## **Arrows & Angels** Kristin D. Van Risseghem

Kieran's job of being a guardian angel is straightforward: observe and learn—and don't intervene in their lives. But then he watches as his first charge dies at the hands of evil while he does nothing to help.

Overcome with grief and doubt, Kieran flees back to the safety of heaven. With guidance from his mentor, he learns all he can about the Battle of the Fallen and the creation of evil itself. With renewed determination, he vows he will save the Ordinaries in his care.

The rules of being a guardian angel have not changed, but Kieran has. Returning to earth, only Kieran knows how essential it is to find and protect one 17-year-old girl. The girl who can thwart the Devil's escape from his prison and the start of Armageddon.

## **From Reader Review Arrows & Angels for online ebook**

### **Cheryl says**

Ok I just finished Arrows & Angels and I cannot wait to read what comes next!! Of course I love angels & fairies. Kristin brought them together on a path searching for a savior...a female like none other...only the devil can thwart their plans.

I REC'D THIS ARC EBOOK FOR FREE FROM THE AUTHOR WHICH HAD NO INFLUENCE ON THIS REVIEW. I WAS UNDER NO OBLIGATION TO PROVIDE A REVIEW

---

### **Dan says**

If the other books are as good as this novella, then I will be devouring them as well. The characters were well written, even the brief encounters. The pacing was just right. This served as a great introduction to the series, and I cannot wait to read more.

---

### **Thi says**

This was a good read. There were some parts that dragged here and there but all in all a good read.

---

### **The Mysterious Reader says**

I discovered Kristin D. Van Risseghem's Enlighten series before it was a series, having bought and read Swords and Stiletos (excellent, by the way) when it was still called The Guardian, A Sword and Stiletos. Since I enjoyed that book so much it's no surprise that I jumped at this prequel. Well-written, it does a great job of filling in the backstory. For anyone who is going to follow the series, I'd strongly recommend it. The book can easily be read after Swords and Stiletos, as I did, but I'd not consider this a true stand-alone. If you've not already started the Enlighten series then don't start this prequel unless you're set to immediately turn to the series itself.

Enjoy.

### **Kristy says**

I really enjoyed this novella & finding out about Kieran's past. I'm curious to find out more about Sidelle's past and more about the world the author has created. If you enjoyed the other books in this series you should definitely read this book too. Even if you haven't but you like fantasy books you should check this book (& series) out.

\*I received a free copy of this book in exchange for an honest review.\*

**Ashley Martinez (ilovebooksandstuffblog) says**

This is the first book I've read by the author and I really enjoyed the introduction into this new world and series.

I loved how history was intertwined throughout the story and Kieran's journey.

I can't wait to see what happens next.

I voluntarily reviewed an arc from the author.

---

**Joanne Hampton says**

Good angels among us and bad angels also. What do you need a guardian angel for? It sure doesn't hurt, maybe helps. Angels looking for a special girl but where is she? She will need a guardian angel through life. Cute storyline, good book.

---

**Tanya says**

he is an angel, he is suppose to only watch and learn. he sees his first charge in trouble and dies without him helping. he flew back to heaven and buries himself in his grief. then he comes to and goes to help another but this times he was going to help. will he fail? will he succeed? see what will happen this time

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

**Caroline Doig says**

I received a copy of this book from Booksprout and I voluntarily leave my review.

This is the 1st book I've read and reviewed for Kristin. D. Van Risseghem. This is the prequel to the series and it's told from the guardian angel Keirnan's perspective. Keirnan was told to go and protect the redeemer Zoe. The author says it all in her blurb so I don't need to add anymore. I recommend that you get this book it's a good read. I loved that it was from the guardian angel's perspective and all that he went through. I recommend this book.

---

**Jamie Penwell says****Such a great back story**

I love how this story goes everything together giving you a back story on how things started. I love the ending. It's so sweet.

---

**Michelle VanDaley says**

I already read Book 1 of the Enlighten Series so I was excited to read this prequel. It does a marvelous job at showing the reader Kieran's journey leading up to and including how and why he was chosen to guard Zoe. I love how the Author paints a vivid picture of early earth and how Kieran learned more and grew with each person he met. I highly recommend this series

---

**T.L. McDonald says**

Having already read the first two books in the Enlightened Series, I was super excited to get my hands on this prequel. And believe me it did not let me down. I loved learning more about Kieran's backstory and his experiences on earth as he awaited the birth of the redeemer. Some of my favorite parts were the scenes between he and Sidelle. There's definitely some chemistry there... I'm also intrigued to see where the story will go as far as Morgan is concerned. I can't wait to see where this series will go next.

I received this ARC book for free from the author, which had no influence on this review. I was under no obligation to provide a review.

---

**Alex Latham says**

Book 77 complete.

---

**Saundra Wright says**

Fans of the series will enjoy this chance to learn more about Zoe's bestie however I found it a lot heavier on Christianity and lighter on plot than the first book. It does fill in blanks for followers of the characters if you are willing to overlook the dogma. I received a free copy of this book via Booksprout and am voluntarily leaving a review.
