**A Little Bit Witchy** A.A. Albright

**There has most definitely *not* been a murder on the Riddler's Express.**

Aisling Smith is about to try out for a new job - a job writing for a paper she's never heard of. But seeing as she's currently writing classified ads and obituaries, it would be foolish not to give it a shot.

Riddler's Edge might be a small town, but it's definitely not boring. The train hasn't even pulled into the station, and already a woman has been murdered.

According to the grumpy but gorgeous Detective Quinn, the passenger's death wasn't a murder at all. He insists that Bathsheba Brookes died of a nut allergy. Aisling doesn't believe it for a minute. She intends to discover the real story - a difficult challenge, considering the town's inhabitants seem to be keeping some very big secrets.

Riddler's Edge is a town where people wear sunglasses after dark, and creatures howl in the woods. It's also a town where, despite the strange occurrences, Aisling feels right at home.

But even if she gets to the bottom of Bathsheba's death, Aisling might not get to be the Daily Riddler's newest reporter. There's one final, mysterious test that she must pass - a test carried out by the newspaper's owner. And Aisling suspects he might be looking for more than just a journalist ...

### **GREAT NEW SERIES!**

I am happy to say that this is going to be another great series, imo! And it's great to find another one! ?. I hope the series is as good as I hope it will be, based on the first book. I like Aisley, her spunk and feistiness, and that she's fitting in at her new town, job, and with her new friends. Great job! I like A.A. Albright books!

### **Lots a fun.**

If stubbornness a skyscraper, your lovely ash would be mount Everest. The story was a good easy interesting read. It has lots of potential. ?

**laura l lawrenz says**

### **A good read**

I enjoyed reading this book. Can't wait to get the next one to read. I think you'll also enjoy reading this book.

---

**Marlene Gorman says**

### **Great Read!**

Keeps your intention throughout the whole book, Hard to put down! The back and forth between the characters was stupendous? Was she or was she not a witch?

---

**ginger kemper says**

### **Great Read!**

This book grabs the reader with the first chapter and keeps you engaged till the finish. It draws you into the mystery. The characters have depth and I can't wait to see what's in store for the heroine in the next installment.

---

## **Leslie G Plummer says**

### **Great fun!**

Original, entertaining, can't wait to start next one asap! Main character Ash is sassy, fun and smart, lots of good characters and mysteries!

---

## **Carin says**

One of those books that captivate you from the start, with well fleshed out characters. Not your typical carbon copy urban fantasy.

---

## **Dharia Scarab says**

Since I don't normally write reviews unless I have something specific to say, here's the break down of how I rate my books...

1 star... This book was bad, so bad I may have given up and skipped to the end. I will avoid this author like the plague in the future.

2 stars... This book was not very good, and I won't be reading any more from the author.

3 stars... This book was ok, but I won't go out of my way to read more, But if I find another book by the author for under a dollar I'd pick it up.

4 stars... I really enjoyed this book and will definitely be on the look out to pick up more from the series/author.

5 stars... I loved this book! It has earned a permanent home in my collection and I'll be picking up the rest of the series and other books from the author ASAP.

### **Excellent book!**

I really enjoyed this book. The characters are all well thought out and there is more than one mystery within these pages. I love Ash! She has a dogged stubbornness to her, but she is so likeable! I really hope there will be another in this series.

## **Krystyna says**

Will she pass the probation period?

Wonderful start to a new spin off series. Although she hasn't let the fact that she's an orphan get her down, the fact that she can't work as an investigative reporter does. However the new job might be just the answer she's looking for. Just as she's close to arriving at the village where she is to work a death occurs on the train. Why are some of the resident's strange, what is the strange mist she keeps seeing, what is the actual reason for her job offer? Will she get any answers whilst she looks into the death or will her new job be cut short by death. Great new characters, loads of different supernaturals all wrapped up in a plot that will not only have you changing your mind about the killer but also wanting to find out more about her origins. A terrific read.

### **A Little Bit Witchy**

This series of Riddler's Edge is just as good as the author's other witch cozy mystery. I love how the main character is introduced and the story line begins and how everything starts coming together. Now into the second book.
