Kate Lancing wins the state lottery after making an off handed promise to buy a picturesque Craftsmen Cottage out on the other end of the state. A cottage that seems to be calling out to her for help. And a ghostly figure that will not let her be.

Kate buys the Cottage and finds she's bought more than just a large five bedroom house. She's bought a mystery and a ghost. Now she has to find out who the ghost is, how she died, and what in the world she wants Kate to do about it.

Helping Kate in solving the mystery is a Nick Ventura a Big City Cop turned Newspaperman, and a long lost cousin, Ian Clancy. From the moment they start trying to find answers, Kate becomes a target from an unknown assailant.

Can they solve this mystery before Kate becomes ghost number two?
