Surviving Chaos Ryan Westfield

How much could you take?

Society continues to unravel. Supplies are low, and the survivors are more desperate than ever.

Max is on his own, without food or water. A day's journey has turned into four days and four nights. If he can't find the gas they desperately need, what will happen to his friends back at camp?

Georgia and Mandy wait for Max to return. Without food, they struggle daily. At any moment, the enemy could appear. Weakened by her injury, will Georgia be able to lead the defense of the camp? Will the others have enough strength to follow?

John and Cynthia are trying to track down Max. With Dale's help, they've made it to the compound. But when they mention Max's name, tensions quickly rise. Will they be able to get out of what they've gotten themselves into?

Surviving Chaos is book 4 of The EMP, a post-apocalyptic survival thriller series. It deals with real people fighting for their survival every inch of the way.

Uncle Dave Avis says

Surviving Chaos is another really good read from this gifted author. In this book 4 of the series, the different groups of characters find themselves faced with challenges they never dreamed they would encounter. They find new strengths to overcome starvation, loneliness, the ability to kill to protect companions, and the endurance they never thought possible.

They also seem to be coming together from disparate directions, leaving the reader hopeful that at some point they will all meet up and form a small survivable community.

I'm really looking forward to the next book.

I highly recommend this book for your entertainment.

Shannon Maki says

Awesome Read!

I enjoy Ryan Westfield's writing style. There is constant action all the way through. His books are never dull. Thanks for the great material! ?

Brenda B says

Another winner

I really enjoy these books, they never last long enough though. About the time I am done I forget the characters and it takes me a chapter to remember. But they are worth it!

sharon sinor says

I was engrossed in this book and love reading this author. I plan on reading the next book in the series.

Frank Dupree says

What's Next For Max & The Crew?

This book has the same style. Not polished, but a good story that keeps you reading! I can't believe I've read 4 books so quickly! I suggest you read them and start to Pray for God's Mercy that we never experience an EMP - But get as prepared as you can!

Part 4

It's an interesting story. I suggest that Ryan put in a preface as there is a lot to remember from story to story. This book starts where book 3 left off and the intensity keeps going.

RadioFlyerTX says

Great storyline and believable heroes

Had to give it only four stars because the books though well written and with an intense storyline have flaws from poor editing and proofreading.

I still highly recommend this series to bibliophiles who love a good thriller.

Denise Sparks says

The Action Continues

The Title is apt as John and Cynthia survive all types of threats to staying alive. Max, Mandy, Georgia, James and little sister also deflect threats to their survival. The Action is

Tina Beshears says

I loved this whole series! I can't wait for the next book!

Fast paced, lots of action. It's hard to put it down because every chapter is a cliffhanger. I hope there are a lot more books in this series to come.

Paul Rawlins II says

The first sentence on the back of the book is "How much could you take?". That pretty much sums up this entire book - it's a struggle. NOT to read, but for all of the characters that you've grown so attached to over the previous 3 books. I think this is the most fast paced and action packed book in the series so far, definitely a page turner. Ryan Westfield did a great job with this one, I can't wait for the 5th book to come out.

Paul says

Society has unraveled, the supplies are low and everyone is desperate. At any moment an enemy could show themselves. It is a daily struggle to stay injury free and fed. How will they survive the next day. Or maybe even just the next few hours ?

MYRON FAHIE says**Great book**

I have read some very great books and this certainly ranks among the better ones hence my rating of four stars. I recommend that anyone who likes to read a good book to get started on this one right this minute.

Heather Herbst says**Page Turner**

Some of the dangers may be exaggerated, or are they?. Enough suspense to make me read want to read more. What will happen next? Who will they come across? Can't wait to find out.

Mary Ann says

After escaping the community Max leaves the others to care for Georgia while he goes to find gas. Chaos ensues. Meanwhile John, Max's brother, and companion find enough trouble on their own world. Will ever the brothers meet?

Jeanette says**Chaos...**

This series just keeps getting better. Our friends seem to be in trouble. They're out of gas, Georgia is wounded and they have very little food. They are trying to make it to the hunting grounds in a national forest.

Max's brother John is also hunting him. With more bad people and depravity around every tree. They've lost Dale and now Kiki..where is she?

This has been a really good storyline. Lots of action, so hard to survive.

Will John find his brother? Can't wait for the next book!?
