## Southern Love: The Complete Series Synithia Williams

Feel the Southern heat with this steamy contemporary romance trilogy! When love comes unexpectedly to a trio of South Carolina couples, hard choices and complicated decisions must be made. But the heart wants what the heart wants . . .

*You Can't Plan Love:* As much as she believes she can plan her future, it's hard for Kenyatta Copeland to ignore the way her boss, Malcolm Patterson, ignites her passions with just one look. *Worth the Wait:* Playboy Jared Patterson seems like the perfect candidate to help Tasha Smith lose her virginity. What starts out as a one-time thing quickly turns into an affair neither wants to stop - even when it might get in the way of their futures. *A Heart to Heal:* Ignoring rumors, disapproval from family and friends, and promises to avoid each other, Shayla Monroe returns home and becomes friends again with her ex . . . then lovers. Devin wants all or nothing - can Shayla risk damaging what's left of her reputation? Sensuality Level: Sensual

**Southern Love**

Steamy! It's the familiar story of sexual tension turning into everlasting love. I liked how the stories were intertwined. Needed a little more editing, which stopped the flow, but otherwise okay.

I enjoyed each book in this series more than expected. I anticipated each story would be hot & steamy...What I didn't see coming where the dramatic twists & turns in "Can't Plan Love", the emotional roller coaster ride that is "Worth the Wait" or the frustration I felt reading "A Heart to Heal".

The characters were so well developed, so real, that I could visualize them as I was reading. I felt like I was experiencing everything along with the characters. I also enjoyed the pacing of each book & the way each story unfolds.

I gave the series four stars because there are some editing issues. It didn't distract from the story in my opinion. I would read more from this author.

**Lucky in Love**

This compilation makes me want to pack up and move to a Southern town to find love. The women in the novels are strong and independent with careers. Although there were people, obstacles, and situations that would make it hard for anyone to find love, these couples worked toward much deserved happiness.

**Good reads**

All three were full of ups downs and twist and turns I love his they subtly tied into one another. And of course the updates on the previous charters were great. My heart skipped around a few times reading these. The way the author built the suspense and then just pushed it over the hill was A-mazing. I love feeling like I'm watching the movie screaming at the TV when I read. (yes I screamed at the kindle). But this was perfect in all three, the tone was classic a lot of the stories but the way its developed and portrayed made them great for any true reader. Really good reads.
