelves as a result of this series - it will be "read ASAP"!

---

### **Tatiana says**

Gay porn written with a gay male audience in mind. I'm inclined to think that female readers won't enjoy it just as much.

---

### **jenTed says**

[Like thinking Paddy was going to be sold to the Sheik and I kept waiting for that to happen. I was a little disappointed when that didn't happen. I kinda wanted to see Paddy being held to strict slave protocol. The same thing happened whe

---

### **Vivian says**

The raunchiest romance I've ever read.

Damn. Brighton writes some seriously nasty, hot stories. In order to appreciate, you need to check reality at the first page and just ride. A wild one at that. For a book that has as much sex as this one does it is a huge tease. Angus and Paddy are like two huge dogs circling each other. That circling was wicked hot, but torturous.

The reader needs to appreciate naturalism in their sex for this one to work. Straight up, get down and dirty sex. Every part of your body is amazing and want it kind of sex. Indelicate. And since I'm of the mind that sex better be worth getting hot and sweaty for--this suits me just fine.

Love both these filthy men. Perfect.

---

### **Ottilee B. says**

Don't get me wrong! I LOVE the Wild Side and my fave person to meet in a dark alley at night would be PADDY, but I'm not sure if this had any bdsm. Pretty sure triad, tho. Hmm. ANYhow, a great book with cover-to-cover mm bump-&-GRIND! It's been awhile since I read it and thank goodness, it's TIME FOR A REREAD!!!

### **J.T. Hall says**

I was in the mood for something that wasn't touchy feely but just plain dirty and hot. I found it. For anyone who reads gay or m/m romance, understand that this isn't it. This is erotica for gay men written by a gay man. It's raunchy, perverted, graphic, and disgusting. And it was hotter than hell. No men professing feelings for each other, but more fucking and come than you could pack in a whole box of porn. Welcome to the Wild Side.

What I particularly liked was there was a real story here as well. Paddy McGuire is a toppy top who needs several men a day to sate his lust and refuses to bottom for anyone. Gambling debts force him to become a slave trainee, and he undergoes a complete education both as a submissive and as a dominant. All the details about BDSM were really well done. And I'm picky since I'm in the lifestyle. Paddy not only gains an education, however. He also gains a new perspective and a transformation of his character. There actually is a romance here. But again, nobody says those three words, "I love you."

Be prepared for some scenes that may stretch your boundaries. Water sports, felching, snowballing, it's all here. Yes, there's a touch of dubious consent as well. But really nothing that bad. Mostly it's a lot of hot, hot sex.

---

### **Shannon says**

On the bright side, this book had every nasty thing I could think of. And I love the nasty, dirty stuff but there didn't seem to be much of a story that didn't include a shitload of sex. Like over the top sex using phrasing that didn't make the encounters sound all that hot when they really should have been. Like "shooting cum into his guts". Yeah, like that. The 3 stars is just because it was so raunchy and that's hard to find around

here. Me likey!

### **Suze Fields says**

It started really good, truth to be told, but as it advanced there were elements that just didn't sit well. The characters were quite flat, the plot little lacking, the way the whole Paddy-ordeal was set to motion was a stretch of an imagination, specially as the author insists in calling Paddy a very intelligent person. Not like he couldn't be a genius solving complex math equations, but from every single word on the story what you've got was a really stupid person.

The supposed circumstances of his training, masters pro and against, the oh-so-predictable buyer from Middle East... I mean, really? Really? It was tremendously disappointing to read a novel where you just can't be made believe a single word of it. It all felt fake. The writer failed miserably in making me believe the story. The begining was a stretch, but as it voled, and the way Paddy's situation evolved... yeah, no.

Total waste of my 7 dollars and time. No story - no turn on factor- total disaster

---

### **~ Lei ~ Reading Is An Adventure ~ says**

☆☆☆☆

This is a dirty, hot read of Angus and Paddy's romance and how the Wild Side came to be.

Paddy doesn't bottom for anyone so Angus works his seduction and training skills. Something for everyone in this book.

### **Jo \* Smut-Dickted \* says**

I loved this one. I have not read any other of the Wild Side stories so I was a Brighton virgin. Not any more. Firstly the cover is freakin' awesome and very much like what I expect Paddy to look like. The blurb explains everything well - Paddy is a wild guy who got himself in trouble gambling and now has to pay the piper. The only way he can do that is to be sold off as a slave for the money. He is taken to the Bears Den for training. Angus owns the Bears Dean.

Paddy goes through many adventures but the fact he is a natural top really makes any sort of bottom training excruciating for him. From golden showers to felching to etiquette to lots of fuckin' - he does it and experiences it all. Still he has an anger that cannot be tamed. The Sheik that wants to buy him wants someone still seething with anger, hatred, and dislike. The problem is with Paddy that comes with a temper that would sooner have him beat the guy up as anything else. The challenge is to train him NOT to react that way and to willingly submit even if he hates it.

I won't spoil the ending which is fuckin' great but I loved Angus and Paddy together - and that little bit and the sexual tension were so high I could not put this down once it hit its stride - which, BTW, it really doesn't do until about 30%. It still got five stars because I grew to care about these characters, to want for them, to feel the need and the frustration. Great world and I cannot wait to read more stories!

---

### **Purplegirl says**

This is a love story. A love story with gangsters, slave training, felching, snowballing, double penetration, golden showers, whipping, under table blowjobs during dinner and probably every other thing you can think of. lol

Paddy was an adrenaline junky and fed it through gambling and sex. The gambling debts got him in trouble and he ended up being trained to be a sex slave to go up for auction so he could pay his bookie. Paddy is a natural top and has never bottomed but he had no choice but to train to be a bottom sex slave to pay his debt and save his mother.

In comes Angus and the Bears Den. Angus is the owner of the Bears Den and is in charge of getting Paddy ready to be sold to a Sheik who wanted a stronger type anal virgin slave. There is no other word for Angus but raunchy but he is also a smart businessman and likes Paddy. The story takes us through Paddy learning to be a bottom and finding that Angus is the one person he wouldn't mind bottoming for.

This happens 5 years before the other Wild Side stories. I totally enjoyed this story. I liked all the characters. Warning that it does go through all the BDSM scenarios but it is fun and had some seriousness to it as well. I first read about Angus and Paddy in The Wild Side of Christmas and liked the dynamic of the two men. I was happy to learn more about how they met and how they became to be Master and slave.

---

### **Faye Kennedy says**

LOVED IT.. The story of Paddy from his wild days to..well he meets Mr MacLeod. Can he tame Paddy? A fantastic story I couldn't put down You'll love Paddy as much as I did. Is Paddy a Master or a Slave..Recommended read..

---

### **Christine says**

Sort of a prequel to the "Tales from the Wild Side."

Poor Paddy, he's backed himself in quite a corner with a huge gambling debt..and he can't pay it back. So he's forced to agree to sell himself off as a sex slave to repay the loan, and to save his mother. But Paddy's a top -- an aggressively sexual dominant who's a anal virgin -- and determined to stay that way, thanks. On his way to the Bear's Den, the slave training center, he meets Angus McLeod, the owner, and his eyes are opened. He'd never imagined that he would meet someone who's as much of a top as he is, or that he would feel so at home in a place!

At the Bear's Den, Paddy meets Lachlan, one of the resident Masters who offers to become a mentor for

Paddy as he faces trying to manage his anger and aggression. While he welcomes Lachlan's help, it is the visits from McLeod that start to matter to Paddy -- he's discovering that emotional connections are becoming just as important to him as sex. It's rather sweet that after all the wild group sex, which happens very frequently, and in every imaginable configuration and combination, it's the quiet cuddling afterwards that he most treasures on his way to his HEA.

For those who may have issues: there's dub-con and non-con sex. There's water sports as well as lots of harsh, raunchy, gritty, down-and-dirty kink.

Unfortunately, there's also lots of word usage and grammar errors, which are annoying and avoidable.
