Love Child Kat Austen

Abel Lockwood would do anything to become a father—including hiring a company that matches donor mothers with prospective fathers. Love Child caters to wealthy bachelors who've been unsuccessful in creating a family through traditional means. Despite Love Child being an unconventional route to take, the conception takes place exactly the way nature intended.

Nearing forty and still single, Abel has accepted he won't meet the right woman to marry and have a family with, so Love Child is his last hope for becoming a father. He's gone through the files of the potential donors and handpicked one perfect candidate to create his baby with.

The moment he comes face to face with Adeline Matthews, Abel knows she's the one. But not just the one he's hoping to make a baby with. She's the one he's hoping to create a family with.

2* hard to love STARS!

Definitely not my cuppa. I know I went against the current. I thought this will be dirty and filthy with a lot of dirty talk like the previous (Educating Emma) but... I don't know if I should cry or laugh. The blurb 'trapped' me to read it. Kat Austen is a new author for me and I still waiting for her next release.

Sorry to say but this one is really like Alexa Riley's vibe. Alpha male and virgin heroine and breeding like a rabbit. The insta-love didn't work for me and there is no chemistry. I couldn't feel their connection. It was hardly believable story but again, this is maybe only me. I guess I will stick to dirty and filthy story for the next. Sweet and fairy-tale like isn't my cuppa for short story.

Abel and Adeline...where to start?

As the blurb already says, Abel would do just about anything to become a father. His yearning for his own child is so strong that he decides to hire Love Child, a company that matches donor mothers with prospective fathers and the conception of the child is done the traditional way. Now, I'm not entirely sure how I feel about this company's policy but I'm happy Abel found a way to make his dreams a reality with the help of it. By choosing from his files of the potential donors that would carry his child, he chose not only the mother of his child but also the woman who would make his dream of a real family complete. Only problem is, how does he convince her that *he's* the right choice for her?

Reading this story definitely reminded me of Alexa Riley books. They are simply fun to read and make for a great read when you're in a mood for a quick story. Also you know what to expect. You know there is going to be insta love/lust, a hint of angst and lots of sexy scenes. On top of that, these kind of stories do have a

nice plot line that is executed right and not just half way through.

What I really liked in Love Child is Adeline's character. She's so down to earth and know her worth. She's a farmers daughter that knows what hard work means and to be honest, I could totally connect with her, since I also grew up on a farm. There is always so much work and when you move to a city, you still have the drive to be in constant motion and just want to do something with your time. Also, she's a girl with such a big heart. So no wonder Abel ended up feeling the way he did about her. And as for Abel, I liked him. He's a workaholic but that slowly changes. He really wants to be a good father and wants Adeline to know that. I was a bit confused about his sexual past, since at the beginning of the story and also the blurb itself says that he tried to have a child the traditional way but was unsuccessful. But by the end of the story we find out that (view spoiler). So that definitely confused me. But oh well, I like to think the later.

All in all, as already said this is a quick fun read and I really enjoyed it. I would recommend it to readers that love smuth stories and are looking for a good time.

IT'S LIVE!!!

This story was absolutely BEAUTIFUL!!!

Yes, the plot concept is a bit outside de box, which was so refreshing, but it was perfectly executed and I loved every second of it!!!

Abel was the absolute perfect hero, and ladies, be prepared, with this combination of sweet, sexy, dirty talker and wanting a BABY... Ovary explosion guaranteed!!! That's all I'll say on him. It went directly to my list of best book-boyfriends! Sigh...

She wasn't just the most beautiful thing I'd ever seen—she was the most beautiful thing to have ever been created. Sweet smile, angelic face, innocent demeanor—perfection was hovering ten feet in front of me.

Adeline was just as amazing, strong but innocent, and just as incredibly sweet and loving. Truly born with a nurturing nature: the perfect match for Abel – which he realized at very first sight. And fought for, with everything within his power.

I'd never expected to find someone like Adeline through an arrangement with Love Child, but here she was, everything I'd ever wanted. Everything I'd been looking for. Willing my body to mate with hers, begging me to give her the kind of pleasure no man had, offering to create a child with me so I could know the gift of fatherhood. Adeline was so much more than the mother of my child. She was the great love of my life.

And the chemistry, Lordy... These two were so HOT together, as they were incredibly sweet!!! Yes, they had a 'mission' in their hands (LOL), but that didn't detract from the sizzling scenes, quite the contrary! Since they were emotionally invested in the very start, this extra element added a loving and caring layer to the steaminess of the scenes. And this dirty talking was the perfect cherry on top (pun intended)! ;)

"It's taking every fiber of willpower I have in my possession not to lay you down right here on the kitchen floor and plant my baby in your virgin womb."

And that delicious twist almost by the end, that is becoming Kat's trademark, couldn't have been a better surprise!!! I'm completely addicted to Kat Austen's fantastic stories and I can't wait for the next! In my opinion, this one was PERFECT!!! <3 <3 <3

Last night had been about more than our bodies colliding; our souls had as well. Some part of him was inside me now. The same was true for me being inside him.

3.5 Baby Making Stars

Pushing my finger inside, I didn't make it far before I realized she was right. My finger barely fit. How in the hell was I going to fit the beast begging to have his way inside of this snug channel?

That's the age old question, isn't it?

It'll come as a surprise to no one that he did eventually fit his trouser snake deep within the depths of her love channel for some baby makin' action.

Love Child is pretty much exactly what I've come to expect from my quickie KU reads. Both MCs experience the instalove phenomenon upon meeting and don't waste much time moving her in and getting down to business. I did appreciate the fact that Abel was the farthest thing from a manho and was saving himself for the mother of his child. Definitely not something you see everyday, but I commend him for keeping his beast leashed for all of that time.

5 PLUS STARS

This has got to be the safest book ever!

I mean wow both of them are virgins!?

Now, I was scared because the whole giving up your baby thing, but that turned out to be more of a complicated issue.

There was way more to this child making business.

How special is their relationship when they both feel the pull to each other.

This is a total keeper and I loved it.

If this is how this series plays out then I am in and I will look for other books by this author. I love an author who writes about first love and being true to yourself.

Hero falls for the heroine and the heroine falls for the hero.

No OM or OW drama.

They are both each other's one and only.

What more can I say everything about this book was sweet and sexy!

A pleasure to read and I may read it again soon.
