### **Mely says**

This is why I like books by Audrey Wood and her son Don. This is such a silly, ridiculous book but it's so good you can't help but love it. My two-year-old got a kick out of reading this book and what a surprising ending (though a little odd)

### **Valerie says**

bright and colorful, short sentences of rhyme. Some confusion as to the picture not relating to the text. Hmm. Ok, so now I see there are three stories contained within this very short picture book. However, confusion with the big number three as the text reads..."at half past nine..." Maybe smaller chapter numbers or putting them on pages separate from the actually story...

I enjoyed reading this book, it was an easy read. This pig does it all, from getting dressed, to dancing, eating, swimming, working, taking a bath, painting, counting, and even reading. I think that this would be a good book for younger children to read or be read to. I like how the pictures pretty much tells what the sentence is about on that page. I would be more than willing to read this book to a kindergarten class.

Three tales of Piggy Pi Po, and all the different things he can do, and how smart he is, and how he makes a pig of himself when goes to dine at half past nine.

### **JennE says**

Not my most favorite Wood book, but who can resist cute Piggy Pie Po? Three short rhyming stories combined in one book that younger children will enjoy. The best line?  
Piggy Pie Po likes to dance when he wears his party pants.

### **Viviane Elbee says**

Henry will read and re-read anything by Don & Audrey Wood a million trillion times. This one has a fun rhyme to it.

Having two story time performers is great when sharing books. Each performer traded off reading one page, then the other.

Piggy Pie Po likes to dance (voice 1)  
When he wears his party pants. (voice 2)  
If he wears his rubber fins (voice 1)  
Piggy Pie Po swims and swims. (voice 2 as performer 1 leads group in swimming motions).  
When he wears his yellow coat (voice 1)  
Piggy Pie Po likes to boat. (voice 2 as performer 1 leads the group in singing the action song "Row, row, row your boat").

And so forth. We find that doing lots of actions helps keep the group focused (we'll often have fifty or more children attend) and action songs help keep the performance energized. By the way, the bigger the group, the better!

### **Lorien Rhys ~ Live for tomorrow says**

Alrighty. So I read this book cause it was dare that Emily and I did. It's a children's book and was only a couple sentences on each page. I guess it was fine, but I'd much rather read YA then a children's book.

These three little stories about Piggy Pie Po are fun little stories: about the activities he does in different clothes, the things he can do, and snack time.

Audrey Wood is one of my favorite children's authors. I would gladly read anything she has written. I love it most when she is working with her husband, illustrator Don Wood, as she has done here. As it with all her books, Piggy Pie Po, has a wonderful sense of whimsy and rhyme, brought out by the tale as well as the wonderful illustrations. In my reading of this book, to the children at the library book time, this is one they asked me to read twice. I can think of no better praise.
